SCHOOLS CLOSE TWO DAYS NEXT WEEK FOR M.E.A.

Vacation Schedule Set—New Stoker Purchased at Meeting of Board

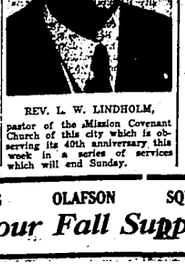
Thursday and Friday of next week will be holidays in the local schools, this vacation being authorized by the board at its meeting Monday night in order that faculty members might attend the M. E. A. convention in Minneapolis. The closing hour is advanced to 3:00 o'clock Wednesday.

Because of the delayed opening date this year a revised schedule of school holidays was also adopted. There will be a two days Thanksgiving holiday, November 28 and 29; the usual two weeks at Christmas; three days at Easter, Memorial Day. The school year will be extended one week to June 6, which will provide the required 172 days.

A bin fed stoker was purchased from A. J. Borry at a cost of $1,973 which includes the cost of moving one of the present stokers to a new furnace connection. Insurance on the garage building was awarded to Richard Mosby.

The board authorized a hot lunch service for the Knox school due to the concentration of rural children in this building.

T. R. F. CIRCUIT OF LUTHERAN GROUP MEETS AT VIKING



Iowa Pastor is Main Speaker at Session to be held Next Tuesday

Rev. Nelson Preus of Onawa, Iowa, much in demand as speaker for special occasion in the Evangelical Lutheran church will be guest speaker at the fall convention of the Thief River Falls circuit to be held at Zion Lutheran church in Viking Tuesday, Oct. 22. With the forenoon session beginning at 10:30 a. m., Rev. H. B. Mathison of Greenbush will deliver the confessional address at the communion service, and then dinner will be served by the Viking ladies aid.

Rev. Preus' address based on the theme "I Believe in the Bible", will feature the afternoon session, which is scheduled for two o'clock. The Iowa speaker, who spent some time teaching school before entering the Luther theological seminary in St. Paul, has served on the faculty for several Bible camps throughout the country, and those who hear him will long remember his inspirational and educational messages.

Following the convention on Tuesday, Rev. Preus will remain in Viking to bring a service and message each evening from Wednesday through Friday and again on Sunday morning, Oct. 27. Special singing will be given by the ladies chorus of Bethlehem; the Viking choir, and others while a group of young people from Bethlehem church will present a special choral reading. The L. D. R. girls of Viking will sponsor the Friday evening program and serve lunch.

NEW OFFICIALS ARE INSTALLED BY TOASTMASTERS

Area Officer Present for Program at Rex Cafe Monday Evening

New officers of the Thief River Falls chapter of Toastmasters International were installed formally at the regular meeting of the club Monday evening which was attended by wives and guests of the members. Glenn Ahre, newly elected president was presented with the charter, gavel and by-laws by retiring president Jim Roche and in turn presented his predecessor with the past president's pin.

Other officers installed were Wallace Carlson, vice president; Glenn Christie, succeeding himself as secretary, and Walter Ekeren as sergeant-at-arms. President Ahre, in appointing various committees, presented an interesting program of advancement for the club, both locally and internationally.

Mr. J. C. Woodward of Moorhead, Minnesota, Lt. Governor of Area 1, District 20, of Toastmasters International, presented the program of achievements of the International organization will enable the club to accomplish. He urged the local club to try to achieve the coveted "Club of the Year" award, as the enthusiasm exhibited by the club "seems to know no bounds". Mrs. John Lynsky was called upon to speak for the ladies present.

It was tentatively agreed upon to back Winnipeg in its bid for the International Convention in 1949 with the slogan "Peg for Winnipeg-Fine for 49". The Winnipeg club is a member of District 20, the only District in the International organization with the distinction of embracing parts of two countries.

Civic Center Plan is Backed by Rotarians

Rotary Club members acted favorably on the civic center plan at its meeting Tuesday noon. Dr. O. F. Molby and Roy Oen explained the program that has been recommended by the city planning committee and a motion to approve this plan prevailed. Congressman Hagen spoke briefly on the Red Lake River development project and J. C. Woodward of Fargo, Toastmasters official, explained the purposes of that organization. Frank Tunberg, captain of the Rotary community fund team, announced the names of members who would represent the organization at the "kick-off" breakfast Monday.

Council Grants $15.00 Increase in Wages to 40 Employees of City

Forty city employees were granted a "cost of living" wage increase of $15.00 a month at an adjourned meeting of the Council Thursday night. PURCHASE SITE FOR OLD FOLKS HOME HERE

Tract of 16½ Acres South of City Bought by Associated Group

Following a mass meeting at the Trinity Lutheran church Friday evening and a meeting of the Northwestern Minnesota Lutheran Charity Association Monday morning, trustees of the corporation voted Monday afternoon to acquire a tract of 16½ acres of land south of the city as a site for a Lutheran Old Folks Home. Purchase price of the tract was $5,500 on which a down payment of $500 was made, the balance to be paid in annual installments of $1,000.

Although actual construction is not expected in the immediate future it is thought that steps will be taken at once to secure plans for the development. A cottage plan institution is favored at this time. The site joins the Oakland Park Sanatorium on the corner between the old highway and the river, and is considered ideal for this type of settlement.

The Lutheran Charity association is an organization of northwestern Minnesota Lutheran churches affiliated in the American Lutheran Conference, and includes several synods. This association was formed a year ago to consider the need for homes for the aged and other charities. Trustees elected at the corporation meeting Monday morning are C. M. Gudim, Newfolden; S. Johnson, Hazel; Paul Lundgren and William Morell, Thief River Falls; Rev. O. Fjelstul St. Hilaire, and Arthur Hogberg, Halock.

Other trustees whose terms carry over are, Rev. G. S. Thompson, Rev. Walter M. Petersen, Rev. C. F. Johnson, F. E. Ekeland, Silas Erickson and Erwin Maki. Officers for the coming year are Rev. G. S. Thompson, president; Rev. Walter Petersen, vice president; Rev. C. F. Johnson, secretary, and William Morell, treasurer.

Trinity Nuptials on Saturday for Bernice Berge-Albert Lafrenz

At a simple candlelight service read at Trinity Lutheran church Saturday, Oct. 12, at 4 o'clock, Miss Bernice I. Berge, daughter of Thomas E. Berge of this city, became the bride of Albert Lafrenz, son of Mrs. A. Lafrenz of Lidgerwood, N. D. The double ring ceremony was prompted by Rev. G. S. Thompson at an altar decorated by candelabra, palms, and basil white chrysanthemums.

The attendants, Mr. and Mrs. George E. Berge of Minneapolis, are brother of the bride and sister of the groom. The bride was given in marriage by an uncle, A. M. Bingham of Buxton, N. Dak.

Preceding the ceremony a brief program of nuptial music was played on the pipe organ by Mrs. Mildred Hamilton. Selections included "At Dawning," "Because", and "I Love You Truly," after which Miss Sylvia Borchert sang "O Perfect Love". Miss Borchert sang "The Lord's Prayer" during the altar service, and Mrs. Hamilton used the traditional wedding marches.

The bride wore a floor-length gown of white Chantilly lace with peplum, high neckline with small collar piped in taffeta, and self-covered buttons to the waist. She wore a fingertip veil of imported English illusion with beaded tiara. Her bouquet was of pink roses, white pompons with maline and streamers.

A blue floor-length dress was worn by the bridesmaid. The bodice was of Chantilly lace with sweetheart neckline, and the skirt was of marquisette. She wore a shoulder-length veil of blue illusion and carried a colonial bouquet of pink roses, white pompons, and blue maline. The groom's mother wore black with a corsage of red roses and pompons.

Following the ceremony a three course wedding supper was served at the Rex Cafe terrace room for immediate relatives. The table was centered by a three tiered wedding cake trimmed with pink roses. Bouquets of white chrysanthemums served as decorations.

The bride is employed by the Northwestern Bell Telephone Co. in this city, while her husband is with the Great Northern Railroad, Willmar division.

Following a trip to Minneapolis and Lidgerwood, N. Dak., the couple will make their home in this city. For going away, the bride chose a suit of black with matching accessories.

Those from out of town included Mrs. A. Lofrens of Lidgerwood, N. Dak., Misses Maudalen and Jeanie Lafrenz and Mrs. Albert Bladow, Jr. of Hankinson, N. D., and Mr. and Mrs. A. M. Bingham and son Stuart of Buxton, N. D.

Harold Burrell Takes D. O'Neill as Bride at Ceremony in Oklee

The home of Mr. and Mrs. Owen O'Neill of Oklee was the scene at a double ring ceremony Thursday afternoon, Oct. 10, when their daughter Donna Belle was married to Harold J. Burrell, son of Mr. and Mrs. James A. Burrell of this city. Rev. J. K. Larsen performed the ceremony at 3 o'clock in the presence of 60 close friends and relatives.

The O'Neill home was decorated with mums, asters, bittersweet, and other fall flowers, and the bride and groom spoke their vows beneath an archway of autumn leaves. Mrs. Andy Knutson played "The Bridal Chorus from 'Lohengrin,'" and she also sang "O Promise Me."

The bride, who was given in marriage by her father, wore a gown of heavy white duchess satin with full entrained skirt and a fingertip veil caught by a tiara of seed pearls. Her bouquet was of red and white roses and carnations, and her only ornament was a double strand pearl necklace, gift of the groom.

Mrs. LeRoy Rupprecht of this city was bridesmaid in a gown of pale blue net over taffeta with which she carried a bouquet of pink roses and white carnations. She also had pearl earrings, a gift from the bride. Mr. Burrell, brother of the groom, was best man.

A reception was held at the bride's home immediately following the ceremony. A tiered wedding cake topped with bridal figurines featured the refreshments.

Mr. and Mrs. Burrell left on a wedding trip to St. Paul and will return Saturday to make their home at 230 Merriam Ave. N. in this city. For travel Mrs. Burrell wore a brown and beige striped wool suit with harmonizing accessories.

Those from this city attending the ceremony were Mr. and Mrs. James Burrell, Mr. and Mrs. Mellford Burrell and Bonnie, and Eileen Froseth.

The bride, graduate of the Oklee high school in 1941, attended Anderson's business college in Grand Forks the following year, and until last May was employed with the Larson Company in this city. The groom, graduate of Lincoln high school in 1938, is employed at the Peppler Piano & Furniture Co.

Joan Nona Airhart Is Wed in Warren Church

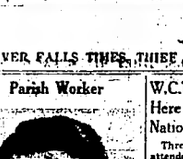
Miss Joan Nona Airhart, daughter of Mr. and Mrs. W. S. Airhart, and Harvey B. Bergeron, son of Mr. and Mrs. Earl Bergeron of Argyle, exchanged marriage vows at Warren Tuesday morning, Oct. 1, at 8:30. The nuptial Mass was said by Father Mulvey at the St. Peter and Paul Catholic church.

The bride's attendants were her two sisters, Mrs. James Schantzen, matron of honor, and Miss Bernadette Airhart, bridesmaid. Mrs. Schantzen wore the satin gown she had at her own wedding six years ago, while Bernadette had a white sheer rayon formal. Both had white chapel veils and carried bouquets of asters. Ralph Bergeron attended his brother as bestman, and Daniel Mynawski and Dale Fournier ushered.

The bride, who entered the church on the arm of her father, was gowned in white satin. The dress was fashioned with high wrist-length, gathered bodice with lace yoke, and a pearl beaded neckline. Her full skirt extended to a lace inserted train, and her fingertip veil was held in place by a coronet of orange blossoms. She carried an arm bouquet of red roses.

Organ music for the ceremony was furnished by Jimmie Ovsak.

A wedding breakfast was served at Hotel Warren for the wedding party, and a three o'clock dinner was served to 40 guests that afternoon. In the evening a dance and reception was held at the Argyle hall.



The bride has been employed at the Red Owl coffee bar in this city the past several months. The groom, veteran of World War II, served as a marine in Saipan, Tarawa, and Tinian, being wounded three times. He served as President Roosevelt's body guard and was also an honor guard at the President's funeral.

Services Monday for Former Holt Resident

Funeral services were conducted Monday at Mahnomen and at Holt for Oscar Hanson who passed away suddenly at the home of a son Melvin. Rev. J. M. Langeme was in charge of services in the morning at Mahnomen, while Pastor Urness officiated at the Nazareth Lutheran church in Holt that afternoon. Burial was made in the Ridge cemetery, Holt.

Mr. Hanson, born at Prestegaard Norway, Feb. 1, 1872, came to Chicago, Ill., as a child, growing there to manhood. In 1902 he came to Holt, where he homesteaded and operated an elevator for 12 years. He was married to Paulina Ring, and in the year 1924 they began farming near Mahnomen. His wife died March 6, 1936, and a son Carl died last July.

Left to mourn are eight children, Louis, Melvin and Albert of Mahnomen, Harold of Warren, Clarence of Grand Forks, Alfred in the navy Mrs. Clifford Brunsburg of Grand Forks, and Gladys of St. Paul. There are ten grandchildren.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

The talking movie celebrated its twentieth anniversary this year. In terms of salaries, values of theatres, cost of production, and technical developments, the movies rank as a major industry. For many children and adults the moving picture is the most popular type of recreation. Certainly the movies are well entrenched in present day life.

Not only are the movies a popular form of recreation; they are important in teaching. The armed forces used thousands of specially made films to supplement lectures, demonstrations, and text books. Many schools made wise use of movies and film strips along with other teaching materials. Most colleges engaged in the training of teachers give courses in the effective use of such "visual aids".

How the commercial movies affect children of various ages is a subject of concern to thoughtful parents of years ago. The Payne Fund was established by the Motion Picture Research Council in cooperation with a number of educators and psychologists to determine the effects of moving pictures upon children. A series of studies was designed to answer the following questions: What do children learn from the movies, and how much do they remember after a period of time? How much effect do the movies have upon the behavior of children, either in a desirable or undesirable way? How do the movies effect children's attitudes toward "significant social concepts, standards and ideals"? Do the movies influence children's emotions, either in a wholesome or harmful way? What effects, if any do the movies have upon children's health. In short, how do the movies affect children's (1) information, (2) attitudes, (3) emotions, (4) health, (5) conduct?

The Payne Fund studies were carried on between 1929 and 1932. These studies are the best and most extensive, which have been made and the results are still pertinent. In the next few articles in this column we will present some of the findings and their implications for the education and welfare of children.

WAC Lies Five Hours in Snow With Broken Leg

VALLEY FORGE, PA. — WAC Lt. Bertie S. Roberts, 27, of Colquitt, Ga., strikingly related in Valley Forge general hospital recently how she lay five hours in a snow-blanketed countryside with a broken leg after bailing out of an airplane.

She told how she dragged herself to a farmhouse by digging her elbows into the snow, found the house vacant and feared that she might not be discovered for days.

Finally, she heard voices shortly after midnight and called to a search party of six men.

"They were grand," she said. "One man took off his boots and put them on me. I still have another one's gloves. They crowded around and tried to make me feel comfortable and kept saying nice things like, 'What courage, what courage.'"

Lt. Col. William K. Kyes of Pittsburgh, the pilot, said that he lost his way in the snowstorm, ran out of gasoline and told Lieutenant Roberts to jump when the plane was four miles south of Pottstown.

He jumped afterward and landed unharmed, but dangled 40 feet from the ground for two hours before farmers got him down from a tree in which his parachute was caught.

Atom-Test Atoll Found by Russian

Another Red Gave First Account of Bikini.

HONOLULU.—It was a Russian, in 1825, who discovered Bikini atoll, site of atomic bomb tests.

Another Russian provided the first recorded account of this obscure but vast sheltered lagoon in the Central Pacific.

Otto von Kotzebue of the Imperial Russian navy, found the atoll on October day 121 years ago on his second voyage across the Pacific. He named it Eschscholtz, for the naturalist on the expedition.

Captain Chramtchenko, one of Kotzebue's lieutenants, revisited the southern portion of Bikini during one of several return voyages.

Chramtschenko started the recorded history of Bikini with the following account in his journal:

"Next day we came up with an island, named by the charts Eschscholtz island. At noon, December 19, 1850, we were close inshore. Could see 12 islands lying in an east-west direction."

"We being about the center, stood for a channel three miles in width between two islands." (Believed to be Rukoji pass, through which the target fleet may pass.) On getting nearer, we could see bottom stretching across; sent a boat to sound; found 11 fathoms and sailed over.

"We tacked and stood out, speaking a canoe on the way, with a chief on board, who informed us that the name of the group was Bikini. We cleared the western extremity at sunset, which is a circular reef.

"This part is very dangerous, as all adjourning islets are small and very low, some of them having only a few bushes. I noticed one peculiarity in this group—the bars between the island and shoals inside are more sunken than any we have seen heretofore, with several deep channels into the lagoon."

"They are a very fine race of people. If those in the canoe were a fair specimen."

Born Here—Returns for Visit After 38 Years

Mr. and Mrs. C. T. Karstens of Honolulu visited in Thief River Falls yesterday for no other reason than to see the birthplace of Mrs. Karstens, daughter of Karl Hanson of the firm of Melarky & Hanson who operated a general store some forty years ago. Mrs. Karstens was three years old when her family moved to Saskatchewan in 1908, so her memory of the city is, shall we say, vague. From older brothers and sisters she knew of Mrs. J. M. Bishop and Mrs. Mary Shaw, and visited with them briefly while here. Mr. Karstens is manager of the advertising department of the Honolulu Star Bulletin.

Share Burrows

Prairie dogs frequently share their burrows with owls, weasels and rattlesnakes, according to the Encyclopaedia Britannica. But this does not indicate a happy family arrangement, for the visitors often eat the young prairie dogs; and although the prairie dogs eat only grass, they destroy the young owls and sometimes bury the rattlesnakes alive.

Previous to their present appointment they were in USO work for the Salvation Army.

Minneapolis Pastor to Preach Crusade Series

Pastor A. Cabor Johnson of the First Covenant Church of Minneapolis, well known gospel preacher, will begin a series of gospel crusade sermons in the Mission Covenant church Tuesday evening, starting at 8:00 o'clock. These programs which end October 28, are a continuation of the series in which George Peterson preaches this week. Mr. Johnson is known to many since his appearance at Ilible camp in Warren in 1944.

Rural Credit Dep't. is Out of Land Business

Richard Bassett, conservator of the Department of Rural Credit, stated this week that the department has sold all its land holdings suitable for agricultural purposes and that the liquidation problem is now entirely one of collections. The few remaining pieces of land not sold are considered unsuited for farming and are not being offered for sale. Collections have been very good, Mr. Bassett said. More than 1,000 loans and contracts will be paid in full this year he estimated.

Best Mouth Wash Is Just Plain Water, Say Dentists

Pure water is the best mouth wash, the Council on Dental Therapeutics of the American Dental association reports.

"Pure water will fulfill the most important requirements of a mouth wash," the Council declares. "It is superior to flavored or medicated mixtures in many respects. The patient is already accustomed to the flavor of water and therefore it is not necessary to convince him that it tastes good; it is cheap, stable and readily available; and it is nonirritating and otherwise harmless, even if swallowed. Nobody is allergic to pure water, but flavored or medicated mixtures may produce allergic reactions in sensitive persons."

Next best to plain water as a mouth wash is a saline solution prepared by dissolving two teaspoonfuls of table salt in one quart of distilled water. Medicated mouth washes should be used only when prescribed by the dentist or physician, the council recommends.

"The fact that many persons rely on medicated mouth washes when they should visit a dentist or physician must result in numerous instances in serious delay in obtaining necessary treatment," the report warns.

Europe Turning to Tractors

Europe has its eye on tractor power as an aid to agricultural recovery.

The farm tractor was just getting into use in Europe during World War I and had a small part in the ensuing agricultural recovery in Europe. Nafim Jasny of the department of agriculture points out in an article in Foreign Agriculture which deals with European agricultural recovery prospects that more tractor power is likely to be used in Europe.

"Since the First World war the tractor has been vastly improved," he notes, "and has acquired great importance throughout the world. The tractor was used, though only to a moderate extent, in continental Europe to lessen the decline in crop production during this war and will be used to speed up postwar recovery. Indeed, all European countries which lost draft power in this war want to replace it at least in part, by tractors and thus avoid the waiting until animals are bred and matured."

Germans Are Growing on Diet Supplied by Allies

BERLIN. — Residents of bombed-out Berlin have increased in height and weight under Allied occupation, a military government nutritional survey has disclosed.

Some women have reached 10 per cent of the internationally accepted height and weight standards while all women, especially younger ones, have improved in health.

Men between 18 and 30 register 95 per cent of the accepted standard. Males of other ages have improved.

Children under 10 receive more food than is needed to maintain minimum health requirements, the survey showed.

Britain Drops Plans for Building of Battleships

LONDON. — A. V. Alexander, first lord of the admiralty, announced more recently Britain had cancelled plans since V-E day for building two naval craft, including the battleship "Temeraire." Conqueror, and Thunderer. Only the battleship Vanguard, 42,000 tons, is under construction "because of our other building resources were required for more immediate needs." New fleet construction, he said, will include new types of vessels such as light carriers.

Underwater Sails

There are boats that have no masts but depend on sails under water to carry them along. They're called "mussel diggers" and ply along the Ohio and Kentucky rivers, collecting the fish from whose shells shirt buttons and cheap jewelry are made. The boats "dig" for the mussels with a broil, a long rod having two dozen or more hooks hanging from it. The broil is trailed behind the boat, and to counteract the drag of its weight, a sheet of muslin or canvas is dropped window-shade fashion over the bow. It sinks, fills with water and the river current "sails" boat and broil along downstream at just the speed required for "digging" mussels.

Judging from the amount of talk about the "52-20" Club one might come to the conclusion that returning veterans as a class are a gang of loafers, well satisfied to live in idleness as long as Uncle Sam continues to hand out a dole. The facts do not justify such a conclusion however. On the contrary the records show that the "52-20" club is not a popular organization and that its membership is very small. Of the 1,173 Pennington County veterans who have been discharged only 66, or about 5%, were drawing this form of compensation on September 30. Of these 66 there were only five who had been on the rolls 20 weeks or more and two of these 5 were disabled. Of the 5,250 persons separated from the military service in the area served by the Thief River Falls office 63% have never applied for benefits and of those who have applied only a few have remained on the roll for benefit payments more than a few weeks. The record is one the veterans themselves have a right to be proud of.

With the exception of rent ceilings, price and wage controls now seem to be a thing of the past again. As expected, meat prices have soared to new highs during the first days of free marketing but on the other hand poultry prices have skidded. During the next few weeks there will be much confusion in all markets but gradually commodities will settle down or up to a normal relationship with each other according to demand. That adjustment will not take place however until dealers' stocks have been restored to a somewhat normal supply.

It is only natural that President Truman would try to shift the blame for the failure of OPA to others, but after all Mr. Truman has had a Democratic Congress to work with and certainly his own administration must bear the burden of responsibility. Much of the confusion can be traced directly to the head of the government himself. Only the administration is responsible for the breakdown of wage controls. It was President Truman himself who ordered a general wage increase something like a year ago. He wanted what was referred to as a controlled inflation in order to keep the national income at a high dollar value, in order to keep government tax receipts at a high level. We have gotten the inflation true enough, but it is no longer under control. We are getting closer to the boom and the bust.

Another annual drive for funds gets under way Monday. Thief River Falls is asked to raise $6,000 to support a group of deserving charity and service organizations. That sounds like a lot of money but after all it is less than one dollar per capita that our citizens are asked to pay. If we all do our bit this sum should be raised quickly. As a community we have been extremely fortunate in many ways. In the abundance that we have been favored with let us give generously to deserving home activities and to the less fortunate wherever they may be.

Looking Backward

1916—THIRTY YEARS AGO

Fred T. Lincoln, secretary of the Commercial club, resigned to accept a similar post at Brainerd.—E. M. and Will Korstad, local clothiers the past eleven years, sold their business to L. Gill of St. Paul.—Companies of the first battalion of the Minnesota field artillery were called out for duty on the Mexican border.—Mayor F. H. Gambell ordered soft drink parlors to discontinue the use of dice boxes.—Net earnings of the Soo Line were approximately $6,000,000 for the last fiscal year.

1926—TWENTY YEARS AGO

Rina Anton reported threshing flax that yielded 22 bushels to the acre.—Members of the Legion auxiliary realized $120 from their annual forget-me-not sale for the benefit of the disabled veterans.—Mrs. Ada Johnson left for an indefinite stay at Westbaden, Ind.

1936—TEN YEARS AGO

Only a few cases are scheduled for trial at the October term of Pennington county district court.—A. W. Bashr of Bemidji, co-owner of the Avalon theatre here, confirmed reports that his company would shortly begin construction of a three-story building housing a 900-seat theatre, which will be known as the Falls theatre.—Municipal Judge Lincoln Arnold presided over a program given in Smiley hall by members of the local Junior Chamber of Commerce.—Ward Matheson, for the past eight years employed at the postoffice here, was given a transfer to Worth, Illinois.—Ralph Fjeldsted was named president of the senior class at Concordia college.—Mrs. Abbie Wassenberg selected Mrs. H. A. Pratt as chairwoman of the Pennington county Republican committee.

Notice of Expiration of Time of Redemption

Office of County Auditor,
County of Pennington,
State of Minnesota—ss.

To Theo. B. Myrum.

(1) You are hereby notified that the following described piece or parcel of land situated in the County of Pennington, and State of Minnesota, and known and described as follows, to-wit:

First half of the Northwest Quarter (1/2 NW 1/4) of Section 13—(II) Township 152, Range 47 (Now Assessed) AS FOUR NAMES.

(2) That on the 12th day of May, 1941, at a sale of land pursuant to the real estate tax judgment rendered and made in and by the District Court in and for said County and Pennington, on the 7th day of March, 1941, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1939 and prior years, the said piece or parcel of land was sold for the amount or sum of Twenty-Seven and 50/100 Dollars, ($27.50) and a certificate of such sale was duly given and made to and by the Auditor of said County, in accordance with the statutes in such cases made and provided.

(3) And that the amount required to redeem said piece or parcel of land from said tax sale, exclusive of interest, penalty and costs, is the sum of Thirty-Nine and 57/100 Dollars, ($39.57) together with interest on $27.50 thereof, at the rate of 8 per cent per annum from the 12th day of May, 1941, to the day such redemption is made.

And the further sum of $4.43, being the amount of delinquent taxes, and penalty for the year 1942, upon said piece or parcel of land, together with interest on $2.44 thereof, at the rate of 8 per cent per annum from the 2nd day of July, 1942, to the day such redemption is made.

And the further sum of $6.55, being the amount of delinquent taxes, and penalty for the year 1943, upon said piece or parcel of land, together with interest on $3.75 thereof, at the rate of 8 per cent per annum from the 2nd day of July, 1943, to the day such redemption is made.

And the further sum of $7.41, being the amount of delinquent taxes, and penalty for the year 1944, upon said piece or parcel of land, together with interest on $4.25 thereof, at the rate of 8 per cent per annum from the 2nd day of July, 1944, to the day such redemption is made.

And the further sum of $24.31, being the amount of delinquent taxes, and penalty for the year 1945, upon said piece or parcel of land, together with interest on $13.75 thereof, at the rate of 8 per cent per annum from the 2nd day of July, 1945, to the day such redemption is made.

And the further sum of $2.41, being the amount of delinquent taxes, and penalty for the year 1946, upon said piece or parcel of land, together with interest on $1.25 thereof, at the rate of 8 per cent per annum from the 2nd day of July, 1946, to the day such redemption is made.

(4) That the tax certificate of sale issued to said purchaser has been presented to me by the holder thereof and this notice requested.

(5) That the time for the redemption of said piece or parcel of land from said tax sale will expire sixty (60) days after the service of this notice, and the filing of proof of such service in my office.

WITNESS my hand and official seal this 7th day of September, 1946.

A. M. SUNSTAD,
Auditor Pennington County, Minn.

Skin Area of Animals

Compared with their weight, small animals possess more skin area than large animals, a good example being the mouse which has relatively about 100 times as much skin area as a man. Obviously this weight-surface factor determines the speed with which an animal falls, for instance, down a deep mine shaft. While a pony would be badly crushed and a cat would be killed but not mutilated, a mouse would scarcely hurt himself in a fall after the first 100 feet or so, would be retarded and kept steady by the greater air resistance.

Prowlers Lose to Grafton 14 to 7 in Hard Fought Battle

Scoring two touchdowns in the fourth period, the Grafton Spoilers capped their Homecoming celebration by upsetting the Prowlers 14 to 7 in a bruising game played on the wind-swept, snow-capped gridiron on Grafton's Chandler Field Friday night. This week Coach Lindenmeyer's eleven will have a respite as far as conference play is concerned, but the team will be up against bitter opposition, meeting the Bemidji Lumberjacks on the B. S. T. C. field Friday night.

The Prowlers, defending the east goal, received the opening kickoff Friday night, with Les Vigness making a 20 yard return of Given's boot, bringing the ball to the Prowlers' 48-yard line. Don Engelstad spun through right tackle for a first down on the Grafton 40; Swede Lund slipped through right tackle for another first down on the Spoilers 19-yard line. Don Engelstad hit left tackle for 3 yards; Vigness was stopped for no gain at left end. The Prowlers were fiahded a 15-yard penalty for roughing. Vigness was thrown for a 5-yard loss at left tackle, and on fourth down punted a high kick to the Grafton 35-yard line. Grafton failed to gain, and Gene Givens fumbled out of bounds on the Prowler 33-yard stripe.

A pass was incomplete, but Vigness picked up five yards on a try at right end, and a pass, Vigness to Narverud, was good for a first down on the Grafton 46. After Lund gained a couple, and Viggy picked up six yards, Marlow Davidson hit the center of the line for a first down on the 35. Vigness failed to gain at left end; Davidson, on a spinner, ran for eight yards; and Lund made it a first down on the Grafton 21-yard line. Givens then intercepted a pass to halt the Prowler threat.

The Prowlers scored their touchdown, and took the lead, in the opening minutes of the second half. Vigness, kicking with the wind, got off a long kick that was downed on the Grafton 2-yard line. Given punted out, with Vigness making a five yard return and bringing the ball to the Grafton 32-yard line. Lund made a yard at left tackle, and a pass, Lund to Al Engelstad, was completed for a first down on the Grafton 18-yard marker. After one incompleted pass, Don Engelstad tossed an aerial to Vigness, with Viggy making the catch in the "flat" to the left and a couple of yards from the goal and racing across for the score. A pass, Vigness to Al Engelstad, gave the locals the extra point.

Grafton, with Lowell Barsness, Al Johnson, and big Hank Newgard doing the half lugging, began their score-tying drive from their 20-yard line late in the third period. Barsness being effective in circling the ends, making gains of 13-yards, 30-yards, and 7-yards. And as the quarter ended, Grafton was on the Prowlers' 1-yard line. Barsness drove over right guard for the score to open the final period, and Hank Newgard, on a sweep of right end, knotted the count at 7-all.

Grafton notched their game winning points midway in the period when a prowler back fumbled a high punt on the Prowlers' 43-yard line which was recovered by Grafton. In three plays Grafton gained but five yards, but on fourth down, with Don Dahl in punt formation, a pass was thrown, Dahl to Wes Sabourin, and the Grafton right end made the catch on the Prowlers' 20-yard line and raced down the south side-line to cross the east goal with the winning touchdown. Newgard picked up the point on a run around left end.

The Prowlers made a desperate effort to score a tying touchdown, taking the kickoff and bringing the ball to the Grafton 42-yard line. Vigness raced around right end for first down on the Grafton 44; Davidson made five yards at left tackle, and Vigness went around left end for another first down on the Grafton 30-yard stripe. A pass, Williamson to Vigness, was thrown and Grafton was penalized for interference with the pass receiver, bringing the ball to the Grafton 15-yard line. Another pass interference was called on Grafton, and the ball was advanced to the 7½ yard line, with seconds remaining. The final play, a pass, was incomplete in the end zone.

Grafton with a big line and a pair of hard-running backs in Al Johnson and Lowell Barsness, turned in their best game of the year, and deserved the victory. The Prowlers, too, played creditable ball, and if their first period surge had resulted in a score, the outcome of the game may have been different.

Results of the week's games: Thief River Falls, 7, at Grafton, 14. E. Grand Forks, 6, at Crookston, 13. Grand Forks flames this week at Grafton at Grand Forks.
Deville Lake at E. Grand Forks.

Crookston removed East Grand Forks from the conference's undefeated ranks Friday, winning a 13 to 6 decision over the Green Wave in a game played at Crookston. And the victory advanced Coach Warren Johnson's Pirates into the runner-up spot in the league standings. The Prowlers, playing at Grafton, were upset by the bulky Spoilers, losing by a 14 to 7 score, and dropped into a fourth place deadlock with the Grafton eleven.

This week the league-leading Grand Forks team moves into action, playing the Grafton club at Grand Forks on Thursday night; and on Friday, Deville Lake will meet the East Grand Forks team on the Green Wave field. The Prowlers will travel to Bemidji, playing Coach Wilson's Lumberjacks in traditional game.

Les Vigness, racking up a touchdown after catching a pass tossed by Don Engelstad, boosted his individual scoring lead in North Valley conference. Vigness, with five touchdowns, has a twelve point lead over Crookston's Don Wheelhouse. Viggy, though, was kept pretty well in hand by the Grafton defense on Friday, with the Prowler captain being held to a net gain of 39 yards in nine attempts.

Speeds Vegetable Growth

Nitrate of soda makes early vegetables grow faster. The use of commercial fertilizer in the garden pays. Even though your garden soil is well supplied with barnyard manure the addition of nitrate of soda speeds up growth. The nitrogen necessary to plant growth in manure has to be set free by bacteria. These bacteria work well only when the soil is warm. The nitrogen in nitrate of soda can be used by a plant growing in a cool soil.

Keeping Score

Operation Moosemeat

Helmer Baumann, Kern Olson, and Walt Jung, of this city, and Red Johnson of Bemidji, returned Friday from their moose-hunting expedition into North central Ontario—they were about 110 miles north-east of Kenora, in and around the Cedar lake territory—and it was a fair success for they bagged one moose and they each got a deer.

According to the reports, the moose weren't nearly as plentiful as they were a couple of years ago and this was due, they thought, to the fact that a road is being constructed through that country and the incidental noise, such as the dynamite blasting had driven the moose deep into the swamps. This year the hunting was on the strenuous side, and it took a crew of men a day and a half to pack Kern's moose out of the bush and to the camp. Kern brought the horns of the 1400 pound bull back to town with him, and a fine 'rack' it is, too, having 12 points to the side. Quite an argument was generated as to the moose, but the guide, and he had the last word, said that the most positive method of judging the age of a moose was by an examination of the teeth, and that Kern's moose, by that method was six years old.

The party did run into some misfortune when Helmer Baumann broke a couple of bones in his ankle. Helmer slipped on a moss covered stone and turned the ankle, and at first it was thought he has suffered a bad sprain, but a thorough examination revealed the breaks. Helmer continued to hunt, though, with his guide propping the injured foot on a cushion in the canoe, and the two of them hunted in that manner. Helmer secured his buck deer in that fashion, making the shot from the canoe.

Operation Deermeat

Ruth and Gunder Legvold left yesterday for Williams where they will open the bow and arrow season on deer, and this week-end, Tom and Marg Peck, Loran and Rose Lord, and several others from the local archery club, will travel up there for a try at deer. On a scouting trip a week ago, they saw numerous deer and if hunting conditions remain favorable they should get some fair targets and a chance to ease the meat shortage.

Operation Steatball

Except for the opening day, and Sunday, the duck hunting season has been pretty much of a meatball proposition. Some of the boys those with duck boats and a raft of decoys have been filling their limits hunting in the rushes at Thief Lake and last Sunday, following the freeze, good luck was held along the north side of the lake. R. Gen and Babe Paulsen have spent a couple of mornings up there, and they have had fine shooting.

But the pothole and field shooting for mallards has been a disappointment, and the cold snap on Friday "iced" the small sloughs, and the fall plowing has turned over many of the fields that would be inviting for the field hunters.

Bill Carlson said that a number of northern ducks came into Thief Lake on Thursday and Friday, riding in on that strong wind, but he still thinks that the bulk of the Northern flight remains up in Canada. Well, let's hope he's right and that we'll get some flight shooting in a week or two.

Bumps for the Prowlers

The Prowlers had a rough trip to Grafton on Friday, and a rough game when they got there, losing in a mild upset, 14 to 7. And this week, although they'll have a smoother road to Bemidji, they'll have another rough game in store when they meet the Lumberjacks. And that game won't be an upset if the Prowlers lost, for Ken Wilson, utilizing a double wingback formation with a back in motion, and with Don Sievek hitting the line and speedy Norm Mohler skirting the ends, has come up with another strong Bemidji team. In fact the Jacks are leading the Central Eight conference, one of the state's most powerful high school athletic circuits. A two touchdown margin for Bemidji appears to be the outcome.

And it appears, too, that as Les Vigness goes, so goes the Prowlers. When Viggy is running and breaking loose for big gains, the Prowlers are "up" and play strong ball but when the local's captain is hammed in, the Prowler attack bogs down. At Grafton, Viggy carried the ball only nine times and picked up a net of 39 yards, for the big Grafton line, especially the defensive ends Hank Newgard and Wes Sabourin, broke through to smear the Prowler interference and nab Les before he could break away.

To determine the difference in the cost of operating an automobile at 25 miles an hour and 65 miles an hour, two identical cars were driven at these speeds over the same course of 1,000 miles, with the result that the fast car consumed 60 per cent more gasoline, 800 per cent more oil and caused 700 per cent more wear on the tires.

Reserves Lost Game to Warroad by One Touchdown Saturday

The Prowler reserves, with a sprinkling of "regulars" in the lineup, dropped a return to Warroad on Saturday afternoon, losing by a 6 to 0 score. Gordy Christian, Warroad's veteran halfback, tallied the game's only touchdown when he drove across for the marker in the second period.

The locals made several threats to even the count in the second half, carrying the ball to the Warroad ten yard line, but the attack "bogged down".

ONE-THIRD OF CARS FOUND DEFECTIVE IN STATE CHECK

Many Defects Found in Recent National Traffic Safety Survey

More than one third of the cars checked in the police traffic safety check program for two months during the past summer were defective, according to final compilation of reports from participating agencies. The program was designed as a united effort to bring forcefully to the attention of motorists the need to improve their driving habits and maintain cars in safe operating condition.

In Minnesota 47,007 cars were checked and of these 18,487 had one or more obvious defects affecting safe operation, classified as follows: bad brakes, 4,482; lights, 16,469; horns, 2,460; windshield wipers, 974; windshields, 1,458. The check also revealed 1,091 drivers with no drivers license in possession.

The traffic safety check program was conducted on a nation-wide basis, under sponsorship of the International Association of Chiefs of Police. Throughout the nation 2,718,076 vehicles were checked and of these 872,290 had obvious defects. Municipal traffic law enforcement agencies and sheriffs throughout the state as well as the state highway patrol participated in the program in Minnesota.

Trailer Safety Chains are Required by Law

Several serious accidents due to trailers coming loose from the cars or trucks pulling them have been reported recently, says a Highway Bulletin. Most of these accidents could be averted if safety chains were used, as required by law.

A 1945 amendment to the traffic law requires all trailers, except those using an approved fifth wheel and king pin assembly, be equipped with safety chains. In towing, such chains shall be carried through a ring in the towing bar and attached to the towing vehicle, and shall be of sufficient strength to control the trailer in the event of failure of the towing device.

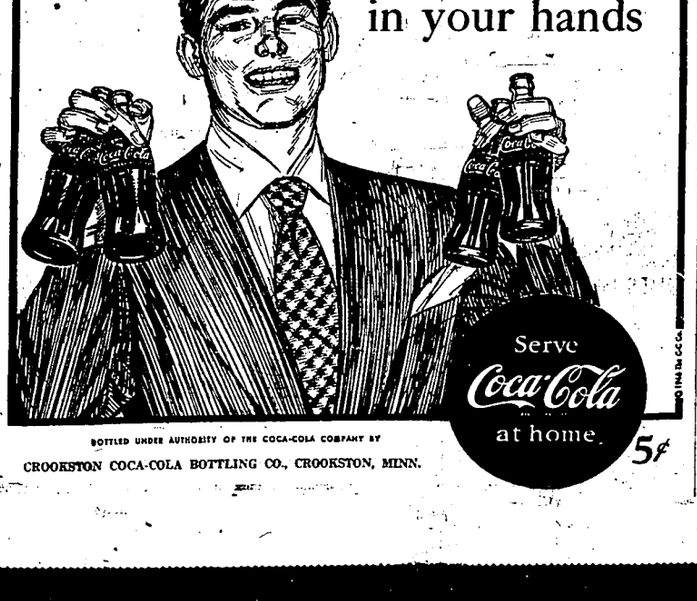
1,064 MOTORISTS LOST LICENSES IN SEPTEMBER

Two Revocations and Three Suspensions in Pennington County

Failure to comply with laws for protection of persons using public streets and highways caused 1,064 Minnesota drivers in September to forfeit their privilege of operating motor vehicles, the State Highway Department reports. The total includes 360 outright revocations and 704 suspensions.



Pennington county had two revocations and three suspensions during the month. Marshall county had one revocation and four suspensions while Red Lake county came thru the month with a clean record of no revocations or suspensions.

The state-wide totals included 230 revocations following conviction for driving while under influence of intoxicants. Other revocation causes included commitment as inebriates, hit-and-run driving, repeated speeding and driving stolen cars. Failure to furnish proof of ability to meet claims resulting from motor vehicle accidents brought 338 suspensions. Conviction for speeding was second with 136 suspensions.

There were 34 convictions for driving after revocation or suspension of license and 37 convictions of various traffic offenses who were also guilty of driving after license revocation or suspension.

HOMECOMING DAY AT N. W. SCHOOL TO BE HELD OCT. 26TH

Festivities to Start Friday Evening with Bonfire and "Pepfest"

Homecoming will be held at the Northwest School of Agriculture, Crookston, on Saturday, October 26. The feature of the day will be the Agricultural School Conference football game between the Northwest Aggies and West Central Aggies from Morris. The Aggies teams will battle for possession of "Oscie"—the pig, which has been held by the Northwest School for several years.

Homecoming festivities will get underway with a torchlight parade a bonfire and "pepfest" on Friday evening, October 25. A special Homecoming assembly will be held in the school auditorium at 11:30 a. m. on Saturday. The day's program will be concluded with the Homecoming dance in the gymnasium and school party in the Aggie Inn.

Due to the capacity enrollment in the school, the dance and party will be limited to present students and alumni. Alumni desiring tickets should make their reservations in advance by writing the Homecoming Committee at the Northwest School.

CARE Reduces Cost of Food Packages to European Families

In order to speed delivery of food packages to the undernourished people of Europe, Lt. General William N. Haskell, Executive Director of CARE cooperative for American Remittances to Europe. He has announced a price reduction of one-third in the sale of these former Army 10in1 rations for consumption abroad.

Effective Oct. 1st, the price will drop from $15 to $10 for the purchase of a food parcel containing 40,000 calories, or enough food to supplement for two weeks the present rations of a European family of four. Recently returned from a food inspection visit to Europe, General Haskell said that widespread malnutrition in most countries, resulting from years of war and hunger makes added food help from America a continuing necessity for some time to come. "And", he added, "it is to make it possible for more Americans to send personal food packages to their friends, relatives and other needy people in Europe, that we have lowered the price of the CARE packages by one third."

4-H Sewing Girls Keep Well Dressed Despite New Fabricks Scarcity

Continuing scarcities and high costs of materials are no obstacles to 4-H girls throughout the nation in keeping up with the latest styles in wearing apparel. Through careful planning, creative thinking and skillful sewing acquired by participating in the National 4-H Clothing activity, they are utilizing available new materials as well as old garments to make attractive outfits, not only for themselves but for other members of the family.

Outstanding achievements in this activity are recognized with awards of merit. County winners received gold-filled medals and state winners get educational trips to the 25th Anniversary National 4-H Club Congress in Chicago next December. Twelve national champions selected from the state winners each receives a $200 college scholarship. Last year 1,201 counties named winners in this activity.

Free Information Open to Public on Federal Surplus Property Sales

The War Assets Administration announced today that it will furnish to business men and other members of the Public free information concerning surplus property it has for sale and how the property may be obtained.

Veterans of World War II, business firms and others interested in buying surplus property are invited to make inquiry direct to local offices of the War Assets Administration, or to the WAA regional office, 604 Metropolitan Life Building, Minneapolis.

This statement issued following complaints that solicitors have collected subscription fees from prospective purchasers of surplus property on representations that the solicitors of their employers would furnish to the subscribers special services and printed information not obtainable from the WAA.

The WAA explained that it does have arrangements with approved dealers for the sale of some classes of surplus property, but that such dealers are paid for their service by the WAA and may be readily identified by the public as established businesses well known in their communities.

IN THE MATTER OF THE CONDEMNATION OF CERTAIN LANDS FOR TRUNK HIGHWAY PURPOSES

NOTICE

To the persons herein named:

You and each of you are hereby notified that on the 15th day of November 1946, at 10:00 o'clock A. M., or as soon thereafter as counsel can be heard, in the Court House at Thief River Falls, Pennington County, Minnesota, the above named petitioner will present to the above named Court a petition now on file herein for the condemnation of certain lands for trunk highway purposes.

The objects of said petition are to take for use on Trunk Highway marked 1, being State Number 59, an easement in the lands herein after described, including the following rights: To erect temporary fences upon said lands and the fences subject thereto; To acquire all trees, shrubs, grass, and herbage within the right of way of said trunk highways and to keep and have the exclusive control of the same; To acquire the right of access to said highways from the owners who's lands front thereon in those cases which are hereinafter particularly mentioned; and further, To have the Court appoint commissioners to ascertain and report the amount of damages that will be sustained by the several owners and persons interested on account of said taking.

The lands desired and proposed to be so taken are situate in Pennington County, and are described as follows, and the names of all persons appearing of record or known to your petitioner to be the owners of said lands or interested therein, including all whom your petitioner has been able by investigation and inquiry to discover, together with the nature of the ownership of each as nearly as can be ascertained, are as follows:

In District Court
Fourteenth Judicial District

State of Minnesota, by J. A. A. Burnquist, its Attorney General, Petitioner,

vs.

Christopher M. Hoverstad, Helga Hoverstad, The Federal Land Bank of Saint Paul, Federal Farm Mortgage Corporation, Lyoum Cota, State of Minnesota (Department of Rural Credit), Ole Nesland, Nellie Nesland, John E. Salmonson, Clifford Anderson, County of Pennington, John L. Wold, C. Gus Anderson, and P. O. San, also all other persons unknown claiming any right, title, estate, interest or lien in the real estate, described in the petition herein,

Respondents.

In the Matter of the Condemnation of Certain Land Containing Materials Suitable For Road Purposes.

NOTICE

To the Respondents hereinabove named:

You and each of you are hereby notified that the above named petitioner will, on the 15th day of November, 1946, at 10:00 o'clock A. M., or as soon thereafter as counsel can be heard, present to the District Court above named, at the Court House in Thief River Falls, Pennington County, Minnesota, a petition in the above entitled proceeding, now on file in the office of the Clerk of said Court, for the condemnation of certain lands.

The object of said petition is to take and condemn a right in the lands hereinafter described for the purpose of using the gravel or stone, or clay or sand, or any or more of such other materials therein contained suitable for road purposes, for the laying out, construction, improvement and maintenance of trunk highways and other State roads. Such lands to be used for such purposes by the State for the term expiring December 1, 1951, and for the right according to plats and specifications therefor on file in the office of the Department of Highways. The State will apply to the Court to appoint commissioners to appraise the damages occasioned by such taking and that said proceedings may be had herein as are provided by law.

The lands desired and proposed to be so taken are situated in Pennington County, Minnesota, and are described as follows, and the names of all persons appearing of record or known to your petitioner to be the owners of said lands or interested therein, including all whom your petitioner has been able by investigation and inquiry to discover, together with the nature of the ownership of each as nearly as can be ascertained, are as follows:

NEWFOLDEN

The Shipping Association will ship stock again on Tuesday, Oct. 22.

We wish to make a correction of an item published in this column last week. In the report of the Auxiliary meeting we stated that it was decided to carry all members over until next spring without payment of dues. This was an error on the part of the correspondent and we are informed by the ladies that membership dues are being collected as usual, but that all officers elected last winter will carry over until next spring. We beg your pardon ladies, and are very sorry to have made the error.

Mr. and Mrs. Art Waldron, daughter, Arleen and Pauline Roseland visited at the Martin Nelson home Thursday evening.

Mr. and Mrs. Olaf Green and Mr. and Mrs. Clifford Raymond spent Sunday and Monday of last week taking in the sights and shopping in Winnipeg.

Mrs. Stanley Sorenson and daughter JoAnn, left on Wednesday evening for Chicago where they will attend the wedding of Mrs. Sorenson's sister, Miss Ella Moen, and visit other relatives and friends.

Mr. and Mrs. S. E. Finnestad accompanied Mr. and Mrs. Willard Holmos and daughter, Sandra of Thief River Falls on a four day trip through the Minnesota Iron Range and Lake region last week.

Rev. Thv. Myhrer and son, Helmer made a trip to Baudette last week to do a little fishing. When they arrived at Baudette they ran into a regular blizzard and turned around and came home without wetting a line.

Dinner guests at the Lars Nelson home on Sunday were Mr. and Mrs. Harry Nelson and Dennis of Grand Forks, Floyd Nelson, of Alvarado, Mr. and Mrs. Martin Nelson, Gerald and Karen and Swan Mortrud.

Mr. and Mrs. Einar Rokke, of Fargo spent the week-end at the A. S. Rokke and Otto E. Hjelle homes.

Mr. and Mrs. Victor Chilson of Crookston visited at the S. E. Finnestad home on Sunday afternoon.

Mr. and Mrs. Irwin Tvedt, accompanied by John Dyrud, returned on Thursday evening of last week from a three day auto trip in which they visited the Twin Cities Milaca and other towns.

Kore Myhrer, local trucker, is the proud owner of a brand new 2 ton Chevrolet truck purchased from the Newfolden Auto Co. last Tuesday.

Mr. and Mrs. Charley Hanson and sons and Mrs. Ole Hanson of Ingalls, Mich. spent Wednesday and Thursday and Friday of last week visiting at Otto E. Hjelle's and other relatives here. They left on Saturday morning for Drake, N. Dak, where Mr. and Mrs. Hanson will visit with her parents, while Mrs. Ole Hanson will continue on to the west coast, where she will spend the winter.

Floyd Bakke accompanied by Mr. and Mrs. Oscar Shern and daughter, Minerva, left on Monday morning by auto for Petaluma, California, where the Shern family will spend the winter. Mr. Bakke intends to return in a short while.

Mr. and Mrs. Lars Nelson and children and Mr. and Mrs. Martin Nelson and children visited at Edwin Nelson's on Saturday evening.

Mrs. Peter Bratbock left on Saturday evening for her home at Tacoma, Washington, after spending several days here with relatives and friends.

Mrs. Andrew Lindquist, of Sundberg, Minn. left for his home on Monday after spending a week at the Otto E. Hjelle home.

Mrs. D. Bratcock of Tacoma, Wash., Mrs. Conrad Engelsrud and Mrs. Albert Knutson spent Thursday and Friday of last week at Winnipeg, Canada.

Mr. and Mrs. Russell, of Gonvick and Mr. and Mrs. Bertil Haugen, of Gully attended the Golden Wedding of Mr and Mrs. Hans Haugen here Sunday.

William Lannoye, Elmer Busch and Martin Sallers left on Thursday of last week for Ottertail Lake on a fishing trip. They returned on Friday night reporting that the weather was so cold and stormy that fishing was no good.

Mrs. Nels Freng, daughter, Lyrell and son, Larry of Warren spent Saturday afternoon at the Marvin Smeby home.

Mr and Mrs. Clifford Raymond left last Wednesday for their home at Tacoma, Washington after a few weeks visit with relatives here.

Mrs. H. Johannesen and Mrs. C. Sherva spent a few days last week visiting relatives and shopping in Winnipeg.

A dragline and bulldozer owned by Clifford Hedeen, contractor of Thief River Falls, has been busy in town last week installing storm sewers. This sewer will run from the lumber yard east to the beauty shop. With the drag line to dig the trench and a crew of local men to lay the pipe and the bulldozer to fill the trench and level off the dirt, the job goes fast. A number of local people have taken advantage of the machinery while it was in town and have had some digging and filling done around their residences.

We read lately of some politician who, if elected was going to do a lot to help duck hunting in this area. Wish I'd have had him with me last week-end as we all needed help.

Saintly Barrister

The Cathedral of Treguier, France, was presented with a stained glass window on May 19, 1936, by the legal profession of the United States in honor of St. Ives who is buried in this church. He is the patron saint of lawyers who was canonized in the 14th century because he was "a lawyer and not a thief, a marvel to the people."

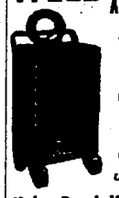
BLAZING THE TRAIL with LAND O'LAKES

SERVICE—
MORE THAN
A WORD

Land O'Lakes Pioneers In
Serving Its Members

Soon after Land O'Lakes was organized, an equipment and supply department to serve member dairy plants was also put in operation.

Machinery, equipment and supplies are sold to dairy plants at prevailing prices, and at the end of each year, any accumulated earnings are returned in the form of patronage dividends. In 1929 a department handling feeds for livestock, poultry and hogs was added. The purpose was to provide farmers with carefully balanced feeds to aid further quality production. These products are now sold through more than 350 authorized Land O'Lakes feed and seed dealers in the North west.



Twenty-five years of trail blazing have taught that efficient, economical production, as well as efficient, economical marketing, is essential for top returns. That is why Land O'Lakes maintains complete equipment and supply service for its farmer and dairy plant patrons.

This is only one of the benefits of Land O'Lakes membership. Investigate them all—today.

MINNESOTA U. IS THIRD LARGEST SCHOOL IN NATION

Campus Boiling with Record Fall Quarter Enrollment of 27,000

With approximately 27,000 students enrolled for the fall quarter, including almost 17,500 veterans, the University of Minnesota has the third largest body of any school in the nation. Topping Minnesota in enrollment are the University of California with some 40,000 students on its scattered campuses and Columbia university, New York City, with 30,000 students.

Enrollment this fall quarter is expected to be the largest in the history of the university. Enrollment for the fall quarter of 1940 was 15,905 students were registered. Enrollment for the spring quarter of 1946 totalled 18,081 and included 5,043 veterans, approximately one-half the present veteran enrollment.

In order to accommodate all Minnesotans who desired to attend the University, it was necessary this fall to reject thousands of applications for admission received from residents of other states. Every effort is being made by University officials to expand its space facilities and to acquire additional qualified staff. Applications have been filed with federal agencies for 22 war surplus buildings to be moved to the main and farm campuses. The faculty has been increased to 2,678 members, and new members are being added constantly.

All Should Carry Means of Identification says Hospital Ass'n. Head

The importance of always carrying some identification is stressed by Dr. William A. O'Brien, chairman of the Council on Public Education of the Minnesota Hospital Association, who pointed out that if a person is found in public in a state of coma and brought into a hospital, the hospital needs all the information it can possibly get in order to help the sick man.

"Every wife ought to be certain that her husband is carrying an identification mark on him", declared Dr. O'Brien. "People are brought to the hospital for emergency care for many reasons. Some people overcome by heat are rushed into the hospital in various stages of collapse. Others suffering from diabetes, may have failed to take their insulin and are found in a state of coma. People subject to heart attack are very often brought to the hospital in emergency patients, and of course many find themselves in the hospital as victims of accidents."

SEASONAL WORK BRINGS NEW HIGH IN EMPLOYMENT

Area Office Reports Increased Demand for Workers in Territory

Tightening of the labor market in this territory during the past few months has almost reached wartime proportions according to records of the local office of the U. S. Employment service. The supply of labor shows a decline of some 250 workers in the area during September. The opening of the school term has absorbed a good portion of the labor supply and has created additional openings for students were previously employed. The supply of labor is expected to gradually increase during the next few months however.

75 openings for women and men in the poultry processing plants are anticipated during October. There is a heavy demand for Women in clerical, sales and service occupations and there are a number of openings for experienced pieceworkers in the logging industry from other areas.

The number employed in the area during September exceeded previous expectations and increased over the all-time high set during August. The start of poultry processing, the continued heavy activity in construction and the potato picking accounted for much of the increase in employment. A survey of the unemployed veterans in the area showed that employers have made outstanding accomplishments in hiring a very large portion of the returning service people. 95 per cent of the veterans in this area are employed or attending school, or, at least, not drawing their readjustment allowance.

Disability Review Board Alters Many Decisions

Organized by the secretary of war to review upon request the case of any officer retired or placed on inactive duty without pay for physical disability, the disability review board has reversed decisions of retiring or disposition boards in approximately 25 per cent of the 1,100 cases reviewed since September 1, 1946, the war department reports.

In each of the boards created by the disability review board, the officer was certified as entitled to receive the same retirement pay benefits now provided by law or regulation for officers of corresponding grade and length of service in the regular army. It was explained that retiring boards already have granted physical disability retirement pay to over 22,000 officers.

In many cases in which the disability review board reversed retiring boards' decisions, additional evidence and information was submitted which either had not been available or had not been presented at the time retiring boards took action.

Officers retired or on inactive duty without pay for physical disability and who desire review of retiring or disposition boards' findings should inform the adjutant general, Washington, D. C., in writing. Such applicants if entitled under the law to have their cases reviewed are sent formal application blanks. When these are returned, properly executed, the adjutant general's office assembles all pertinent records of the applicant, including clinical records of any hospital in which the applicant may have been treated, and any physical examinations made of the officer.

Assembled records are referred to the review board, which then sets the date and time for hearing of the case at least 30 days in advance and so informs the applicant and his counsel, if he is to be represented by counsel.

Farmers Are Cautioned Against Land Purchases

It will pay many farmers to invest in the land they already own rather than to buy more acres. "With land prices at high levels in most areas, expenditures for improving or stabilizing the income prospects frequently will bring better returns than the purchase of unneeded additional land," is a word of caution offered by Norman J. Wall, department of agriculture specialist in Agricultural Finance.

"The significant increase in farm output during the war," Wall continues, "has taken heavy toll of soil resources. Expenditure for lime and fertilizer to restore and increase productive capacity of these lands will prove to be a sound investment. The practices that have been developed in recent years for building up the crop-growing capacity of soils have demonstrated that expenditures for pasture improvement can materially stabilize and increase the farm income."

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

What About Recreation?

Clifford Shaw made an extensive study of juvenile delinquency in Chicago several years ago. He plotted on a city map the homes of young delinquents who came before the courts. He found that there were certain sections, which he described as "delinquency areas", where came a large proportion of the young offenders. In these areas there are few or no playgrounds, parks, or other recreational facilities. Delinquency areas plotted on other cities show the same lack of play opportunities.

Inhabitants of small towns and rural areas may argue that they have plenty of play space for children and adolescents. But more than mere space with grass and trees is necessary. Community interest and support of a recreational program is important, even in less populous areas. During the winter, the school is the natural center for such provision. Unfortunately, during the summer when there is more leisure time, the school no longer functions as a focal point for community activities.

Although many adolescents have summer jobs, they will need a chance to play at night and over weekends. Commercial forms of recreation are often too costly for underprivileged young people. Transportation to parks, lakes, etc., may not be available. Every community should make some provision for the play of its younger members.

In one village of 800 a croquet court was set up on a vacant lot between two stores. For an entire summer it was the center of social life in that community. During the day younger children played; evenings young people used it. Children and adolescents from outlying farms came in on Saturday. From that beginning there grew up a more complete community recreation project. In which the school, church groups, and artdoor clubs cooperated.

During the war this community supported a group of young farm workers each summer. A vacant storeroom was turned into a canteen and responsible adults took turns acting as supervisors for the young parties. What about the recreational facilities in your community?

Poultry Fairly Fatty

Good value of poultry meat may vary among different cuts, with age, and degree of fattening of the bird. Generally, however, poultry meat has been given an excellent rating in vitamins B and G, a good rating for the pellagra-preventing factor and a good source of copper. Like other lean meat it is a superior source of protein and is rich in phosphorus. The dark meat of poultry is rich in iron. A generous serving of poultry meat might supply all of the protein, phosphorus and iron necessary to meet the daily requirements of an adult man.

Radiate Atomic Light

Every element in nature radiates its own special atomic light, when heated, which can be identified and analyzed by means of a special optical instrument known as a spectroscope. The light given off by any one of the 92 elements that make up the universe is different from the light of any one of the other elements.

The spectroscope unquestionably is the most important scientific device yet invented to extend human vision and understanding," Detroit Vision Institute declares.

In 1900 there were thirty-eight cities in the United States with populations above 100,000. According to the 1940 census this number had risen to seventy-two.

REINER

A very large crowd attended the reunion dinner at the Andrew Wells home on Sunday, a week ago. Bad weather and roads stopped many from coming but a nice day was enjoyed by all present.

Mrs. Thor Helle has been in poor health and had been bedridden for some time passed away on Sunday morning Oct. 6th. Funeral services will be on Wednesday at the Rosendahl church.

Mr. and Mrs. Lambert Erickson and son Keith of Mesopo, Idaho are visiting at the former brother, Selmer and family near Goldridge also with other relatives at Thief River Falls.

Mr. and Mrs. Leslie Olson and family have moved on to their farm now. They have been in the old Holmes house while work was done on theirs.

Mrs. Oscar Scovick was a patient at the Mercy hospital in Thief River Falls for a few days last week.

Mr. Andrew Wells and Mrs. Ida Wells were pretty glad last Saturday evening when their son Raymond came home from service. Raymond has to go back for the final discharge papers in two weeks and his wife will accompany him.

Mr. Thor Helle underwent an operation last week at a Thief River Falls hospital and is feeling fine.

GRYGLA

Services for Mrs. G. Skarsten

Rev. K. L. Halmrast officiated at funeral services last Tuesday afternoon at the Valle Lutheran church for Mrs. Nellie Skarsten, who passed away on Friday, Oct. 4 at the age of 64 years, 5 months and 1 day.

Nellie Johsana Johnson was born June 8, 1882 in Aalesund, Norway. She came to the United States with her parents at the age of three years, settling in the southern part of Minnesota. She was baptized and confirmed into the Lutheran faith at Bird Island, Minn.

In 1907 she was united in marriage to George Skarsten of Big-stone County. Shortly after their marriage they moved to Beltrami county, settling on a farm east of Gryglа. They continued to reside here until Mr. Skarsten's death, nine years ago after which Mrs. Skarsten made her home with relatives at Crookston and Olivia, Minn.

She leaves to mourn her death her mother, five sisters and one brother, all of Olivia, Minn. and a foster son, Robert Holm of Cass Lake, Minn.

Pallbearers were six nephews of the deceased: Albin, Conrad, and Joseph Myrold of Crookston and three Bergath Brothers of Ortonville. Two songs were sung by Mrs. Victor Nygaard of Mavie. Interment was made in the church cemetery.

Those from a distance who attended were Emil Johnson of Olivia accompanied by two sisters of the deceased, also of Olivia. Mr. and Mrs. Arthur Myrold, Mr. and Mrs. Clarence Myrold, Albin, Conrad, and Joseph Myrold and Mrs. Anna Myrold all of Crookston, the Bergseth brothers of Ortonville; Robert Holm of Cass Lake, Erick Haseth and Mrs. Paul Paulson of Thief River Falls and Mrs. Victor Nygaard of Mavie.

TAKE A DEMONSTRATION RIDE ON TOMORROW'S GREAT NEW PREMIUM TIRE

U.S. ROYAL Air Ride

If you drive a car, you should discover what it means to ride on Air Ride. U. S. Royal Air Ride Tire.

And you can do just that—today! Although the Air Ride tire is not yet generally for sale, your U. S. Tire Dealer is waiting now to take you for a demonstration ride in an Air Ride-equipped car.

Then you'll know, as you've never known before, the entirely new and thrilling kind of tire performance!

You're riding on more air—on a substantially bigger, softer, flexible air cushion. But that's only the beginning. The Air Ride is a magnificently balanced tire—swift, nimble, "light on its feet"—responsive to your slightest touch on the steering wheel.

Try a sudden stop. The Air Ride stops fast! For it has the exclusive U. S. Royal Brake Action Tread—with literally thousands of sure-gripping, self-cleaning tread surfaces to wipe every road film, and bring you to a safe, straight-line stop.

There never has been a tire like this before. Building the Air Ride requires new molds, new machinery, new methods—but we hope it won't be too long before the Air Ride is offered for regular sale.

See your U. S. Tire Dealer today—actually ride on this dramatically different premium tire—prove for yourself that the Air Ride is the tire you'll want to ride on for keeps!

HANS P. HAUGENS OBSERVE GOLDEN WEDDING SUNDAY

Newfolden Pioneer Couple were Married In Marshall County

Approximately 200 relatives and friends helped Mr. and Mrs. Hans P. Haugan of Newfolden observe their 50th wedding anniversary Sunday afternoon at the Westaker church. The church was appropriately decorated for the occasion with flowers and candles.

After an opening hymn had been sung, Mr. Otto Thompson who presided at the festivities, called on Rev. Ranum to conduct devotion. This was followed by a solo, "Vi staar fremad med haab og tro" by Mrs. Carl Haugen. Otto Thompson then spoke a few words of welcome to the honored couple after which Verna Engelstad sang "The Lord's Prayer". Mrs. H. Haugen extended greetings in the Norwegian language and Mr. John Nelson sang, "O'tank naar engang samles" closing remarks and then he presented the honored guests with a large number of greeting cards and a gift from relatives and friends.

A bounteous lunch was served by the Westaker Ladies Aid after the program, the serving committee being Mrs. Alice Knutson, Mrs. E. R. Hoff and Miss Laura Haaseth. The beautiful three tiered wedding cake was a gift from Mr. and Mrs. Haugen's children.

Annette Johnson and Hans P. Haugen were married at the C. P. Haugen home in Marsh Grove on Feb. 8, 1896 by Rev. H. Ostgylen, pastor of the Westaker congregation. The young couple settled on their homestead in Marsh Grove where they have since resided. The Haugens have five daughters and two sons who were all present at the golden wedding. Many of the grand children also were in attendance.

Thye Action Wins Full GI Benefits for Vets

Minnesota veterans enrolled in "on the job" farm training programs now are receiving full federal benefits after a brief cut-back to one-fourth of amounts originally promised. The restoration was ordered by the Veterans Administration after Governor Edward J. Thye protested to Gen. Omar Bradley, VA director, that serious hardships would result from the drastic slash in individual allotments.

The original allotment under the GI Bill of Rights was $65 a month for single men and $90 for those with dependents.

Roseau and Warroad Plan Enclosed Rinks

Reports in last week's Roseau Times Region and Warroad pioneer told of steps being taken in both communities to build enclosed skating rinks. An association is being formed at Roseau to sponsor construction of a recreation building to take the place of the rink that was destroyed by storm several years ago. At Warroad it is proposed that a rink be built as a community war memorial.

Of the meeting held at Roseau, the Times Region reports:

"Tuesday evening a meeting of the Building Committee of the proposed Roseau recreation building was held to hear reports of the committee which had made a trip of inspection to several recreation buildings in this section of the country.

"Members of this committee include Norman Flagstad, Milo Peterson, H. W. Jensen and Henning Backlund. The Committee had visited and inspected the recreation building at Grand Forks, Crookston and Thief River Falls. Their report was that to their viewpoint the one at Thief River Falls would come nearest fitting into a program for this community with some changes.

"It is expected that the committee will propose a building that can be within the reach of the community in cost and yet large enough to accommodate the many uses to which it may be put. The committee is studying the project from every angle and is endeavoring to reach a point in its plans so that the community can be best served."

Telling of the progress being made by a war memorial committee in its community the Warroad Pioneer says:

"The committee agreed that any such project should be a "living memorial" —one that will manifest living, mental, moral and physical development of the youth of Warroad. After much consideration, the committee concluded that an inclosed hockey rink, erected and dedicated to the living and dead of Warroad would fill a long felt need in the community and be a splendid memorial project.

"The committee also drew up tentative plans for donations toward funds for the structure. The size of all donations is to be entirely voluntary, and amounts will be graduated. It is believed that several citizens are able, and willing, to make donations of a thousand dollars or more. Several already have voluntarily offered five hundred dollar donations."

3,134 Veterans Get Jobs During September

U. S. employment Service offices in Minnesota during September found jobs for 5,311 veterans and referred 3,134 to other agencies principally in connection with training and educational work under the GI Bill of Rights, according to Dreng Bjornaraa, state USES director.

While the service was finding employment for more than 5,000, it also received new job applications from 5,430 vets and gave special attention to the 27,684 for whom jobs were not available and who constitute most of the unemployed vets in the state, Bjornaraa said.

In addition to serving the veterans, USES offices marked up a total placement record of 18,503 and at the same time handled the details incident to 161,463 local office calls and, in connection with observing "National Employ the Physically Handicapped" week, referred 1,572 persons with some degree of disability to suitable employment. Of that total, 1,125 were veterans of WW II.

Convalescent Home for Aged at Lake Bronson

Lake Bronson will soon have a convalescent home for the aged according to the Lake Bronson Budget, which makes the following report on the development:

"Mr. and Mrs. Levin Vagle have purchased a modern house and will move it to Lake Bronson soon. The building will be equipped to serve as a convalescent home for the aged. They also plan to equip an office in the building to make it possible to have a doctor come to Lake Bronson for regular visits.

"The project was initiated thru the cooperation of the Kittson County Welfare Board. The pressing need for such facilities in this area has been evident for some time. Mr. and Mrs. Vagle have long been interested in the welfare of the sick. Mrs. Vagle is a registered nurse and thus is fully qualified to do this type of work."

Star Farmers Union to Meet Friday Night

Concordia College Enrollment is 70% Over Pre-war Record

Enrollment at Concordia college, Moorhead, has reached 930, a seventy per cent increase over the pre-war enrollment peak of 545. There are 291 veterans in attendance. Although the women still outnumber the men 498 to 432, the men are definitely in the majority in the freshman class with 250 men and 200 women enrolled in that class.

Temporary housing for the men includes thirty metal family units and a barracks unit formed by rebuilding three officers' barracks. The permanent dormitory for men now being constructed will house 300 men by September, 1947. One of the dormitories previously used by women students is occupied by men this year.

BLUE CROSS PLAN TO BE EXPLAINED AT TWO MEETINGS

Group Hospitalization Being Sponsored by County Farm Bureau

Two meetings for the purpose of explaining the Minnesota Blue Cross Hospitalization Plan to farmers of Pennington County will be held next week, according to an announcement by the Farm Bureau which is sponsoring the meetings. These meetings, which will start at 8:00 p. m. are scheduled as follows: Tuesday, October 22, Civic and Commerce Room, Thief River Falls; Wednesday, October 23, Community Hall, Highlanding.

K. A. Kirkpatrick, Hospitalization Director of the Minnesota Farm Bureau Federation, will be present at these meetings to explain the Blue Cross program.

Pennington County now has more than 100 farm families enrolled in the Blue Cross Hospitalization program which is a non-profit, prepaid hospitilization service. All present members of the Blue Cross and those who want more information on it are invited to attend either one of the above scheduled meetings.

TECHNOCRACY
Exit Human Toil

TECHNOLOGICAL advancement on this Continent has been so great that the situation in regard to the necessity for manual labor has completely changed. We no longer, and ourselves in a position where human toil is effect to some small degree by leisure hours. We have arrived at a point here, no matter what we do, human toil is passing from the scene. A condition has arisen in which the need for human toil as a means of making a livelihood is fast becoming an anachronism.

Every day the list of those who toil not, neither do they spin, is becoming greater and greater. Like Solomon in all his glory, and the lilies of the field, the millions who have been engulfed by the relief rolls toil not, neither do they spin. The assumption that work is a sacred virtue, and that without physical, mental or human toil the individual becomes derelict, degraded, debased, and demoralized, is being proved by empirical observation to be utterly false and unfounded.

Labor is no longer sacred. It has become so abundant as to be almost unsaleable. The leisure of the unemployed has created a new problem which the old philosophies cannot solve.

We shall find that in the New America that is to be, instead of eking out a precarious existence, we all shall have to learn to live. We shall be forced by the pressure of technological changes to become the leaders in the forefront of a new civilization.

News of R. R. Valley Home for the Aged

Although we did escape the snowstorm experienced round about, the cold weather of this week served to remind us that it's time to put away the window screens in the corner where the storm windows have reposed during summer. Gust Hanson was here the first of the week to supervise the proceedings. And it did proceed.

The first day of the week day school for religious instruction from 11 a. m. to 12 o'clock noon opened with a class here last Wednesday under the direction of Rev. P. Alfred Peterson and Miss Lorraine Moe.

A vase of fresh cut flowers graced our dining room last Thursday, being part of a consignment received by Emil Johnson from his son Martin Johnson of Fargo.

The regular Thursday evening services of the Baptist church were held here last week and conducted by Supt. Larson.

T. O. Kleven enjoyed a visit last week by his son from Erskine.

Rev. Silas Erickson was a caller here Thursday bringing with him a cash gift, given in memory of Mrs. Thuri Ose.

Mrs. Otto Sortland had as guest Thursday evening her nephew Elliot Wirth, of Hibbing. Mr. and Mrs. Wirth were on their way to Kristoss for the benefit of Mrs. Wirth's health, stopping over here briefly for a visit with relatives in this city and vicinity.

Joe Gabriel made a trip out to Gatzke last week.

Mrs. Thuri Ose and C. St. Lokes motored to a boy of sandwiches given us last week and also to the Community Church for a remembrance of the same nature.

Rev. Alfred Larson drove up to Karlstad one day last week returning the same evening.

The regular Friday evening meeting of the Young Peoples group was held here, rendering a program of usual interest, the main features being the address by Mrs. Munro and remarks by Rev. Larson.

Mrs. Sena Sundt called at the home last week for a visit with friends. She had just recently returned from a three weeks' visit at Montevideo and points there about.

Other casual callers at the home one day last week were Mr. and Mrs. A. M. Schmitz, while stopping in the city to visit friends. They had come here by car from Anchorage, Alaska, following much of the way along the route of the Alaskan highway.

Miss Pearl Klaven, formerly of our staff called on friends here Tuesday. She had recently returned here after a trip to Chicago in company with Capt. Larona Blakeman and Cadet Lois Willsey of the local Salvation Army Corps, and others; followed by a visit of a few days with her mother at Gryglia.

Mrs. Regina Mastue who has made her home with us, the past few months moved out Tuesday to the Walle apartment building where she will be living together with Mrs. Sena Sundt, who has resided there for a number of years.

Ice Cream

It is recorded that Alexander the Great, the Ptolemys and Julius Caesar preferred "iced drinks," made with wine and snow, resembling our water ices. When Marco Polo visited China in 1275 he enjoyed frozen sweets there and obtained a recipe from Kublai Khan which he brought back to Italy. Italian records refer to a thriving ice cream trade there in the 15th century and Catherine de Medici, when she moved from Florence to France, took her own "gelateria" or freezing plant with her.

Wax Worm

There are two different species of *moths known as wax moths, the* larvae or caterpillar stages of which live on or in the wax deposited by the honey bee. So far as is known, the worms or larvae of these moths never attack woolen materials but live only on the wax produced by the honey bee.

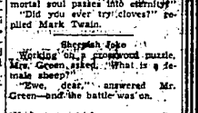
A WAY OUT

Ingenuity of expression, rather than knowledge, is revealed in an essay by a small boy on the subject of "Income Tax."

The youngster, knowing less than nothing about his subject, put his little mind into high gear, and presently came up with the following: "I have a dog, his name is Tax. I opened the door, and in come Tax."



Powerful Breather

A melancholy individual accosted Mark Twain with the query: "Mr. Clemens, do you realize that every time I draw a breath an immortal soul passes into eternity?" "Did you ever try cloves?" replied Mark Twain.

Sheepish Joke

Working on a crossword puzzle, Mrs. Green asked, "What is a female sheep?"

"Ewe, dear," answered Mr. Green—and the battle was on.

DISTRICT BAR IS UNANIMOUS FOR JULIUS J. OLSON

Supreme Court Justice has Solid Backing of His Own District

H. O. Berve, chairman of the Pennington County volunteer committee for Julius Olson, was informed this week by J. H. Sylvester of Crookston, district chairman, that the poll of lawyers on the district has now been completed and is unanimous in support of Justice Olson for re-election to the Supreme Court. The district includes eight northwest counties which were served by Justice Olson as District Judge prior to his appointment to the Supreme Court in 1934.

Following is the resolution adopted by the district bar:

"Whereas, we believe it is vitally important to all citizens of our state that we have judges on our Supreme Court of recognized ability, integrity and impartiality, and

"Whereas, Julius J. Olson, formerly of the Judicial District has demonstrated that he possesses these qualification to a high degree by many years of faithful service on our District and Supreme Court,

Now, Therefore, Be it Resolved that the lawyers of the 14th Judicial District, in meeting assembled do unanimously endorse Julius J. Olson, for re-election as an associate Justice of the Supreme Court of the State of Minnesota, at the forthcoming election, and do respectfully urge all voters to assist in his retention to his present position.

Rev. S. L. Tallakson to Head Home for the Aged at Grand Forks

Announcement was made this week of the appointment of Rev. S. L. Tallakson, formerly pastor of the Trinity Lutheran church of this city, as superintndent, and chaplain of the Grand Forks Home for the Aged. Mrs. Tallakson will serve as matron of the home. Date of the installation of the new officers will be announced later.

During the past eighteen years Rev. Tallakson has served as pastor of the First English Lutheran Church, prior to which he served at Thief River Falls and at Grand Forks. His brother, Rev. L. E. Tallakson, recently became pastor of the United Lutheran church at Grand Forks.

From where I sit ... by Joe Marsh

Want a Vacation from Marriage?

Alvin Bixka went south on his vacation, for some fishing, and left his Missus to enjoy a vacation from the cornecb pipe, clothes in a heap, and solos on the harmonica.

First few days, Martha enjoyed it—house neat and quiet, top-back on the toothpaste, no morning mess from Alvin's midnight snacks (Al's partial to a bit of cheese and beer at bedtime).

Come the end of the week, she began to fidget; couldn't even read the *Clarion*, it looked so emmeased; didn't have say appetite with nobody tb cook for. She was about to wire Al, when he barges home a week ahead of time, and she almost cries for gratitude. ("Felt the same way myself," says Al.)

From where I sit, those differences of habit and opinion—whether they have to do with corncob pipes, a glass of beer, or playing the harmonica, seem mighty trivial when you're separated. And they are, too!

SCHOOLMASTERS MEET IN WARREN

Fjelsted President of District Organization

The Lake Agassiz Schoolmasters club composed of faculty men in the public schools of Districts 31 and 32 of the Minnesota High School league will hold their first meeting of the current school year at Hotel Warren in Warren this evening. The meeting will commence with a dinner at 7:00 o'clock p. m.

The schoolmen will take part in a discussion on the new governor's state aid plan and the new manual for graded and elementary secondary schools. Leading the discussion will be Elmer M. Weitzin, T. J. Herning and Mr. Larson, all representatives of the state department of education.

Between 30 and 40 school men from the two districts are expected in Warren for the dinner and meeting, said D. S. Elkner, superintendent of the Warren schools, who is charge of arrangements. P. L. Fjelsted, Thief River Falls, is president of the organization.

Rich in History

Salonika, ancient and cosmopolitan "city of a thousand sails," is rich in history. An important Greek colony, it was a busy Roman port, and became the second city of the Byzantine empire. Sacked by the Saracens in 904 and by the Normans in 1185, it later, fell into the hands of the Venetians. The Turks took the city in 1430 and ruled it for nearly 500 years. A beautiful white tower-fort, built by Suleiman the Magnificent at the height of Turkish power, still stands guard over Salonika.

Something From Nothing

When the feet of heavy wool socks become too worn for further wear but the tops still are in good condition, convert them to lounging socks or shufflers to wear around the house in cold weather. To make the shufflers, cut padded soles out of an old felt hat or scraps of leather or chamois; then sew the uppers of the socks to the soles. Finish the edge with colorful blanket stitches. And for a bit of decoration, embroider the front in gay yarns.

4-H BEEF SALE SCHEDULED ON NOVEMBER 2N

51 Outstanding Baby Beeves to be Disposed of at Arena Auction

With 51 head of outstandi Hereford, Shorthorn and Angus baby beeves to be disposed of by auction at the 4-H club achievement day sale in the arena Saturday, November 2, starting promptly at 1 o'clock, the meat shortage in the Thief River Falls area should come to an abrupt end.

The choice animals will be auctioned off to local bidders by Colonel Joe Reisch of Austin, Minnesota, assisted by local auctioneers. Reisch has conducted nearly 3,000 sales, including the Junior Livestock sale at South St. Paul.

In addition to the beef animals, the auction also will include eight lambs, five pens of chickens and 4 pens of turkeys, County Agent Ernest A. Palmer stated.

Robert J. Lund and Frank Tunberg, cochairman of the rules committee for the sale, announced among others the following regulations.

Eligibility to exhibit shall be limited to 4-H Club members enrolled in Pennington county club work.

Animals must be weighed in at the City Scale between the hours of 8:00 a. m. and 10 a. m. on the day of sale, and an official scale ticket will be issued. Exception to this rule is made on sheep and chickens which will be weighed in at the Arena.

All entries must be in place at the Arena in Thief River Falls by 10 a. m. on Saturday and must be be ready for judging by 10:30 a. m.

The judging of the livestock shall be in three classes, namely, purple, blue and red, and the placings will be according to the judge's decision which shall be final.

The order in which animals are to be brought up for sale, shall be as follows: 1. grand champion, 2. purple ribbon group, 3. blue ribbon group, 4. red ribbon group.

Drawings for position in the sale shall be made for each group and sold in that order. The poultry will be brought up on the sale first, lambs second and baby beeves last.

Buyers are expected to make their payment for animals purchased on the day of the sale and not later than November 4th. Each buyer shall make his own arrangements for the care of the animal after the sale.

Musical Messengers Continue Auditorium Series Tonight, Friday

On Sunday evening approximately six hundred people attended the worship service in the Municipal Auditorium, conducted by the Musical Messengers, a group of young people including Rev. Willard Carlson, Verna Dean Carlson and Rev. Paul Carlson. Musical selections were presented on the electric guitars, vibraharp, accordion, banjo, piano and trumpet. Rev. Willard Carlson spoke on the subject, "If the Foundations be Destroyed?"

The feature number on the musical program this evening will be a twenty minute presentation in music, singing and oil painting entitled "The Church in the Wilderness."

Friday night Rev. Willard Carlson will speak on the subject "The UNO in the Light of God's Word."

The Musical Messengers are visiting Thief River Falls at the invitation of Rev. G. Raymond Carlson, pastor of the Gospel Tabernacle.

ELKS TO BURN MORTGAGE ON LODGE HOME SATURDAY NIGHT

As a special feature of the annual fall round-up and initiation to be staged by the Thief River Falls Elks lodge Saturday evening, October 26, retirement of the last installment of indebtedness on the spacious building bought by the lodge a few years ago will be celebrated with a mortgage-burning ceremony in the clubrooms at 9:30 that evening.

Following a roast moose dinner, the Andrew Anderson class of fifty condidates will be initiated at exercises in the municipal Auditorium at 8 o'clock, with the ritual exemplified by officers of the Fargo Elks lodge. Tickets for the dinner, to be served from 4 to 7 p. m., will be available at the Elks club.

A floor show will be presented in the club rooms at 10 o'clock, and lunch will be served at the close of the evening. Delegations from neighboring Elks lodges have been invited to be present for the occasion, Tom Peck, exalted ruler, announced.

CIVIC & COMMERCE VOTES SUPPORT TO CIVIC CENTER PLAN

Hears Talk Thursday by Official of U. S. Chamber of Commerce

Members of the Civic and Commerce association, at a well attended meeting last Thursday evening in the Palm Garden Cafe, heard an address by J. R. Pratt, manager of the northwest division of the U. S. Chamber of Commerce. He discussed the value of community organizations and of affiliation with the U. S. Chamber.

Stuart McLeod read a report of the city planning board recommending the establishment of a civic center in the blocks including the Auditorium and public library following which the association went on record in favor of the proposal.

Walter Beatty, chairman of the Red Cross home service committee, reported on an acute need for 50 additional housing units in the city this month and in November at rentals of from $20 to $25 a month. He stated that a campaign would be opened to locate rooms or small apartments.

Postmaster Andrew Anderson called attention to National Air Mail Week opening Sunday, Oct. 27. He pointed out that letters mailed in Thief River Falls before 5 p. m. will reach Chicago by air mail the next day at 2 a. m. and New York City at 10 a. m.

HOUSING SURVEY BEING MADE HERE

Citizens Asked to Tell of Need for Quarters

Arrangements were made this week to conduct a survey of needs by Thief River Falls citizens for living accommodations, as well as of rooms that householders may have available for rental purposes.

Those in need of living quarters, as well as those having rooms to rent are asked to report without delay at the office of Russell E. Olsen, secretary of the Civic and Commerce association, in the council chamber in the Auditorium.

Decision to conduct the survey was reached following a report by Walter Beatty, Red Cross home service chairman, at the Civic and Commerce meeting last Thursday evening, in which he revealed that there is an acute need for a least fifty additional dwelling units in the city this winter.

VFW Auxiliary to Hold Basket Social and Dance Wednesday, October 30

The Thief River Falls VFW auxiliary Wednesday evening, Oct. 30, will hold a basket social in the veterans rooms in the Auditorium followed by a strictly old-time dance, it was announced today by officers of the unit, who extended an invitation to all members and their invited friends. Proceeds from the sale of baskets will be sent to the Christmas fund being assembled for disabled veterans in the hospitals.

AIR MAIL WEEK TO OPEN OCTOBER 27

New Reduced Rates on Mailings Now in Effect

Business firms are planning special programs to stimulate volume during National Air Mail Week October 27—November 2, Postmaster Andrew Anderson declared today.

Inauguration of teh new five-cent United States flag rate October 1 immediately brought a sharp rise in air mail volume, Mr. Anderson said. Rapid-mail service, offered for the first time at a low postage rate, should stimulate commerce, business leaders here believe. For that reason, they are encouraging large air-mailings during the nation-wide air mail promotion week.

Meanwhile, Mr. Anderson reported, air mail letters are being received at the post office with incorrect postage affixed. The five-cent rate applies anywhere that the American flag flies, including all United States possessions. It is also applicable to the armed forces abroad, and to Canada and Mexico.

"We have long advocated lower air mail rates," said L. B. Harts, president of the Civic and Commerce association, "believing that air mail between customers, manufacturers and distributors would improve the service to these several groups in the interest of the ultimate consumer."

WELFARE PEOPLE IN REGION PARLEY

Pennington Officials at Mahnomen Meeting

Comunity planning and organization for social welfare is to be the general theme of the fall meeting of Region III of the Minnesota welfare conference at Mahnomen today.

Dr. Joseph Kise of Moorhead state teachers college will be the speaker at 10:15 A. M., on the subject of group conflicts. He will be followed by Prof. A. L. Lincoln of the University of North Dakota. Dr. Robert Barr and Dr. Viktor Wilson of the state department of health will speak on the matter of community action for the protection of public health.

Representing Pennington county at the conference will be members of the county welfare board, John K. Lunakey, executive secretary; and Mrs. H. O'Neill, social worker.

JUNIOR CHAMBER PLANS MEETING THIS EVENING

The Junior Chamber of Commerce will meet this evening at 8:30 in the Palm Garden Cafe, Arthur Christianson, president stated today.

MERCY HOSPITAL STARTS BUILDING FUND DRIVE IN CITY

Work of Soliciting Business Places Got Under Way Wednesday

With substantial contributions already received, mainly from the rural areas, Wednesday marked the opening of the solicitation of funds to aid in financing the proposed new Mercy hospital building in Thief River Falls, it was announced today by C. D. Gustafson, president of the hospital board.

The current solicitation is being made in the business district of the city, and when that is completed, the drive will be extended to the residential districts, it was explained, so that all residents of the community will have an opportunity to contribute. A goal of $100,000 has been set for the solicitation.

Mr. Gustafson explained that by completing financial arrangements at this time the hospital association will be in a position to take advantage of the federal grant which will be available for hospital construction and equipment in 1947.

The site for the new hospital was acquired some months ago, and is in an attractive location west of the tourist park.

LEGION ARRANGES TO HOLD CARNIVAL

Annual Event Scheduled for November 8 and 9th

At a meeting Monday evening, Eklund-Holmstrom post of the American Legion made arrangements to stage its annual carnival in the municipal Auditorium Friday and Saturday, November 8 and 9. M. R. Lervold was named general chairman of the carnival, Post Commander Orvis Olen announced.

Preliminary plans also were made to hold a venison supper December 16, with the main course to be supplied by Legionaire deer hunters.

The Legion Auxiliary also meeting Monday evening, heard a talk by S/Sgt. Robert Rosendahl of St. Hilaire, in which he gave details of his confinement in a Japanese prison camp for more than three years.

Members of the Legion post and auxiliary are planning to attend a Ninth district rally in East Grand Forks next Tuesday, October 29.

Girl Scout Training Film Shown Oct. 28th

The local girl scout council has arranged for a technicolor film "The Girl Scout Leader" to be shown at the leaders' meeting on Monday, Oct. 28, at 8 p. m. in the Civic and Commerce Rooms. Council members and troop committee members are asked to be present.

The film depicts the various program fields in scouting and how they are carried out. It proves that scouting has a cultural and educational value, trains for good citizenship and provides for character education.

HALLOWEEN TO BE OCCASION OF GALA FESTIVAL

Costume Parties, Dance and Parade to Feature Events Next Thursday

Preparations are being completed this week to entertain 1,800 youngsters of this community at the annual Halloween festival to be staged next Thursday, October 31, under the leadership of the Lions club, with the cooperation of the Mothers club and the city council.

Ernest Johnson, general chairman, stated that as in former years the festival will comprise four principal features: a party for small children in the Auditorium at 3 o'clock; a costume parade at 7 o'clock; followed by a party in the arena, and a teenage dance in the auditorium.

The four lower school grades will be dismissed from their classes Thursday at 2 o'clock to give the children time to prepare for the Auditorium party at 3. James Parkins, chairman, announced that games for the little tots will be directed by Mrs. Camille Dostal and Mrs. Edward Solheim, assisted by members of the Mothers club, with Les Skattum serving as announcer.

Ben Froland, chairman of the parade committee, stated that the procession will be headed by the Lincoln high school band and the fire truck, with prizes donated by local business places to be awarded to the children appearing in the best costumes.

Following the parade, children in the fourth to eighth grades will assemble in the arena to play games, including apple-bobbing, arranged by the local Boy Scouts in cooperation with adult leaders. Prizes will be awarded and refreshments will be served.

Fleming Gibson, chairman of the teen-age Halloween dance in the Auditorium, will be assisted in arranging special entertainment features by a committee of high school students including Hal Ekren, Don Adolphson, Les Knutson, Nobelle Furuseth; Phyllis Evenstad and a refreshment bar will be in operation.

COUNTY FARMERS UNION WILL MEET FRIDAY, NOV. 1ST

Pennington Co. Group Will Hear Addresses by Two Guest Speakers

The Pennington County Farmers Union will hold its annual convention Friday evening, November 1, at 8 o'clock in the Civic and Commerce room in the Auditorium, Erving Ingebretson, regional director of the state Farmers Union, stated today.

D. W. Richmond, assistant secretary of the Manitoba Pool elevators, is expected on the speaking program after having appeared at similar meetings in Marshall Roseau and Kittson counties. He will tell of the fight staged by the Canadian cooperatives against imposition of the income tax.

Also on the program will be a representative of the Farmers Union Livestock Commission company of West Fargo, who also will show several reels of motion pictures.

C. AND C. HOST TO 4-H CLUBS FRIDAY

Roller Skating Party Will Be Held in Arena

Nearly 400 Pennington county 4-H club members who have completed their projects for the current year will be guests of the Civic and Commerce association at the fourth annual roller skating party in the arena Friday evening of this week, starting at 7 o'clock.

Stuart McLeod, chairman of the agricultural committee of the Civic and Commerce Association, announced that skating will continue until 11:30 o'clock and that between the hours of 8:00 and 10:00 o'clock a lunch will be served in the Civic and Commerce rooms in the basement of the Auditorium.

CITY TO RECEIVE TRAFFIC SAFETY PLAQUE OCT. 31ST

Thief River Falls Wins Third Honors in Class for Pedestrian Safety

At a joint meeting of the Civic and Commerce association, Junior Chamber of Commerce and Pennington county safety council in the Palm Garden Cafe next Thursday evening, October 31, at 6 o'clock, a plaque will be presented to Mayor W. J. Douville and the city council, symbolizing the winning by the city of Thief River Falls of third place in the national pedestrian safety contest for cities under 10,000 population.

The award, given annually by the American Automobile association will be conferred by A. W. Rice, representative of the Minnesota safety council.

By coincidence, first and second awards in the national contest also were won by Minnesota cities, respectively Little Falls and International Falls.

COUNTY OIL MEN ELECT OFFICERS

Neil McKechnie Named Chairman of Local Unit

Pennington county oil dealers elected officers at a meeting at the court house Tuesday evening. Heading the group is Neil McKechnie, chairman; D. G. Wegge, vice chairman; and C. R. Carlson, secretary.

Named on the general affairs committee were B. R. Barzen, Frank Bond, Oscar A. Nelson, C. L. Williams, E. A. Torgerson, C. Berglund, R. S. Bell and Ed Ness.

H. M. Whisman of Minneapolis, secretary of the Minnesota petroleum industries committee, described the work of his organization, and presented a sound film, "Oil for Tomorrow."

Navy Day Proclaimed by Mayor Douville

WHEREAS, Navy Day 1946 affords the people of the United States an opportunity to salute the achievements of our Navy, and;

WHEREAS, this first Navy Day following demobilization from mankind's greatest war offers an opportunity for public recognition of the peacetime mission of the Navy, to guard our nation's freedom, and

WHEREAS, this year is an especially appropriate occasion to honor the veterans of World War II and to emphasize the importance of maintaining a strong peacetime Naval Reserve, trained and ready to man our fleet in the event of national emergency,

THEREFORE, I W. J. Douville, mayor of Thief River Falls, hereby proclaim Sunday, October 27, as Navy Day and call upon all citizens of Thief River Falls, to take part in observance of this day through the many channels open to them.

W. J. DOUVILLE,
Mayor.

Social Security Agent in City October 30th

A representative of the Social Security Administration at Grand Forks, N. D. will be at the United States employment service office in Thief River Falls on Wednesday, Oct. 30 at 10:00 a. m. Survivors of World War II Veterans should now inquire about their benefit rights.

Members of St. Lukes Hospital association and friends joined with officers of the association in a mortgage-burning ceremony at the Pine Cave following a dinner last night. The mortgage, representing an original obligation of $27,000, was paid in full this year. Vice president Waldie Christianson, presiding in the absence of president Carl Christofferson, was assisted by Frank Rinkel, director, in destroying the evidence of debt, following brief history of the association by H. O. Chommie.

Principal speaker of the evening was Ray Amberg, superintendent of the University hospital in Minneapolis. Mr. Amberg reviewed the progress in hospitalization over a period of seventy years, which, he said, had gone hand in hand with the progress in medicine. While hospital operating costs have increased substantially, cost of hospitalization to the patient has not gone up, he declared, pointing out that while the average per patient stay in a hospital a few years ago was 25 days, this average stay has now been reduced to 10 days.

Referring to the shortage of hospital beds in Thief River Falls, Mr. Amberg said most communities thruout the country are confronted with the same problem. Federal assistance probably will be available but before federal aid would be distributed statewide and community needs would be carefully surveyed.

Doctors Edward and Theodor Bratrud spoke for the Bratrud Clinic discussing plans for the removal of the clinic to new quarters and recommending the proposal that St. Lukes be operated as an open community hospital.

Robert Lund, speaking for the board of trustees, outlined the proposals of the board for expansion of hospital facilities, and asked for expressions of opinion on these proposals. Following a general discussion those present voted favorably on the program of development as recommended by the board. Possible extension of the present building was discussed briefly by M. O. Foss, architect who designed the original structure.

CANDIDATES BUSY NOW FOR ELECTION NOV. 5

Few Local Contests on Ballot; State Campaign Draws Major Interest

Interest in the Minnesota fall election campaign is increasing with Election Day, Tuesday, November 5, less than two weeks away. Candidates for the few local offices for which there is competition are actively canvassing the field, while Republican and Democratic-Farmer-Labor aspirants for state and federal offices are conducting an energetic campaign.

Heading the county and district ballot are the names of Harold C. Hagen and Verner Nelson, respectively Republican and DFL candidates for representative in congress.

W. E. Dahlquist, incumbent state senator seeking a second term, is opposed by Marius Waldal, white candidates for the two posts as representative from the 65th district are W. E. Day of Bagley, and C. S. McReynolds of Clearbrook, incumbents; and D. R. Shetterly of Red Lake county.

The only county official who has opposition on the ballot is Fred Lorentson, register of deeds, who is opposed by Oscar A. Nelson, Lars Hylden, seeking the office of county commissioner from the second district, is opposed by a stiker candidate in the person of Joe Maruska, who was recently appointed to fill out the unexpired term of the late P. W. Mabey.

Principal interest in the state ballot centers in the campaign for United States senator between Edward J. Thye, Republican, and Hubert Humphrey Jorgenson, DFL, and in the race for governor between Luther W. Youngdahl, Republican, and Harold H. Barker, DFL.

Expected to receive strong endorsement locally is Julius J. Olson seeking reelection to the post of associate justice of the state supreme court, opposed by William Christianson, the other incumbent.

DRUGGISTS MEET HERE WEDNESDAY

Late Canning

Well, the summer's about over, with late fruits peeping through the leaves in the orchard, and the last of the garden's vegetables pushing up through the earth. I am assuming you have most of your canning done, but there are some things that cannot be canned until date. That time will soon arrive, so be prepared!

Sometimes it is the things canned last that are the sweetest and best tasted out. That may be because we're in practice, but perhaps, too, it's because things like pears and grapes are in season, and the family likes end-of-the garden pickles best of all.

Look over what you've canned during the summer before winding up with a final session of canning and try to balance the canning cupboard and fill in spaces with the foods you need. Our recipes today are of a variety to help you do just that.

Pear Butter.

Wash pears, but do not peel. Slice and add a small amount of water to start cooking. Cook until soft, then press through a colander. To each cup of pulp, add ½ cup sugar, and a few spices, if desired. Cook to a paste, stirring frequently to prevent burning. Pour into sterile jars and seal at once.

You know fruit butters will spread a lot of slices of bread this winter, and put a damper on that sifting of the cookie jar. Here's how it's done with apples:

Spiced Apple Butter.

4 gallons pampared apples
1 gallon sweet cider
4 pints sugar
1 teaspoon allspice
1 teaspoon cinnamon

Pare, core and slice apples. Boil cider until reduced by one-half. Add apples to cider while boiling and cook slowly until the fruit is soft. Press through a sieve and then return to fire and continue cooking, stirring frequently to prevent sticking. When the fruit begins to thicken, add sugar and spices. Cook until smooth and thick. Pour into sterile jars and seal while hot.

End-of-the-Garden Pickles.

1 cup sliced cucumbers
1 cup chopped sweet peppers
1 cup chopped cabbage
1 cup sliced onions
1 cup chopped green tomatoes
1 cup chopped carrots
1 cup green beans, cut into 1-inch pieces
2 tablespoons mustard seed
1 tablespoon celery seed
1 cup chopped celery
2 cups vinegar
2 cups sugar
2 tablespoons turmeric

Prevent Bedsores

To prevent a person who is ill from getting bedsores, keep his skin in good condition by frequent bathing and massage. Keep the bed dry and free from lumps, wrinkles and crumbs.

Measure Cake Ingredients

Too much flour will cause a cake to be dry and crumbly. A cake will fall if too much liquid is used. Be sure to measure accurately, using standard measuring equipment.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

How Much do Children Learn from the Movies?

When children see a movie of which their parents disapprove, the parents are quite likely to ask: How much do my children learn from the movies and how much will they remember a week or a month from now? If the child does not learn much, nor remember it, the parent is less concerned than if he believes the child learned a great deal. Sometimes parents hope that the children sleep more than they do, and are disappointed that a movie they consider worth remembering has made so little impression upon the child.

Under the Payne Fund studies, Stoddard and Holaday showed 17 commercial movies to groups of children and adults, and gave tests to discover the information the audiences gained. One test covered the plot, and another related to general sketchbook, geographical and mechanical facts. They found that an eight-year-old child will see three out of every five items the parents see; a twelve-year-old sees three out of four and a sixteen-year-old will see 9 out of 10 items. Thus, the amount of information the children gained is high and children remember what they see.

After six weeks, second and third grade children remembered 90 per cent of what they knew the day following the movie; at the end of three months they remembered as much as they did six weeks afterward. Children of all ages tend to accept as authentic and true what they see in the movies. When children misinterpret what they see they may accept as facts what are really errors. These errors will be remembered as long as authentic material.

Action was remembered best "when it concerned sports, general conversation, crime and fighting, when it had an emotional tone, and when it occurred in a familiar type of surroundings, such as home, school, or tonement..." Action was understood and remembered least when it concerned activities unfamiliar to the children, when it was unexciting, and when it occurred in surroundings of an unfamiliar and uninteresting type.

Cases Coudburst

The so-called cloudburst is caused by violent upruthes of air which prevent the condensing raindrops from falling to the ground. When a large amount of water has accumulated at high levels and the upward currents weaken, all of the water falls at once. During a severe cloudburst at Porto Bello, Panama, almost 2½ inches of rain fell in three minutes.

Wash Sink

Wash kitchen sink occasionally with a rag dampened with turpentine to cut grease.

Old Universities

The oldest universities in the Western hemisphere were founded in Mexico and Peru in 1551.

Minnesota's 1945 harvest of forest products was led by pulpwood and conversion wood worth $45,771,000. Fuel wood was second at $19,062,500, lumber third at $17,550,000. Posts dropped to $2,100,000. Christmas trees a million and a half. Seven other miscellaneous wood items brought the total forest products to $90,956,000. Berries, fruit nuts, syrups, cones, and so on, accounted for another $2,022,000.

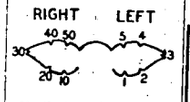
As seen in the illustration this chopping block for ear corn is a box supported on three legs. The block is set at one end, so that the chopped corn will fall, or may be brushed off into a basket.



Slot Machine Milk To Increase Volume

Coin vending machines will soon bring a drink of milk within easy reach in subway stations, office buildings, factories and apartment buildings and hotels, according to plans announced recently.

Completely sterile, the milk dispenser has the approval of the New York City department of health and research laboratories. First distribution of the machines is scheduled for early fall.

Parts of the mach. which come in contact with the milk, including the can and syphon, will be sterilized. Milk flowing into the container is sucked up through the syphon.

Ear-Marking the Hogs

Identification of all purebred hogs should be made before they are eight weeks of age by tattoo marking. Another method, illustrated, is the ear notching system. This system will take care of 100 different number combinations.

DDT Is Not a Panacea For All Known Pests

The most promising insecticide discovered, DDT nevertheless has many disadvantages, says George C. Decker and Carl J. Weinman of the University of Illinois. It is not effective against cotton boll weevil, plum curculio, chinch bug, Mexican bean beetle, cattle grub, screwworm and red spider.

It does have a long-lasting effect applied indoors to walls, screens and floors.

PUBLIC OPINION

Editor Times:

You folks may not recall just when that small item in the Kratka news, concerning Milan Austen being burned when his tractor caught fire—was printed. Well it was quite some time ago. Sit back now, and figure it up—a long time ago isn't it? To those especially concerned a very, very long time ago; and Milan is still in the hospital.

Mrs. Austin had help for a little while, but now that school is started the youths are gone. Help is one of those "non-available" items we have with us, along with plow shares, etc.

If it were you in the hospital wouldn't you be wondering and worrying about your winter's wood supply—fate for your stock and all the fall work?

We're all so busy taking care of our own "winters' work" I don't think we've considered taking a few days out to go over to Austins and see what we can do. "Many hands make light work"—let's try it. I bet we'll be surprised at what we can accomplish. How about tomorrow?

Better Off There

A shipwrecked sailor, who spent three years on a desert island, was overjoyed one day to see a ship. A small boat came ashore and an officer handed the sailor a batch of newspapers: "The captain suggests that you read what's going on in the world and then let us know if you still want to be rescued."

Guilty!

Two women were taking a stroll near Hollywood boulevard when a man with a red flag rushed out and waved them away.

"Don't go there," he shouted. "A movie is being shot."

"Well," retorted one of the women, "if it's the one I saw last night it deserves to be shot."

ACCOMPANIMENT

Sailor—Please, sir, I'd like next week off, if it's convenient.

CO—Oh, you would—what's up?

Sailor—Well, my girl's going on her honeymoon, and I'd like to go with her.

Veterans Should Apply Early for Certificates *in on the Job Training*

Veterans who contemplate pursuing a course of on-the-job training in industry or agriculture are urged to apply for their certificates of eligibility without delay.

It is pointed out by Stanley W. Nelson, Veterans Administration training officer, that the certificate of Eligibility amounts to the same thing as a bank check for tuition and subsistence. The veteran is not eligible for payments by the Veterans Administration until the certificate has been endorsed and received by the regional office, and therefore, it is important that the application be made before training is commenced.

The veteran has until four years after date of discharge or four years after the official end of the war, whichever date is later before he must initiate a course of training.

In making application for a certificate of eligibility, veterans are requested to bring a certified or photostatic copy of discharge (Navy veterans, notice of separation) to the local Veterans Administration, which will assist them in completing the application form.

From where I sit ... by Joe Marsh

On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or to criticize.

Because the spirit of harmony is there—harmony between folks who like each other's company, who enjoy the simple, homey atmosphere—with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a heap more important to be a poor fiddle player, than not to play at all. More important, to be part of the American scene—with its community music, home entertainment, friendly glass of beer—than to hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

PLUMMER SCHOOL CARNIVAL NOV. 1

Queen to be Crowned in Village Auditorium

Supt. Herman J. Berger, has announced the annual Plummer school carnival will be held on Friday, November 1, in the municipal auditorium, at Plummer. The program will consist of band novelties, skits, impersonations of famous radio stars. The highlight of the evening will be the coronation of the queen at 11:30 p. m.

Approximately 250,000 votes were cast before Tuesday, Oct. 22, for the queen candidates. The candidates for the grades are: First and second, Yvonne Thehart; third and fourth, Charlotte Polain; fifth, Dona Jean Mills; sixth, Carol Kela; seventh and eighth, Arlene Fossum. For the high school the classes have elected: Freshman, Eunice Jaeger; sophomore, Gladys Mahle; junior, Betty Craft; senior, Violet Wichterman.

In addition to the prizes offered in connection with the queen contest, there will be prizes offered for attendance and other attractions.

Home Message

A churchworker approached the town skinflint soliciting funds for foreign missions. "Huh, I never give a dime to them!" exclaimed the miser. The worker held out the box with which she was collecting money and said, "Well, in that case, help yourself to some of this money! It's for the heathen, you know!"

Proper Respect

"What happened after you were thrown out of the side exit on your face?"

"I told the usher I belonged to a very important family."

"So what?"

"He begged my pardon, asked me in again and threw me out of the front door."

Neat Trick

A salesman was proposing to his best girl. "And, sweetheart," he finished, "I'll lay my whole fortune at your feet."

"It isn't a very big fortune," she reminded him.

"I know, dear," he replied, "but it will look awfully big beside your little feet."

He got the girl.

Nobody's Fault

Three drunks appeared before a magistrate charged with reckless driving arising out of an accident.

"Who was driving, when you hit that pole?" asked the judge.

"No one, yer honor," responded one. "We was all in the back."

(2) And that the amount required to redeem said piece or parcel of land from said tax sale, exclusive of the fees to accrue upon this notice, is the sum of Thirty-Nine and 71/100 Dollars, together with interest on $39.15 thereof, at the rate of 6 per cent per annum from the 2nd day of July, 1946, to the day such redemption is made.

And the further sum of $44.37, being the amount of delinquent taxes, penalty and costs for the year 1940, upon said piece or parcel of land, together with interest on $44.37 thereof, at the rate of 8 per cent per annum from the 2nd day of July, 1946, to the day such redemption is made.

And the further sum of $20.63, being the amount of delinquent taxes, and penalty for the year 1941, upon said piece or parcel of land, together with interest on $20.63 thereof, at the rate of 8 per cent per annum from the 2nd day of July, 1946, to the day such redemption is made.

And the further sum of $22.44, being the amount of delinquent taxes, and penalty for the year 1942, upon said piece or parcel of land, together with interest on $22.44 thereof, at the rate of 6 per cent per annum from the 2nd day of July, 1946, to the day such redemption is made.

And the further sum of $25.57, being the amount of delinquent taxes, and penalty for the year 1943, upon said piece or parcel of land, together with interest on $25.57 thereof, at the rate of 6 per cent per annum from the 2nd day of July, 1946, to the day such redemption is made.

And the further sum of $26.57, being the amount of delinquent taxes, and penalty for the year 1944, upon said piece or parcel of land, together with interest on $26.57 thereof, at the rate of 6 per cent per annum from the 2nd day of July, 1946, to the day such redemption is made.

(3) That the tax certificate of sale issued to said purchaser has been presented to me by the holder thereof and due notice requested.

(5) That the time for the redemption of said piece or parcel of land from said tax sale will expire sixty (60) days after the service of this notice, and the filing of proof of such service in my office.

WITNESS my hand and official seal this 27th day of September, 1946.

THE FLAX FUMBLE

When the ceilings were removed from flax last week the market value of this crop jumped more than $2.00 a bushel. With 90% of the flax already sold however this increased value did not benefit the growers. They had sold at the ceiling price, assured that that ceiling would remain in effect throughout this crop year. This piece of administration fumbling has cost the agricultural communities of the Northwest many hundreds of thousands of dollars. This corner of the state being one of the leading flax growing territories of the Northwest, the loss to our communities has been very grent.

Certainly the interests of agriculture received little consideration in the handling of this control. Had the ceiling been left off when it was off late this summer then this year's crop would have been marketed at a price based on world supply and demand. We never grow enough flax for our own needs and this particular crop deserved special consideration in the lifting of ceilings for this reason. As the controls have been handled the growers have been penalized not for the benefit of consumers but for the enrichment of those who gamble and the processors. The growers are justified in being indignant. They have received shabby treatment from a government with which they have cooperated splendidly thruout the long years of the emergency.

Sixty-two thousand passenger cars rolled off the assembly lines last week and if these cars were parked in one lot it would look like quite a many. But it is not many in terms of the country's need. Distributing these thruout the nation according to population and there would be about five for Pennington County—less than one a day. The car dealers who have the responsibility of deciding who should have that occasional new car have our sympathy.

Coal mines are still operated by the federal government, but that in itself does not mean that they will continue to be operated. John L. Lewis has issued an ultimatum to Uncle Sam threatening to close the mines unless certain conditions are met, and immediately. It is a declaration of war. Faced with a critical coal shortage in the country even if the mines are operated, the government is not in a position to haggle over details. It must either yield or fight. Pacing this showdown on the eve of an important national election is going to give Washington officials a few sleepless nights.

Looking Backward

1916—THIRTY YEARS AGO

Charles Westby, plasterer and cement worker, burned to death when an overturned lamp set fire to his shack in the south west section of the city.—Fearing that the power plant might be unable to carry the load placed on it Supt. Leonard Peterson arranged to curtail street lighting during the coming winter.—Bernhard Knudsen purchased the Son Cafe from Dennis Kavanaugh.—E. A. Mostue, county superintendent of schools, attended a conference in St. Paul.

1926—TWENTY YEARS AGO

Herbert Fuller was reelected president of the county fair board at the annual meeting.—The price of gasoline dropped here one cent, making it 25.2 cents.—The dedication of the new Trinity church building has been set for November 7.—Former Governor John Lind spoke in this city in behalf of the candidacy for congress of Knud Wefald of Hawley.

1916—TEN YEARS AGO

In a little more than two hours, the most destructive fire in the history of Thief River Falls last week destroyed the Den Mercantile company building and stock of merchandise with loss estimated at $150,000, including damage to numerous nearby buildings. Hasmus Oen announced that work of rebuilding the store would get under way immediately.—Wm. J. Brown, onetime local attorney and real estate dealer, died in Beaumont, Texas.—Dennis Conely, 86, for 51 years a resident of this community, died October 23 after having been injured in an automobile accident.

REAL TACT

A salesman was proposing to his best girl. "And sweetheart," he finished, "I'll lay my whole fortune at your feet."

"It isn't a very big fortune," she reminded him.

"I know, dear," he replied, "but it will look awfully big beside your little feet."

He got the girl.

Worth More Then

"Zeke," admonished the farmer, "when I took your calf to pasturage you agreed to pay me a dollar a month for the accommodation. Five months have gone by, and you haven't paid me a cent. If you don't pay me right away, I'll have to take the calf."

The old darkey shuffled his feet, frowned, and plaintively replied, "Mister Jones, dat calf am wuth mo' than five dollars."

The former was obstinate. "You pay me or I will take your calf," was his ultimatum.

The darkey scratched his head, pondered briefly, and then replied: "I'll tell you what I'll do. I believe dat calf am wuth mo' than five dollars, but if you will keep him for one month more, den I'll give him to you for de pasturage."

Bemidji Team Whips Prowlers 26 to 7 in Rough Game Friday

The Prowlers bumped into another homecoming celebration—and a couple of long touchdowns run—at Bemidji on Friday night and the result was that locals came home carrying the short end of a 26 to 7 score.

Coach Lindenmeyer's squad will return to conference competition this week, meeting the ever-dangerous Crookston "Pirates" at Crookston on Friday afternoon. Crookston, with such backfield veterans as Andy Carey, Don Wheelhouse, and Duke Youngquist, and with an improving line, has developed into a conference threat, and its record of three wins and a losss puts the Pirates into the runner-up spot in the Grand Forks team in the league standings.

Friday night's rough game at Bemidji — two Bemidji players were ejected for rough tactics—found the Lumberjacks exploding for a touchdown on the third play. Les Vigness booted the kickoff to Don Sievek, and his 15-yard return brought the ball to the Bemidji 41-yard line. Sievek, on a dive into right tackle, gained two yards; and then Warren LaDue, on a reverse from a double-wing-back formation, circled left end for 57 yards and a score. Hensel's place-kick try for the point was wide of the goal.

The Jacks were held scoreless until midway in the second period when, taking the ball on downs on their own 38-yard line when a Prowler fourth down play failed to make yardage, they began a drive for a second touchdown. Clarence "Butch" Crosby, one of the Bemidji stars, broke loose for an 18-yard run, knifing through left tackle and sprinting across the east goal line. Mohler, with a run of 11 yards, and Crosby, with a gain of 37 yards, had brought the ball to the locals' 18. Hensel's place-kick for the extra point hit the goal post and bounded out.

Don Sievek, who, incidentally was the homecoming "king", accounted for the Jacks third touchdown, and the most spectacular run, scoring in the third period. The Prowlers had driven the ball to the Lumberjacks 30-yard line, but a fumbled lateral pass on fourth down gave possession to Bemidji on the 34. Sievek, running with power, broke through right tackle and, with the aid of a couple of good blocks, was loose for a twisting 66-yard touchdown run. Calhoun place-kicked extra point, and Coach Red Wilson's team held a 19 to 0 lead.

The Jacks final counter was tallied in the fourth period when a drive, starting with Mohler's catch of Swede Lund's punt on the 30-yard line, found Bemidji racking up four first downs, bringing the ball to the locals' 2-yard line. Don Sievek, on the first play of the fourth period, smashed over right guard for the score. Calhoun's place-kick was true and Bemidji had 26 points.

The Prowlers, revealing fine spirit, came back to out-play the Lumberjackss and avert a shut-out scoring in eight plays following the kickoff. Vigness made a 36-yard return of Calhoun's kick, and was very nearly away for a touchdown run. Lund spun into the line for 6 yards; Vigness rippel through right tackle to the Bemidji 40-yard line. Don Engelstad hit left tackle for 7 yards, and Bob Larson, on a quick opening play, made a nifty run to the Jacks' 11. Vigness gained a yard; a pass was incomplete; Larson, on a sneak, made a first down on the 3-yard line; and then followed with a plunge for the score. Vigness added the point on a lunge at right tackle.

The Prowlers nearly had a second score, the game ending with the locals on the Bemidji 1-yard line.

Bemidji, running their plays from a double wing-back formation, but also using a T formation at times, baffled the Prowler defense during the first half, with Crosby, Mohler, and Sievek running for long gains. In the second half the locals held Bemidji to four first downs while marking up six first downs. Les Vigness, Swede Lund, Don Engelstad, and Al Williamson turned in fine all-round performances for the Prowlers, with George Paulson being the line's stand-out. "Butch" Crosby's offensive and defensive play was the highlight of the Bemidji eleven, with Don Sievek pressing Crosby for top honors.

The summary:

Lutheran Tent Mission Met in Warren Monday

Rev. G. P. Ronholm was engaged as full time chaplain to visit the hospitals and homes for the aged at the annual meeting of the Lutheran tent mission held at the North Star Bible college in Warren Monday. A discussion was held on the purchasing of a new tent for future meetings, and plans were made for the ensuing year's work.

Rev. Lindholm of Roseau, who will leave soon to take up a new pastorate in Illinois, retired from the board, and new members of that group include Rev. Arvid Larson of Strandquist, Rev. Carl F. Johnson of this city, Rev. A. C. Rykken of Roseau, and Norval Torkelson of Karlstad. The tent mission conducted eight weeks of meetings the past summer.

Games last week:

Grafton, 6, at Grand Forks, 39.
Devils Lake, 12, at E. G. Forks, 14.

Games this week:

Thief River Falls at Crookston.
Grand Forks at East Grand Forks
Grafton at Devils Lake.

This will be an important week as far as North Valley conference play is concerned, with all teams in action. The important contests, which will have a direct bearing on the conference championship, are the Grand Forks Maroons vs. East Grand Forks game and the Crookston Pirates encounter with the Prowlers. If the Maroons defeat the Green Wave, and they are the heavy favorites, they will clinch at least a tie for the title; but if they should be upset by "Snooks" Sullivan's eleven, and if the Crookston Pirates, playing on their home field, should take the measure of the Prowlers, the Pirates would move into the conference lead and earn a deadlock for the championship. The game is Crookston's final conference engagement.

The Prowlers' Les Vigness, although taking a "vacation" from conference play, continued to hold the individual scoring lead, but he's being closely pressed by East Grand Forks' Cy DuCharme. DuCharme accounted for both of the East Grand Forks touchdowns against Devils Lake on Friday, and also contributed an extra point, to build his scoring total to 26 points. Grand Forks' Jim Blischke added a touchdown to his string, too, when the Maroons swamped Grafton, 39 to 6, last Thursday.

The individual leaders:

GI Farm Training to be Goodridge Topic Monday

An organization meeting will be held at the Goodridge school gymnasium Monday evening, October 28, at 8:15 for the purpose of enrolling veterans interested in agricultural training. All farm veterans are urged to attend, and are asked to make application for certificates of eligibility in advance of the meeting.

Joseph Kreminski Buys Harry Winters Apiary

Joseph Kreminski, who for the past ten years has been manager of the Tanquary Honey Farms of Warren, and St. Louis County bee inspector, has purchased the Harry Winters Honey apiaries of St. Hilaire. Mr. Kreminski will establish his business in Thief River Falls and it will be known as the Kreminski Honey Co.

TOWNSEND CLUB TO NAME OFFICERS NEXT SUNDAY

Officers of the local Townsend Club will be elected at a meeting next Sunday afternoon at 2:30 in the Civic and Commerce rooms, it was announced today.

Keeping Score

... WIN, DRAW OR GLORE

It's a Fact

To muffle the skeptics and the belittlers, John Anderson, fourth ward alderman, had Game Warden Bill Borchert make an examination of the doe deer that he, John, bagged with a bow and arrow on Sunday, and Game Warden Bill will testify that that doe was killed by a broadhead arrow and that he'll make an affidavit to that effect.

John was hunting along the Beltrami Island game refuge on Sunday, with Clarence Kverno and Dale Jensen, when they noticed three deer, all does, feeding by the side of the road. The deer permitted the party to come within shooting range, and John, using a bow with a 45-pound pull, made his shot at about seventy-five feet, with the arrow passing completely through the deer. At first John's partner contended that he had missed the shot, but the doe made too much of a commotion as she went into the brush and acted like a badly wounded animal. A short walk and they came upon the doe as it was dying.

So far John is the only one of more than twenty-five of the city's bow and arrow hunters that has filled his limit, but several have had good shots. Gene Sjoberg was within thirty feet of a deer on Sunday, but missed his shot. And that was due to lack of practice for Gene has just taken up the sport of archery. By the way, John Anderson isn't an old hand at archery either having been on the target range only a few times. He's so cocky about his marksmanship now, though that he is going to take his bow and arrow along to South Dakota next week, when he and Carl Kretzschmar go after pheasants. If he comes back with a story abouting a pheasant "on the fly", well, he'll need a couple of affidavits.

A Challenge

Henry Alexander "Heinie" Waag the bowler with the three-step and curve-ball delivery, wishes it known that not only will he be the high average bowler of the V. F. W. team, of which he is the pilot, but that he will also be the high average bowler of the Monday night league when the season ends. Heinie says that such bowlers as Walt Beatty, Vic Jung, Ham Berglund, Ambrose Wyosaki, Nicky Carlson, and Ed Karwand won't be able to withstand the pressure he'll put on them in mid-season.

Well, such talk by Heinie is like the weather reports of the past week; fair and windy.

Bob Baker Available

Bob Baker, former Prowler hockey captain, and an all-state selection in 1945, is home on a short furlough, but he states that he will be receiving his army discharge the latter part of November and that he expects to spend part of the winter here and playing hockey. Bob intends to go to college, and he isn't decided as to which school he'll attend, but believes that it will be wiser to wait until next fall before enrolling.

With Bob on hand, and having Babe Paulson, Tony Dorn, Connie Stanbridge, Mouse Efteland, Pug Lund, Bob Prots, Irv Wilson, Lloyd Johnson, and others the Seniors should put a strong club on the ice.

Pirates vs. the Prowlers

And if the game at Crookston on Friday is a Pirate Homecoming the odds will be in favor of Coach Johnson's eleven, for the Prowlers haven't been the winners in a Homecoming tussle this year, losing to Grafton and Bemidji.

Since 1915, Crookston and Thief River Falls have engaged in twenty seven football games, with the Prowlers winning eighteen, losing five, and tying four. The highest score tallied by the locals was that 43 to 0 win that George Lee's undefeated team of 1937 recorded.

Last year Glenn Hanna's high-scoring club scored a 41 to 0 win in a rough encounter. This year the game appears to be a "toss-up, with Crookston having the advantage of playing on its home field, and with more veterans in its lineup than the Prowlers possess. Given a dry field, the fans should see plenty of scoring with Les Vigness, Swede Lund, Al Williamson, Bob Larson, and Marlow Davidson doing the running for the locals and chunky Andy Carey, Don Wheelhouse and Bill Youngquist being the Pirate threats.

River Fishing Getting Better

Emil Norquist, fishing the Thief river near the Soo roundhouse, caught a 5½ pound walleyed pike this week. That catch perhaps indicates that the pike fishing in the river is improving, and it's about time for it's been "slow" all summer.

BIG FESTIVAL SET FOR U HOMECOMING

Annual Event Scheduled for November 7 to 9th

The Purdue game November 9, will mark one of the greatest homecoming celebrations seen on th University of Minnesota campus for many years. With student ranks swollen by returned veterans determined to make up for the homecomings they have missed the number of spectators and participants for the various scheduled events is expected to be at an all-time high.

Featuring an Indian theme with the slogan "Pursue Purdue" activities will begin on Thursday, November 7, with the selection of a homecoming queen to reign over the three-day celebration. Each of the many organizations on the campus, fraternities, Y clubs, vet clubs, etc., may sponsor a candidate for queen of homecoming honors.

At 5:30 p. m. Friday alumni will register in Coffman Memorial Union. Following registration, an alumni dinner will be held in the Main Ballroom of the Union. This dinner, which is scheduled at 6 p. m., will feature such guests of honor as Fred Hovde, president of Purdue and former All American from Minnesota, Coach Cecil Isbell from Purdue and Coach Bernie Bierman. Clifford Menz will be the featured vocalist at the banquet. A local radio station will broadcast from the Ballroom.

At 7:30 p. m. the Varsity Show is to be presented in Northrop Auditorium. This year the show, under the direction of Dr. Robert Winslow, of the University music department, is of a musical theme, and will be composed mainly of student talent. The traditional pep rally and bonfire will begin at 9 a. m. at the University parade grounds. Following the bonfire, a pep dance will be held in the Union Ballroom at 10 p. m. Tho fraternity and sorority house decorations also will be judged this evening.

On Saturday, November 9, the game day, events will begin with a homecoming parade at 10 a. m.

It's not that we don't love our work!

WE DO LOVE our work—but these days, we almost dread leaving home and going to our showroom.
So many people want new Packards, and there are so few coming through!
But you can't build cars without materials!
The factory is straining every effort to get more parts and material so production can be increased.
We're doing our best!
Some cars have been shipped with wooden bumpers, some without window regulator handles. This costs the factory a lot of money, for it means that replacements must be shipped and installed later.
Under such difficulties, it's a wonder the folks at the factory have done as well as they have. This year, compared to the same period of 1941, Packard has built a higher percentage of cars than the industry as a whole.
We don't dare predict!
Our customers have been so patient that we'd like to sound some optimistic note.
Scrap iron has been so scarce that Packard started the ball rolling on a nation-wide collection drive!
Take care of your present car!
Until you're sure of getting a new one, give your present car the best of care.
Lots of cars are running better and lasting longer because our trained mechanics have serviced them right. Give us a chance to catch those *little* troubles before they grow up into *big* ones.
Bring your car in any time. We're short on new cars, but we're long on helpful, car-saving service.

POLIO FOUNDATION GIVES MILLION TO STATE CAMPAIGN

March of Dimes Funds Given Liberally to Aid State Fight on Disease

Financial aid from March of Dimes to fight and study recent infantile outbreaks in Minnesota—worst in the state's history has reached more than $1,000,000, it was announced today by Basil O'Conner president of the National Foundation for Infantile Paralysis.

Mr. O'Connor made the disclosure in announcing that two checks totaling $256,000 had just been sent to Minnesota to meet extraordinary hospital and other expenses incurred because of the epidemic in the state. Funds are for purchase of equipment, payment of physicians' fees and salaries of nurses, physical therapists and other personnel.

One check for $185,000 was sent to the Minneapolis polio emergency committee which is maintaining two hospitals for treatment of polio patients in that city. Previous checks totaling $240,000 from the National Foundation to this committee brings the Minneapolis total to $425,000 this year.

The other check for $100,000 was sent to the state of Minnesota emergency poliomyelitis committee. A check for a similar amount was sent earlier to equip hospitals and provide physicians and nurses for epidemic duty outside Minneapolis.

Mr. O'Connor also revealed that National Foundation had supplemented funds of 33 chapters in Minnesota so far this year by $269,555 to provide care for those stricken. Last year, he said, only eight Minnesota chapters required $10,810 in such supplemental aid.

Latest figures for Minnesota showed 2,588 infantile paralysis cases with 188 deaths, Mr. O'Connor said, compared with only 152 cases in the state during the same period last year.

Besides the $934,555 in epidemic aid, Mr. O'Connor said that the National Foundation in August made a $210,860 special grant to the University of Minnesota to conduct a three-year study of every phase of the 1946 epidemics in the state. Previously the National Foundation had allocated $517,000 for polio research at the Minnesota institution.

Attendance at State Parks Reaches Record Total in Past Season

Forecasts of last spring for a record-breaking public use of Minnesota State Parks were confirmed in the preliminary report released today by L. E. Fiero, director, division of parks.

"Nearly 1,900,000 people visited the 34 state parks the past summer to picnic, camp in tents or trailers, vacation at Douglas Lodge or overnight cabins, use the swimming beaches and otherwise enjoy the parks," Fiero reports. "This is a substantial increase over the 1945 attendance figure of 1,343,000 and tops the 1941 prewar record of 1,350,000."

Fiero stated that with few exceptions the facilities were taxed to the limit and that a large demand for accommodations at Douglas Lodge and for cabins could not be taken care of. In 1945 these facilities were used for 11,549 days, whilein 1946 the use increased to 13,236. Camping increased from 2,700 to 5,100.

STATE PTA GROUP BACKS GOVERNOR'S SCHOOL AID PLAN

Endorses Proposal to Simplify and Improve Method of Giving Aid

Joining in action taken by other interested groups, the Minnesota Congress of Parents and Teachers Associations, meeting in their annual session this past week, endorsed the program for simplifying and reorganizing state aid to schools worked out by the special school aid committee appointed by Governor Edward J. Thye.

The committee, made up of educators, business men and representatives of other groups, has been busy for more than a year under the leadership of Dr. I. D. Christianson of the University Farm School as its chairman, seeking to develop a better system of handling state aid. The recommendations of the committee, embodied in a recent report, have attracted wide attention among persons interested in improvement of Minnesota's schools and now are being put into a bill, to be presented to the legislature at the next session. Representatives of the Parents and Teachers' Association discussed various features of the program at their Albert Lea meeting and voted to endorse the program.

Governor Thye's purpose in asking for the study, aside from the long recognized need of simplifying Minnesota's complicated pattern of state school aids, was to determine whether a revision could be made that would make more effective use of the state assistance and at the same time assure more adequate support for the schools that are not able to provide adequately for their pupils.

The plan formulated and recommended by the committee calls for an additional outlay of $7,000,000 more a year by the state and added contributions in some cases by local sources of revenue. Most districts in the state would get more state aid than they now are receiving, department of education officials say. Heart of the program is a provision setting a minimum educational standard to be provided for each pupil, with the state and the local district sharing the cost under a scale of aid that varies with financial resources of the district.

SILVERTON

Sunday school Sunday, Oct. 27 at 1:30.

Services at 2:30.

The Silverton congregation celebrated its 40th anniversary last Sunday October 20th. Norwegian services were conducted by a former pastor, E. O. Sabo of Mavie, at 10:00 a. m. Pastor E. O. Urness sang a Norwegian solo at the service. Rev. Carl Opsahl of Halstad conducted the English service at 11 a. m.

The Sunday school children and confirmands of this year sang "My Church, My Church" and also special music by a quartette: Mrs. Benhard Wold, Mrs. Carl Torgerson, Pastor Urness and Paul Peterson.

Dinner was served at noon by the Ladies aid in the church parlors.

At the afternoon service the neighboring pastors G. S. Thompson of Thief River Falls, and O. O. Bjorgan of Goodridge extended greetings to the congregation from their respective congregations and Rev. Opsahl gave a talk about his experience as a chaplain overseas. Pastor Urness gave the history of the church and also read greetings from District president, R. M. Fjelstad and vice president, J. Korshavn. Special music by the quartette and trio the Omundson sisters of Thief River Falls.

Lunch was served at the close of the service.

Emma Hanson and Julius Hanson were Monday callers at the Henry Hanson home.

Mrs. Bertha Wade of Hillsboro, N. D. visited from Sunday until Tuesday at the Syvert Hanson, Herman Christopherson and Clarence Peterson homes.

Sunday evening visitors at the Syvart Hanson home were Mr. and Mrs. Wilhelm Hanson and son Richard.

Mr. and Mrs. Jens Letnes and daughter, Mrs. Bertha Wade of Hillsboro, N. D., Mrs. Knute Loyland and daughter Thora of Grand Forks attended the 40th anniversary of the Silverton church on Sunday.

Overnight guests at the Halvor Flodstad and Herman Christopherson home were Mr. and Mrs. Jens Letnes of North Dakota.

Supper guests at Syvert Hansons on Monday evening Mrs. Bertha Wade of Hillsboro, N. D., Margery Ofstedahl and Ernest Erickson of Thief River Falls.

Mrs. Ralph Carlson of Beach, N. D. spent from Tuesday until Friday at Mispah visiting relatives. On Sunday evening she left for the twin cities returning Tuesday morning to her parental home at Casper Bondley's.

FEATHERED CHICKENS LIKE AUTOES, TOO

When Virgil Wensel drove into Hector he wondered why so many people stared so interestedly at his auto. Two chickens had coolly roosted on the rear bumper for the nine-mile ride. Ted Westerhaug completed a carpentering job on Odin Leabo farm and drove home to Fergus Falls. Next day he drove down town to have the car oil checked. Roosting under the hood was one of Mr. Leabo's chickens, and in the oil pan was an egg.

Soybean Oil

Before 1935 most soybean oil was used in soaps, paints and varnishes. Today it finds a wide variety of uses but largely for edible products.

WINTER SHOWS SET FOR FEB. 24 TO 28

1947 Shows Are Put off until End of the Month

The annual fall meeting of the board of managers of the Red River Valley Winter Shows was held at the office of the president, T. M. McCall, at the Northwest School, Crookston, on Friday, October 18. The dates February 24 to 28, inclusive, were selected for the 1947 Winter Shows at Crookston.

Harold Thomforde of Crookston secretary of the Northern Minnesota Poultry association, announced that state poultry quarantine regulations prohibit the holding of the 39th annual show of that organization this year. Other departments of the Winter Shows are planning on capacity exhibits.

O. C. Soine, superintendent of crops, announced that the crops show in 1947 will occupy the entire second floor of the livestock pavilion. Other improvements announced by President McCall include the new location of the Red River Valley Livestock association offices on the balcony floor of the pavilion and new concession space on the floor formerly occupied by the crop show.

The change in dates of the Winter Shows from the traditional first week in February to the last week of that month was made upon recommendation of the Red River Valley Livestock association and the Winter Shows livestock sales committee. Plans were made for the farmers and homemakers meetings to be held during Winter Shows week.

State Christmas Seal Group Forty Years Old

Back in 1906 when an organization calling itself the Association for the Prevention and Relief of Tuberculosis was formed in Minnesota, 105 out of every 100,000 Minnesotans could be expected to die of tuberculosis each year.

When the Minnesota Public Health Association—the name which the original group took later—celebrates its 40th birthday in Minneapolis on October 25, an entirely different Minnesota health outlook can be reported. Only 25 persons out of every 100,000 persons died of tuberculosis in 1945. And great gains in other state public health programs have been made in the organization's 40 years in the state.

Eighteen per cent of all home fatalities are caused by burns. And for every fatality, many more persons are permanently disabled or

NEWFOLDEN

Mrs. Carl Hanson, accompanied by Mrs. Carl Olson and Henry Hanson of Warren returned on Saturday from Minneapolis, where they consulted specialists regarding a growth on Mrs. Hanson's cheek. The doctors found nothing alarming in the growth saying that it was a growth only and would have removed at a later date.

Pete Tandberg, accompanied by Melvin Ihle, Olaf Green and Emil Dyrud, left on Friday for South Dakota to hunt pheasants and ducks.

Peter Dyrud, who has been in poor health for some time, was taken to a Thief River Falls hospital on Wednesday of last week for treatment.

Charles O. Taylor, who recently sold his farm north of town last week purchased the residence from Otto Hjelle, formerly occupied by Mr. and Mrs. Andrew Larson. Mr. and Mrs. Taylor are retiring from farming and will move into their new home in a few days. The Larson family had pressed for a place to live have finally rented the building formerly occupied by Dr. Johnson and started moving in on Monday.

Mr. and Mrs. Peter Tandberg and sons, Ralph and John autoed to Lake Park on Wednesday of last week. Pete returned the same day, while Mrs. Tandberg and the boys remained for a visit with Mrs. Tandberg's parents, Mr. and Mrs. Vincent Keogh.

Mr. and Mrs. Gordon Elseth and Raymond Elseth visited on Saturday afternoon with Mrs. Raymond Eleth who is a patient at a Thief River Falls hospital where she underwent an operation for removal of appendix last Friday.

Hans Bjornstad, who has been working with the Soo Line Extra gang out of Minneapolis this summer, has decided to spend the winter on his farm near Avalo. He has been busy for some time now on the house and getting things ship shape and cozy for the winter. Saturday he purchased a bed room set from Halbert Amundson.

LeRoy Knutson, son of Mrs. Alice Knutson arrived home last Friday after spending 20 months in the Philippine Islands with the U. S. Army. Le Roy expects to receive his discharge now in a short time.

Alvin Nelson, local carpenter, has rented the building south of the Funeral Parlor from Hjalmer Stokke and is using it as a carpenter shop. He has installed several of his power wood working machines and now has a place where he can turn out most any kind of millwork.

George Clow and Alex Willkie of Noyes were Sunday visitors at the John Haaseth home.

Mr. and Mrs. C. H. Cook and daughter, Barbara were supper guests at the Rev. G. P. Ronholm home in Thief River Falls on Sunday.

Mrs. August Swenson of Minneapolis spent a few days last week visiting here with her son, Paul.

Joe Matousek, who was taken quite ill at his home north of town on Friday evening, is said to be improving and soon hopes to up and around again.

C. P. Haugen Celebrates 84th Birthday

The following children and and grandchildren helped C. P. Haugen celebrate his 84th birthday Thursday evening, October 17 at his home: Mrs. John Bakke, Raymond, Harlan and Roy; Mrs. H. C. Haugen; Mr. and Mrs. Albert Knutson; Mr. and Mrs. Gust Haugen and Avis Engelsrud of Thief River Falls; Mr. and Mrs. Carl Haugen; Mr. and Mrs. Conrad Engelsrud, Verna and LuAnn, and Mrs. Clara Windahl.

After a short program Avis Engelsrud presented Grandpa with the birthday gift, after which lunch of lefse birthday cake and ice cream was served.

Mr. and Mrs. Walter Tjosaas and children are visiting and friends at Benson, Minn. Mr. and Mrs. August Berg, of Argyle are taking care of the farm during their absence.

Mr. and Mrs. R. L. Van Deusen and children, Larry and, Janice, left on Friday evening for Plummer, where they visited a couple of days before going on to Milton, where Mr. Van Deusen has accepted a position as station agent and the family will make their home. The Van Deusens came here about two and one half years ago from Karlstad. In the time that they have been very active in civic, school and fraternal affairs, and have made a host of friends who will miss them very much. We had hoped that they would like Newfolden and remain here for a long time, but Milton is a very desirable location in the heart of the lake country, which seems to be the ultimate aim of all depot agents. Van was back here again on Saturday and Monday to clear up the work at the office. Their son, John Van Deusen, will act as relief agent here until another regular agent arrives.

Legion and Auxiliary members are now busy selling tickets on a choice fat turkey too and bed which will be raffled off at the Legion Auxiliary Carnival at the school house on Friday evening, November 8.

OSCAR HANSON BUYS TOWNS FIRST AIRPLANE

Oscar Hanson, local garageman, who has been taking flying lessons for the past year, and who recently received his pilots license, purchased a new plane of his own last Friday. The plane is an Aeronca Chief, which is a two passenger plan in which the passengers sit side by side. Oscar bought the plane from a man at Payneville, who has only used the machine for 20 hours of flying. At present Oscar is keeping the plane at the airport in Thief River Falls until a suitable hanger and field can be fixed up here.

Mr. and Mrs. Oscar Dahlin Honored on Silver Wedding Anniversary

A large crowd of relatives and friends gathered at the farm home of Mr. and Mrs. Oscar Dahlin in Comstock last Sunday afternoon in honor of their twenty-fifth wedding anniversary.

To the strains of a wedding march played by Mrs. Harris Youngquist the honored couple were ushered to their seats by Mr. and Mrs. Elling Berger, the same ones who acted as the attendants at the ceremony twenty-five years ago. The ladies were corsages of pompons a gift of Mrs. Dahlin's daughter, Mrs. L. Fossell.

An Enoch Arden Story With a Happy Ending

EL PASO. — M.Sgt. George Phillips' Enoch Arden story had a happy ending.

He was honeymooning with his wife, who had married another man after the war department mistakenly reported her soldier-husband dead.

Mrs. Virginia Phillips, 32, had her marriage to Robert P. Moore, Phoneton, Ohio, annulled and remarried Phillips.

The sergeant has filed a petition asking permission to adopt the 14-month-old son born to his wife and Moore. The infant, Frank, and the Phillips' own two children, Luellie, 13, and Lavena, 11, were with them on their honeymoon.

Phillips, 32, was liberated from a Jap prison camp last September.

"George came to me," Mrs. Phillips said, "and when we looked at each other I knew it could be no way for us except together."

Farmer Forced to Give Up 15 of 17 Mongrel Dogs

BALTIMORE. — January 30 was a dog-gone sad day for Franklin D. Fulton.

The 48-year-old retired engineer, who lives on a 12-acre farm, parted company with 15 of his 17 beloved mongrel dogs.

On a magistrate's advice, he turned them over to the Society for the Prevention of Cruelty to Animals for eventual destruction.

Two of them he was permitted to keep.

Neighbors complained to police court that Fulton's pack was destructive. Fulton was advised to get rid of 15 of his 17 dogs or face charges of maintaining a public nuisance.

A RESOLUTION

State of Minnesota,
County of Pennington—ss.

IT IS HEREBY RESOLVED, that all lands, which pursuant to Chapter 386, Laws of 1933 as amended, have been forfeited to the State of Minnesota for non-payment of taxes, and the resulting law declaring the forfeiture of lands to the State for non-payment of taxes, shall be offered for sale to the highest bidders at the office of the County Auditor in the Court House in the City of Thief River Falls in said County and State, commencing at 10:00 o'clock A. M. on the 20th day of December, 1946, a list of said lands being on file in the office of the County Auditor of said County.

Dated this 8th day of October, 1946.

The County Board of Pennington County, Minn.

PAUL ROY, Chairman.

(Seal)

Attest: A. M. SUNSTAD,
County Auditor,
Pennington County, Minnesota.

NOTE: TERMS OF SALE: Cash at the time of purchase.

CITES HANDICAPS OF HIGHWAY DEPT.

Technical Help Lacking, M. J. Hoffman Reports

Shortage of experienced technical help, already hampering Minnesota's highway construction program, may develop into a serious situation in 1947 and 1948, M. J. Hoffman, commissioner of highways, said today. The situation may cause delay in starting many programmed projects, due to inability to complete plans.

"The 1946 construction program has been restricted by inability of contractors to obtain materials, equipment and manpower, but the lack of technical help in the department may prove to be a more serious bottleneck during the coming months," said Mr. Hoffman. "The department had difficulty in staffing the crews supervising the restricted 1946 construction program. This was partly relieved by transfer of men from the division of plans and surveys, but this in turn is delaying completion of plans for projects programmed for letting this fall or next spring. State and federal funds are available for large construction programs in 1947 and 1948, but lack of engineers and draftsmen may make it impossible to complete the necessary plans and specifications and thereby delay many individual projects and seriously curtail the program.

"Besides hampering the current construction program, the shortage will have serious future effects. High wages paid elsewhere are attracting the type of persons who formerly sought employment in lower grade positions with the hope of working up to better grades. The department's long range program of training personnel for higher administrative and technical positions will suffer from the present prolonged shortage of adequately educated technical help."

BRANDT SEES CUT IN BUTTER PRICES

Supplies to Increase Late in Fall, He Says

Butter prices have gone down, and John Brandt, president of Land O'Lakes Creameries, pointed out today that the thousands of farmers who form the membership of Land O'Lakes are pleased with reasonable declines for one big reason.

"That reason," said Brandt, "is the fact that on a free market, the consumer set the price of butter instead of a government bureau. "We have insisted all along that man-made bureaucracy can not substitute for the law of supply and demand is a law of nature.

Brandt pointed out that when the National Cooperative Milk Producers Federation of which he is president, appeared before the decontrol board in Washington to urge that there should be no ceilings on dairy products, the federation had predicted a gradual *leveling off of prices.*

Dairy production is gradually reaching the point where a normal increase in milk occurs, as many cows come in fresh during the late fall, he added.

"Former OPA controls were responsible for the shortage of dairy foods," Brandt explained, "because in the heavy production period of early summer, these controls discouraged butter production and kept the nation from acquiring a storage supply to carry us through September, October and November."

4-H CLUB WEEK TO OPEN OCTOBER 28 IN PENNINGTON CO.

County Well on Way to Attain Its 1947 Quota; 248 Signed up to Date

Pennington county is well on its way to meet its 1947 membership goal of 450, reports County 4-H club agent Effie O. Hanson. Already 248 boys and girls have signed up for 1947 and three clubs have reached their membership goal.

The membership drive will reach it climax with 4-H Enrollment Week, October 28 to November 2, Miss Hanson says.

The Falls 4-H club under the leadership of Doris Roisland has made an increase of 30 members over last year's membership. Star 4-H club led by Mrs. Melvin Fjeld and Mordy Morrison have enrolled 27 members. The former enrollment was 18 members. Other clubs who are reaching their quota are Kratka, Deer Park, Silverton, Smiley and Stelner.

Miss Hanson points out that the only requirements for 4-H membership are that the boy or girl be between 10 and 20 years of age inclusive and that he or she

Local leaders or club officers will be glad to enroll any prospective member in a local club.

SCHOOL LEADERS AT MEA ASSEMBLY

Fjelsted, Claffy, Miss Batten in Minneapolis

The delegate assembly of the Minnesota Education associates met in Minneapolis Tuesday night and Wednesday. Heard on the program at the meetings were Dean W. E. Peik of the college of education, University of Minnesota, chairman of the educational policies commission, speaking on "A Charter of Policies for Public Education in Minnesota"; Elmer A. Mueller, president of the association, on "A Foundation Program for Education in Minnesota"; E. R. Steffenrud on "Financial Aspects of the Foundation Program"; and T. J. Berning, assistant commissioner of education, on "Report of the Governor's committee on Education".

The delegate assembly is the voting body of the MEA and sessions will be presided over by Elmer A. Mueller. Among the 121 members of the assembly in session at the Curtis Hotel are W. G. Claffy, who is president of the MEA; Philip L. Fjelsted, superintendent of schools and Miss Lyda Batten.

WHO SAYS THERE'S A MEAT SHORTAGE . . . With retail butcher shops closing in most cities, this is a rare scene at the Reevytown, N. J., abattoir, where owner, John Martinink, ex-G.I., decided to sell retail at OPA prices his big supply of all kinds of meat. Martinink, who employs 12 butchers, all veterans, opened his slaughterhouse to the public in order to keep his men on the job and at the same time give meat hungry customers their favorite cuts.

PUBLIC OPINION

To the Farmers and Business Men of the Thief River Falls Community

Should we not do something about this flax deal that has just been imposed upon us, for example a petition to Hagen, Ball, Anderson and others setting forth the following facts:

1. That this is one of the larger flax communities of the Northwest.
2. That on account of fine Fall weather nearly all our flax was threshed and sold early.
3. That when we sold the ceiling price at Minneapolis was $4.00 per per bushel or $3.76 at Thief River Falls, and we were told that this price would not be increased as the ceiling would remain the same.
4. When the ceiling was removed last week, about Oct. 14, the price immediately increased $1.50 a bushel, or $2.72 more than the farmers got who sold earlier.

Now therefore we feel that this loss was caused directly by the ill-advised manipulation of our government and that the government should in some way reimburse the farmers who took this loss such as for example increase the bonus to the farmers who took this loss to $2.50 instead of the 50 cents per bushel we are told is in effect now, or in some other way. And we, either as farmers or business men, feel that this has been the most unjust treatment of farmers that has ever come to our knowledge and that if nothing is done to remedy it the farmers here and elsewhere may even sell the flax they held for seed for next year, and in many cases quit farming entirely.

EXPLAINS LAW ON DRUNKEN DRIVING

Degree of Drunkenness Is Factor, Says Patrol

Reporting that 125 arrests were made in September for "driving while under the influence of intoxicating liquor," Earl M. Larimer, chief patrol officer of the Minnesota highway department, emphasized the distinction between the wording of the traffic act and the popular conception of "drunken driving."

"The state traffic act makes it unlawful for any person who is 'under the influence of intoxicating liquor or narcotic drugs' to drive or operate a vehicle of any kind," said Mr. Larimer. "A person need not be 'drunk' in the ordinary meaning of that word to be 'under the influence.' In fact, a person 'under the influence' may be a more serious hazard than one who is really drunk. The word 'drunk' is ordinarily understood to mean a person who has lost control of his faculties, and such a person obviously is unable to drive a motor vehicle. More dangerous is the driver who has had just enough liquor so that he becomes over-confident and disregards traffic laws and safety rules; in other cases liquor may slow a driver's reactions so that he does not possess the alertness essential to safe driving.

"The only safe rule is to separate drinking from driving — never drink when you drive, and never drive when you have been drinking."

The September report also showed 222 arrests for "careless driving." Liquor may have been a contributing factor in some of these cases, Mr. Larimer added, but not to the extent where a conviction might be obtained on a charge of "driving while under the influence of intoxicants."

Ole Bockness Funeral Services Conducted at Gatzke Last Wednesday

Funeral services for Ole Bockness were held Oct. 16 at Landstau Church, Pastor J. Kronlokken in charge. Interment was made in the Landstad cemetery. At the services the church choir sang two numbers and there was also a solo by Pastor Kronlokken.

Ole Bockness was born September 9, 1872, in Selbo, Trondheim Norway. He was there baptized and confirmed. At the age of 18, he came to America and came to settle finally in Gatzke, where he lived most of his life doing carpenter work and farming. In 1899 he married Cary Fuglem of Northwood N. Dak. to which union there were born seven children. Two years ago in October he was stricken with paralysis and has been bed ridden ever since. On Friday, October 11 he passed away at the state hospital at Fergus Falls. At the time of his passing he was 74 years, 1 month and 4 days of age.

Besides his wife, Carry, he is survived by six children: Mrs. Tom Hanson of Stanley, N. Dak.; Ben, Oscar, Olga and Lynn all of Plaza N. Dak.; and Perry Bockness of Calville, Washington. Also one sister, Mrs. P. Anderson of Grand Forks, N. Dak. One daughter preceded him in death.

Veterans Agency Warns of Changes of Address

Veterans receiving subsistence pay for college or job training were warned today to notify the Veterans Administration promptly of any change of address.

Paul T. Gray, contact representative in Thief River Falls pointed out that subsistence checks cannot be forwarded from one address to another, and that hundreds of checks are returned to the VA each month, thus delaying payments to students and trainees.

Information required by VA in event of change of address is the following: Old address, complete name, new address and "C" number. The information must be written form, signed by the veteran and directed to Veterans Administration regional office, 1008 West Lake Street, Minneapolis.

The poles we need are coming along slowly

Telephone poles are only one of the serious shortages handicapping our efforts to catch up with service demands.

Lead is very scarce and copper also is scarce, as is the cotton we use to insulate our wires.

The factories that build telephone switchboards and dial equipment, or furnish us with cable and wire have the capacity and desire to produce—but many of the needed materials are very short.

Pushing from the other side is the greatest demand for telephone service ever. Every bit of equipment we can lay our hands on has been pressed into use in order to serve as many people as possible.

Meanwhile both we and our suppliers are using our utmost ingenuity to "make do", until we can get the equipment we need. Our expansion program calls for an expenditure of well over $100,000,000 in the next five years.

In order to attract the vast amount of money needed for the expansion and improvement of telephone service, our earnings must be comfortable with the earnings of other businesses which are borrowing money from the investing public.

TECHNOCRACY
Every Citizen
Every citizen of this Continent wants a higher standard of living for himself and his children.
Every citizen on this Continent wants guaranteed social security from birth to death.
Every citizen on this Continent wants to toil less and consume more.
Every citizen on this Continent knows that this Continent has the men, the machines, the materials, the resources and the climate to provide economic certainty for every citizen, and to distribute abundance to all.
Abundance cannot be produced at a price; social security cannot be purchased; human toil cannot produce the volume of physical wealth necessary for a higher standard of American living—only a technological orchestration of the men, machines and materials of this Continent can produce and distribute abundance for all.
The operational problem of Continental America is unique. It has no precedent in the life of man. There is, and can be, only one solution—the technological application of physical science to the means whereby we citizens live. All political parties in the United States and Canada that promise the people security, abundance, and a higher standard of living are practicing national fraud and deception, and they are liars by the clock.
The citizens of this Continent must realize that scarcity and poverty, crime and malnutrition, politics and disease are but natural component parts of our antiquated pre-technological social structure.

Soft Music

A certain well-known Broadway producer, despite an abysmal ignorance concerning all things musical, has won several fortunes promoting musical comedies. Considering the following incident, one is inclined to ask: "How?"

At the rehearsal of one of his shows, this gentleman listened to the orchestra, and then shouted, "too loud; too loud."

"Do you think so?" asked the conductor respectfully.

"Yes," replied the producer. "Tell the violins to play only on one string."

No Votes Lost Anyhow

The governor of Wyoming tells this one on himself. He happened to visit the state penitentiary just as the prisoners were assembling for a meal. The warden asked the governor to make a few remarks. Without thinking, he began, "Fellow citizens," but their wry smiles reminded him that they had lost their citizenship. He began again. "Fellow convicts—" but that was even worse. Wildly floundering, the governor made one last try. "Well, men, I don't know what to call you, but I certainly am glad to see so many of you here."

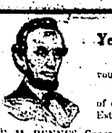
Game and Fish Director Makes Plea for Caution During Pheasant Season



With a probable ten to twelve per cent increase in the number of pheasant hunters who will take to the fields Saturday, October 26, Frank D. Blair, director of the division of game and fish, issues a plea for more careful handling of firearms this year.

"There were 234,542 small game resident licenses sold last year and 474 non-resident licenses," Blair reports. "Last year there were four pheasant hunter deaths, with seven reported injuries, and undoubtedly a great many more injuries not reported. With more hunters out this year the accident risk is considerably increased."

Records show that carelessness in handling firearms results in these accidents: gun discharged when climbing through a fence; falling gun discharged; gun carried so that the discharge will hit a fellow hunter; handling when getting in or out of a car; and forgetting that every gun is loaded.

"Gasoline plus alcohol plus speed equals death" was the notation in the "cause of death" blank in a coroner's report of a fatal traffic accident received recently by the Minnesota Highway Department.

REPRESENTATIVE

FROM THE 65TH DISTRICT

I have been a resident of Red Lake county for the past twenty-three years, and have the support of all groups in that county. The people of Red Lake county believe they are entitled to one member of the State Legislature and that I am well qualified to serve the 65th District in that capacity. I have served for the past four years as a member of the Board of County Commissioners of my county, also as a member of the Welfare Board. If elected I will support legislation to simplify and equalize the administration of our welfare programs.

I am the father of four boys who all served in the late war, and as such, I am supply interested in veterans welfare, and will support any legislation that is of genuine benefit to veterans. I am opposed to a general sales tax for any purpose on the grounds that it is an unfair method of raising revenue as it is not based on ability to pay but will in fact fall most heavily on those least able to pay, and in addition to that it is a cumbersome nuisance imposed on general business.

I believe in a fair minimum wage law.

I believe that with well paid labor and a prosperous agriculture all business and professions will prosper. We must stop runaway inflation and we can and must prevent another dreaded depression. If you agree with me on these general principals your support and vote on November 5th will be greatly appreciated, and in return I promise to serve you honestly and to the best of my ability in any matters in which you are interested that may come before the legislature.

Sincerely yours,

D. R. SHETTERLY

HIGHLANDING

School Dist. No. 37, Highlanding is having a social at the Highlanding Hall, Friday evening, Nov. 1st. Stunts, games of skill, bingo and lunch will fill the evening with fun. A beautiful blanket will be raffled off at some time during the evening. Come everyone. All are welcome.

Friends of Mr. and Mrs. O.E. Sand met at the Sand home on Sunday afternoon.

This housewarming was a surprise on the Sands who have recently moved from North Dakota to their farm home north of town.

A very pleasant afternoon was enjoyed by all including a very delicious lunch and the presentation of a sum of money from the guests. Harry Paulson made the presentation.

Miss Ruth Fenstie left Wednesday for Washington, D. C. for an indefinite visit with her sister Bea and Myrtle who reside there.

Mr. and Mrs. Ray Ellingson motored to Okiee, Saturday night. Ray played for a dance there.

The Highlanding 4-H club held their organization meeting Wednesday evening at the Hall. Nearly all present members signed up. Miss Hanson attended the meeting.

Sunday afternoon and supper guests at the Ed Korstad home were Misses Hannah Gustafson and Emma Satre from Thief River Falls.

Mrs. Leonard Hanson spent last Sunday with her parents, Mr. and Mrs. Ed Korstad.

Ray Wicklund spent Monday in Goodridge on business.

SOMETIMES THERE'S TROUBLE IN A NAME

A Luverne rural carrier has troubles; Herman Schmidt moved off a farm on his route and Herman Schmidt moved on. F. H. Krook is cashier of a New Ulm bank and a candidate for Sheriff of Pope county is named Krook; the banker has been a notary public for 52 years and has the signatures eight governors who signed his commissions; Nelson, Lind, Johnson, Eberhardt, Preus, Christianson, Olson, Stassen; he is only mildly curious as to who will sign his 1949 renewal.

The Labor department of the U. S. government presided over by a member of the President's cabinet, was created in 1913, during the administration of President Woodrow Wilson.

TRANSPORTATION PROBLEMS . . . Mountains of Long Island, N. Y., potatoes, nearly 4,000 bushels on the Charles McVay ranch at Riverhead. They were purchased by the U. S. government at approximately $1.67 a hundred pounds. While Suffolk county potato growers have enjoyed bumper crops this year, they are encountering difficulties in getting their yields to market. Many of the potatoes started to spoil in the field before freight cars were made available.

COUNTY BOARD PROCEEDINGS

October 8, 1946.

Pursuant to adjournment the Board of County Commissioners of Pennington County, Minnesota met at the office of the County Auditor at 10:00 A. M. October 8, 1946.

Members present: Hyland, Mariska, Roy, Multy and Mandt.

Members absent: None.

Minutes of the meetings of September 3 and 17th, 1946 were read and approved as read.

The Board heard two delegations, one from Krooks Township and one from Wyandotte Township who made requests for gravelling on certain roads in their respective townships.

Moved by Hyland seconded by Mandt that the road committee and the bridges and culvert committee inspect roads, bridges and culverts on October 23, 1946.

Carried.

Moved by Hyland seconded by Mandt that the daily rate of wages for the flowers on Sanford Black River County Ditch No. 1 be set at the sum of $6.25 per day plus mileage as allowed by law.

Carried.

Moved by Mariuska seconded by Multy that the County Board of Pennington County will accept sealed bids for the sale of one 10' x 20' building now located about ½ mile west of River Valley on State Road No. 1, which has been used to house a snow plow truck, said bids to be opened at 2:00 P. M. November 12, 1946. The Board reserves the right to reject any and all bids. Terms of sale, CASH.

Carried.

The County Board having prepared a list of parcels of land forfeited to the state of Minnesota for non-payment of taxes under any existing law declaring the forfeiture of lands to the State for non-payment of taxes, which list shows the classification of real estate as agricultural and non-agricultural, as well as the appraised and re-appraised value determined by the Board, ordered said list filed with the County Auditor, and on motion of Multy seconded by Mariuska and duly Carried, said list was approved.

Mandt offered the following resolution and moved its adoption:

It is hereby resolved that all lands which, pursuant to Chapter 386, Laws of 1933, as amended have been forfeited to the State of Minnesota for non-payment of taxes under any existing law declaring the forfeiture of lands to the State for non-payment of taxes, shall be offered for sale to the highest bidder at the office of the County Auditor in the Court House in the City of Thief River Falls, Minnesota, commencing at 10:00 A. M. on December 1 1946 and continuing from day to day until all parcels have been offered. A list of said lands being on sale in the office of the County Auditor.

The foregoing resolution was seconded by Hyland and carried.

A petition was file by Andrew Prestebak and others for the repair and cleaning of Count Ditch No. 32. It was moved by Mandt seconded by Mariuska that a preliminary hearing be had on said petition at 2:00 P. M. on November 12, 1946.

Carried.

Too Much Trouble

There was a drunk who walked into a restaurant and sits down to the table. A waiter who had a bad leg and was limping, walks over to him and asks the drunk what he would like to have. The drunk replies: "Bring me some clam chowder." The waiter answers, "Okay," and limps away. The drunk looks over at him and says: "If you got to go downstairs for it, the heck with it."

PULLING THEIR RANKS

In the early days of the war, a young British lieutenant was passing through a deserted canteen in London, when a dirty, disheveled scrub woman looked up from the floor she was scouring to call out, "Hi, there, young man! Bring me some more water, will you?"

The young man stopped, looked down at the woman in astonishment, and replied, "My good woman, I'm an officer. Dash it all you can't address an officer like that."

The woman lifted her head, blew a whisp of hair out of her eyes and rejoined, "Dash it all, man. I'm a Dutchess!"

THREE SQUARE MEALS, TOO

A skinny little chap strutted into the manager's office of a side show.

"What's your act?" asked the manager.

"I eat a coupla dozen hen eggs, the same number of duck eggs, and a dozen goose eggs, raw, at a single sitting."

"Well, well," the manager said. "But I suppose you know that we give four shows every day."

"That's okay by me," answered the performer.

"Besides that," the manager continued, "on Saturdays there are six shows and sometimes on holidays we give a show every hour."

"Looks here—" exclaimed the vaudeville man, "it don't matter how rushing business is, you gotta give me time enough to eat my regular meals at the hotel."

Prepackaging Ahead

Some of the changes sure to come are more prepackaging of fresh fruits and vegetables, more prepackaging of fresh meats and better and more effective packages for many foods that housewives have known well in packages that afford poorer protection. This prepackaging of foods will help self-service stores eliminate the sale of bulk foods and will protect the foods again: loss of weight, bruising and spoilage. Products trimmed for packaging will reduce transportation costs. In stores that have been largely on a self-service basis, the test of prepackaging of fresh meats have been highly satisfactory.

But Which Fork

A Texas father was dining with his son in a Texas hotel, and in the course of dinner the son got into an argument with a cowboy. The cowboy called the son an offensive name, and the young fellow grabbed his knife in his fist and started around the table to be revenged.

"Ain't ye got no table manners?" the old man hissed.

"But, pop, ye heered what he called me, didn't ye?"

"Yes, I heered all right, but that ain't no ground for yer fergittin yer table manners. Put down that there knife and go at him with yer fork."

IN HIDING, EH?

She had looked at innumerable blankets. None pleased her. Airily she said to the salesman: "I was just looking for a friend."

"Well, madam," he replied, a steely glint in his eye, "if you think your friend is in one of those blankets on the top shelf, I'll be glad to look."

RIFLES FORBIDDEN IN DEER HUNTING IN CENTRAL ZONE

Rifles to be Permitted Only in Northern Zone from November 16 to 24

Because of considerable opposition which has been expressed to the use of high-powered rifles within the area which was added for the first time to the rifle zone for deer hunting under the 1946 regulations, whereby, this area will be given a separate designation as a new central zone, in which deer hunting will be permitted with shot guns and single slugs or with bows and arrows, but not with rifles, during the regular nine day season from November 16 to November 24 inclusive.

Under the amended regulations there will be three deer hunting zones as follows:

1. Northern rifle zon, same area as 1945, open for regular nine-day season, November 16 to 24 inclusive;

2. Central zone, for shotguns with single slugs or bows and arrows only, open for same nine-day season as rifle zone, including area between southern boundary of new northern zone and northern boundary of southern zone running along State Highway from Breckenridge on the western boundary of the state to Benson, thence along U. S. Highway 12 to the eastern boundary of the state;

3. Th. Southern zone, for shotguns, with single slugs or bows and arrows only, open for four-day season, November 16 to 19, inclusive, including all the remainder of the state south of the above described highways, same as under original 1946 regulations.

Mr. Blair appealed for cooperation by the public in observing the amended regulations. He pointed out that it is impracticable to make local changes in the zone boundaries or other provisions, and that where the land owners of any given area wish to prohibit or restrict deer hunting, they can do so by posting their land.

ADAM'S ALE, STRAIGHT

The lush stood at the bar and the bartender wanted him to leave but decided to give him one more chance.

"If you guess the ingredients of the drink I mix for you, I'll let you stay," he said.

Vodka, pepper and brandy went into the concoction. The drunk tasted it and named all three. The next time it was cointreau, gin and cream—and he named them correctly. He blindfolded his eyes as the bartender tried again. The mixman went through elaborate motions and served a glass containing plain water.

The persistent patron tasted it once or twice and said, "Buddy, you got me stumped," and walked toward the door, turned and continued, "but I bet you won't make any money on that one."

'Chuck Heavy Greens Eater

One woodchuck may eat as much as two pounds of greens in a day.

LEGION AUXILIARY HEAD . . . Mrs. Dorothy W. Pearl, Detroit, Mich., who was recently elected president of the American Legion Auxiliary, succeeding Mrs. Walter G. Craven, Charlotte, N. C., at the national convention.

Names Make News

A correspondent for a country weekly frequently forgot essential details in the stories he submitted. The editor sharply warned him to get names into his dispatches.

Several days later the correspondent filed this: "Due to possibility of there being rabies spread in this town, our police force has rounded up four dogs. Their names are Rags, Fido, Rover and Boots."

Can't Trust Them

Two drunks were playing with a flashlight, switching it on and off. Finally one of them threw a beam of light up towards the ceiling and said to the other man: "I'll bet you can't climb up that beam."

The other shook his head.

"No, siree," he said, "you can't get me to try that. I know you! Just when I get to the top, you'll turn it out."

Iron-Clad Evidence

The motorcycle cop who brought in a drunk and a beautiful blonde spoke to the judge. "Your Honor, this man with the beautiful blonde in his car was driving while drunk."

"How do you know he was drunk?" questioned the judge.

The motorcycle cop held his chin in his hand and said, "That's easy. The darn fool was driving!"

50 BABY BEEVES AUCTIONED IN ARENA NO

Saturday Afternoon Event Will Climax 4-H Achievement

With 66 Pennington county 4-H club boys and girls putting finishing touches on their prize livestock for the 4-H auction sale and achievement day to be held in the arena in Thief River Falls Saturday, November 2, buyers and spectators will have an opportunity to see *some of the best fat livestock on* exhibit in this part of the state.

Headlining the exhibits will be 50 choice baby beeves of the Hereford Aberdeen Angus and Shorthorn breds, which have been fed and cared for by 4-H club members for more than a year. Some from local livestock breeders. Other exhibits will consist of eight fat lambs of the Shropshire and Hampshire breeds; and five pens of poultry, which include turkeys and chickens.

All livestock entered in the livestock sale will be sold to the highest bidder and will be auctioned off by Colonel Joe Reisch of Austin, Minnesota, assisted by Colonel V. C. Noper, Colonel Fred Hurgerman, Colonel Andy Anderson, and Colonel Frank Nelson. The auction sale will start at 1:00 p. m. in the sports arena with poultry, to be sold first followed by fat lambs and then the baby beeves. The Union State bank and the Northern State bank of Thief River Falls will clerk the sale.

In order that the buyers may know what class of livestock is on exhibit, Carl Spong of the Central livestock association of West Fargo, North Dakota, will place all livestock exhibits in the different market classes starting at 10:30 a. m. Saturday morning. All persons interested in the judging are urged to attend the morning program as well as the sale in the afternoon.

Sales catalogues are being prepared in which will be listed the number of the entry, the boys' and girls' names, and weight of each animal exhibited, and the results of the judging. These catalogues will be available shortly before the sale opens at 1:00 p. m. and may be secured at the entrance of the arena.

Committee chairmen in charge of the sale are as follows: Arena committee James Parkins, chairman; rules and regulations committee, R. J. Lund and Frank Ryberg, co-chairmen; and sales committee, George Werstlein, chairman. The sale is sponsored jointly by the Thief River Falls Civic and commerce association and the Pennington County Bureau association.

FALL ROUNDUP OF ELKS DREW MANY

Big Class Initiated; Mortgage Is Burned

Highlighted by the initiation of a class of 33 candidates and the burning of the mortgage on the Elks building acquired by the lodge less than three years ago, the annual fall roundup staged Saturday evening by the local Elks lodge was a highly successful affair.

Candidates Make Final Appeals to Voters; Only Two Contests in County

With contests for only two county offices, interest in the general election next Tuesday, November 5, to date has been less than usual at this stage. In an effort, however, to stimulate interest in the campaign, the Thief River Falls Junior *Chamber of Commerce will stage* a non-partisan "Get-out-the-vote" drive, it was announced today.

The only county office for which the incumbent has an opponent on the ballot is that of register of deeds, where Fred Lorentson is being opposed by O. A. Nelson, manager of the Consumers Cooperative association.

Lars Hylden the only candidate on the ballot for the office of county commissioner from the second district succeeding the late P. W. Maby is opposed by a sticker candidate, Joe (LeRoe) Maruska.

For the office of state senator from the 65th district, W. E. Dahlquist, incumbent, is opposed in his campaign for a second term by Marius Waldal. Seeking election to the two posts as representative from this district are W. E. Day of Bagley and C. S. McReynolds, incumbents, and D. R. Shetterly, present a member of the Red Lake county board. Harold C. Hagen, representative in congress from the Ninth district, is opposed for re-election by Verner Nelson of Underwood.

County officers unopposed for re-election include A. M. Senstad, auditor; A. B. Johnarud, treasurer; Paul A. Lundgren, county attorney; Arthur Rambeck, sheriff; Mrs. A. C. Matheson, superintendent of schools; and W. H. Mulry, commissioner from the fourth district.

Polls will be open for Thief River Falls in the municipal Auditorium Tuesday between the hours of 7 a. m. and 8 p. m., while in the rurals precincts they will be opened from 9 a. m. until 8 p. m.

Interest in the campaign for state offices mounted this week with the arrival in Minnesota of Henry A. Wallace to speak in behalf of Democratic-Farmer-Labor aspirants for office, and Senator Joseph H. Ball to speak for the Republican ticket. It was reported also that former Governor Harold E. Stassen would deliver one or more addresses in behalf of the Republican candidates.

Governor Edward J. Thye, Republican, and Dr. Theodore Jorgenson, DFL, seeking the U. S. senate seat to succeed Henrik Shipstead, are making energetic campaigns, as are Luther W. Youngdahl, GOP, and Harold H. Barker, DFL, candidates for the governorship.

Jeanette Christianson Weds Ove Nordahl at Single Ring Ceremony

Rev. E. O. Urness prompted wedding vows Friday evening at 7 o'clock for Miss Jeanette Christianson, daughter of Mr. and Mrs. Fritz Christianson, and Ove Nordahl, son of Mrs. Gertrude Sundberg. The single ring ceremony was performed at the parsonage in Holt.

Attending the couple were the bride's sister, Evelyn Christianson, and the groom's brother, Arnold Nordahl.

A street-length dress of white lace with accessories in black and a corsage of pink roses and baby pompons was chosen by the bride for her wedding, while Evelyn had a pale blue frock with black accessories and a corsage of white roses and pink carnations. The bridegroom a string of pearls belonging to her grandmother, Mrs. Thurstyrind of Woodburn, Ore., and she had a bracelet that the groom had purchased for her in France.

At the bride's home immediately following the ceremony, Mrs. Fritz Christianson served a chicken dinner to sixty relatives and close friends. Tall pink lighted tapers graced the serving tables and blue and white streamers decorated the Christianson home.

The bride has been attending Lincoln high school and the groom, recently returned after four years spent with the army in Europe.

Ninety Relatives and Friends Fete Hafdahls

Over ninety friends and relatives attended a surprise farewell party Sunday afternoon at the Ole Hafdahl home in Kratka township honoring Mr. and Mrs. Hafdahl who will be moving to this city. Lunch concluded an afternoon of visiting.

Bette Lucille Knadle Becomes Bride at Home Wedding in California

At a double ring ceremony performed Saturday evening, Oct. 19, at the home of the bride's parents in Hayward, Calif., Miss Bette Lucille Knadle, daughter of Mr. and Mrs. L. W. Knadle, became the bride of Robert D. Suter, son of Mr. and Mrs. Ed Suter of San Diego, Calif. Rev. Myron Herlih, pastor of the Hayward Methodist church, read the ceremony.

Given in marriage by her father, the bride wore a white gown of marquisette and net with sweetheart neckline, long sleeves, and full entrained skirt. Her veil was fingertip length and her only ornament was a pearl necklace a gift of the groom. Talisman roses composed her bridal bouquet.

The attendants were Mrs. Paul Sharp, niece of the bride, as matron of honor, and James Suter, brother of the groom, as bestman. Mrs. Sharp wore pink net over taffeta gown and carried a cluster of pale pink roses.

The bride's mother wore fuchsia and the groom's mother, blue, each having similar white gardenia corsages. A reception was held following the ceremony for about thirty guests.

Mrs. Suter, in a green suit with brown accessories, and her husband left on a trip to the mountains and to San Diego, Calif., where they will make their home.

The bride is a graduate of Lincoln high school, class of 1942, while her husband was graduated in 1941 from the Clinton, Minnesota, high school. Mr. Suter was recently discharged from the armed forces.

James Kerstad of Minneapolis visited on Friday at the home of his father, Wm. Kerstad.

Oline Skaar Becomes Bride at Minneapolis Ceremony on Friday

The Gethsemane church in Minneapolis was the scene of a double ring ceremony Friday afternoon at 4 o'clock when Miss Oline Rosezell Skaar, daughter of Mr. and Mrs. Ole Skaar of this city, became the bride of Roderick S. Markine, son of Mr. and Mrs. George Lowell of Winnipeg, Man. Rev. John Higgins officiated at the candlelit ceremony, and palms, ferns, and huge bouquets of chrysanthemums made the church festive.

The "Bridal Chorus" from "Lohengrin" and Mendelssohn's wedding march were used for the processional and recessional, and Joseph Johnson of Minneapolis, soloist, sang "Because" and "The Lord's Prayer."

Miss Maxine Olson of Litchfield attended Miss Skaar as maid of honor, while Andrew Skaar of this city was his brother's bestman. Henry Nord and Forrest Bluitt ushered.

The bride's gown was made of white slipper satin with entrained skirt, fitted bodice, long pointed sleeves, and a round beaded neckline. She had a fingertip veil of tulle, caught by a pearl tiara, and carried a cluster of white calla lillies centered by a white gardenia. Miss Olson had a white gown with a bouquet of carnations and gardenias and a matching hairdo.

A reception for the 150 guests was held in the church parlors, and Mr. and Mrs. Markine left for Winnipeg, Man., where they will make their home at 189 Jarvis Ave. For travel, Mrs. Markine wore a three piece gray suit.

The bride is a graduate of Lincoln high school and of the St. Barnabas hospital in Minneapolis. Prior to her marriage she served as supervisor of the Deaconess Hospital in Mandan, N. D. Mr. Markine, a veteran of six years with the Royal Canadian Air Force in Europe, is now employed as clerk with the Canadian National Railroad.

Attending the wedding from a distance were Mr. and Mrs. Ole Skaar and son Andrew of this city, and Maxine Olson of Litchfield.

All Work and No Play

The inventive genius of George Westinghouse, who was born a century ago this year, made its practical debut in his father's machine shop. With plans for a Saturday picnic endangered by strict orders from his father to cut a large pile of pipes into equal lengths, George used wheels, belts and blocks of wood to construct an automatic pipe cutting machine. When Westinghouse showed up his 14-year-old son was not to be found, but any objections the father may have had were dispelled by the neatly cut and stacked lengths of pipe.

Lighted World's Fair

To demonstrate the advantages of alternating current in transmitting electric power, George Westinghouse, who was born 100 years ago this year, contracted to light Chicago's 1893 World's Fair. But rival interests controlled the patents on the only practical lamp available. Apparently stymied and with less than a year to go, Westinghouse invented a "stopper" lamp, built a factory to produce it, and completed the lighting task at a profit, even though his bid had been $1,000,000 below that of his rivals.

Output Increases

Value of food and kindred products manufactured in the South amounted to almost two billion dollars in 1939. Of this amount, wholesale meat packing accounted for 367 millions; bread and bakery products, 222 million; flour and other grain mill products, 183 million; non-alcoholic beverages, 103 million; canned and dried fruits and vegetables, 89 million; ice cream and ices, 63 million, and cooking and edible fats and oils, 57 million. Kentucky leads all other states in whisky production.

Sunday School Leader Gives 26 Years Service

In the story in last week's issue of the Times dealing with the 40th anniversary observance of the Mission Covenant church, it was stated in error that Miss Hannah Gustafson had served as Sunday school superintendent for six years, whereas the correct figure was 26 years.

Joseph Oski Succumbs at Home Last Friday; Services Here Monday

Joseph Oski, who passed away at his home at 220 South Markley last Friday, was laid to rest following funeral services Monday morning in St. Bernard's Catholic church, Father Meeth officiating. Interment was made in St. Bernard's cemetery.

Mr. Oski who attained the age of 85 was born in Poland Jan. 6, 1861. He came to the United States in 1884, settling in Benton county, where he farmed for a number of years. He was married to Anna Sabota of Mindon on May 10, 1892, and farmed in vicinity of Mindon for six years. Mr. and Mrs. Oski came to Minnesota in 1905 and homesteaded near Mavie. The past three years he has resided in this city.

Survivors include his wife Anna; three daughters and two sons, Mrs. Ben Szymanski of this city, Mrs. Albert Arneberg of St. Paul, Mrs. Louis Stein of Gatzke, John of Coulee City, Wash., and Andrew of Mavie; and 21 grandchildren. He was preceded in death by one daughter and four sons, among whom were Alexander Oski, who was killed in action in 1944.

YES, WHAT DID HAPPEN TO FLAX?

In its Tuesday edition the Minneapolis Morning Tribune dismisses the flax fumble rather lightly by ascribing the complaints to troublemakers who, "where attempting to blame the 'private grain corporations' for making a 'killing' on the increase." There really was nothing to it, we are assured, because "all contracts for flax this season up to the time of the sharp increase were written with an 'escalator' clause which reurned the increases to the producers." But perhaps we should not quote only in part. Here is the full statement.

> THE PRICE OF FLAX advanced $3 a bushel *last week, a record increase in the history of* the Minneapolis market.
>
> Because the increase came after the crop had been harvested, it was assumed by some that this meant the farmers were being cheated of their due share of the increase. This hasty decision was proved considerably wrong when it was discovered that all contracts for flax this season up to the time of the sharp increase were written with an "escalator" clause which returned the increase to the producers.
>
> Those who quickly were critical of the situation when the price rise came were attempting to blame the "private grain corporations" for making "a killing" on the increase. The escalator clause contracts took much of the edge off that argument.

As one of those who gripped because of price control fumbling that cost our community a million dollars we were glad to get the information contained in the Tribune editorial. We immediately checked with grain dealers and with AAA officials to find out from them just how this "escalator" clause would work. But alas, none of them had heard about it. Under the circumstances we think it only fair that the Tribune be more explicit as to the procedure to be followed by growers in recovering under this "escalator" clause that protects the producers. As one of those who, "so quickly were critical" we will pass this information along with a personal humility as great as will be the joy of those get the extra cash.

Half a hundred 4-H baby beeves are going to be marketed Saturday, and local consumers will have an opportunity to stock up on really top quality meat. One of these animals would be too big an order for any normal household, but this problem can easily be solved by several families pooling their buying and consuming power. Anyhow, Saturday will be a day of many happy returns for the 4-H youngsters.

Tuesday is election day and we will make our usual appeal to you to get out and vote. Voting is one of the important responsibilities of citizenship and every election is important. Vote as you please but Vote Tuesday.

Thanks to the Lions Club, Hallowen will be another big party for the youngsters and the young people of the community—a social event rather than an evening of mischief. The net result is a good deal for all *concerned.*

We try not to become discouraged by the many tough speeches that representatives of leading powers are shooting back and forth at each other at the meetings of the disunited nations these days. We try to satisfy ourselves that these speeches are a necessary preliminary to the important work of adjusting differences. All of the nations, including our own, have their own interests at stake in the bargaining that now is going on. The representatives of these nations have an important selling job to do. The speeches we hear are their sales talks and after their talks have been made, like good salesmen, they get together and josh each other about their wordy battles. We hope this is true—but maybe it isn't, and that makes it difficult to keep from being discouraged. It took fifty years of argument and a war to unite our American colonies into one nation. It took another fifty years of argument and another war to keep the American states united. These processes are slow—and discouraging.

Card of Thanks

We wish to express our sincere thanks to Rev. Fr. Merth, for his comforting words, the altar boys, pall bearers, choir members, friends and neighbors who contributed to the Sister Kenny fund and to masses, and to all who helped to [illegible] bereavement.—The Joseph Oaki family. 44p

Card of Thanks

To the kind people of Kratka and elsewhere who gave us such a wonderful farewell party last Sunday, we are forever grateful. We wish to thank you all for the gift of money, the good food we were treated to and above all for your kindness and goodwill through the many years we have lived among you. We thank you, Mrs. Rudolph Hanson, for the kind words you expressed to us in behalf of all our friends. To the Telemarken Ladies Aid a "thank you" for the lovely plant given to Mrs. Hafdahl. Then, too, a word of appreciation to the neighbors who brought us such a lovely decorated cake.

In kind appreciation to you all, we will, as long as we live, cherish the memory of all your kindness as we are about to leave for our home in Thief River Falls.—Mr. and Mrs. Ole Hafdahl. 44c

Prowlers Lose to Crookston; to Hold Homecoming Friday

Two conersion points, on place-Kicks by Crookston's Harold Hagen gave the Pirates a 14 to 13 win over the Prowlers in a bitterly contested Homecoming game at Crookston Friday afternoon.

Friday evening the Prowlers will climax their Homecoming festivities by meeting the East Grand Forks Green Wave under the lights on Lincoln field, with the kickoff slated to be booted at eight o'clock.

Friday afternoon's thrilling contest played on the wind-swept Central Park gridiron at Crookston found all the scoring compressed into the first half, and with three of the four touchdowns being racked up in the space of three minutes in the first period.

Crookston defending the north goal and receiving the benefit of wind, kicked off to the Prowlers, but the locals failed to gain on three plays and Vigness punted to Andy Corey on the Pirates' 18-yard line. Crookston rushed across three first downs, bringing the ball the Prowlers' 42-yard stripe, where the locals held for downs. Swede Lund on a spinner picked up a first down on the Crookston 45; but three plays gained but four yards, and then Les Vigness apiraled a kick out of bounds on the Crookston 5-yard line.

Crookston, with Bill Brustad, kicking, punted out on first down, with the ball rolling to the Thief River 23-yard line where Vigness picked up the ball and swiveling up the east side line, the Prowler captain broke loose for a 77-yard touchdown run. A pass play for the extra point was incomplete.

The Pirates received the kickoff on the Crookston 38-yard line. Bill Youngquist failed to gain at left [illegible] at then Hagen on a split buck into the line, broke through right guard and ran 62 yards for a touch down. Hagen's placekick for the point was true and the Pirates led, 7 to 6.

Hagen botted the following kickoff straight down the middle of the field to the Prowlers' 13-yard line, with Vigness gathering in the ball and racing up field side-stepping a horde of tacklers and outracing a pair of pursuers, Viggy scampered 87 yards for the locals second touchdown. And when Marlow Davidson slid off right tackle for the extra point, Coach Lindenmeyer's eleven regained the lead, 13 to 7.

Late in the second period, the Pirates tallied the tying touchdown and Hagen booted the winning points. On a fourth down punting try on the locals 36-yard line, the rushing Pirate forwards swarmed in to block Swede Lund's punt, and Dick Risberg recovered the ball on the Prowlers' 19-yard line. On the first play from scrimmage, Bill Youngquist circled left end for the tying touchdown, and Hagen placekicked the winning point.

The Prowlers made a scoring gesture in the third period when, after holding for downs on their 30-yard line, they moved the ball to the Crookston 14-yard line. Vigness, Lund, and Don Engelstad alternated in carrying the ball, with Vigness rolling off a twenty yard gain around left end, bringing the ball to the Pirates' 22-yard line. Vigness hit right tackle for four yards; Lund added two yards at right tackle; Vigner picked up two ayrds at left tackle and on a try off left end, Vigness failed to gain, giving Crookston the ball on their 14.

Just at the game's end Crookston's Ilsberg recovered a Prowler fumble on the locals' 9-yard line. One pla was run with Andy Carey running the ball for a two yard gain, and the game was over.

The game's star was Les Vigness with his two touchdown runs, and a threat whenever he carried the ball. Les was forced out of the game midway in the fourth period, suffering from a leg injury. Leading the Crookston attack was chunky Andy Carey who played a remarkable game considering that he was forced to play with a cast on his right hand protecting a broken bone. Carey was on the receiving end of a couple of pass plays, and also turned in a strong defensive game.

The summary:

T. R. Falls (13)	vs. Crookston (4)

SEES PROSPECT OF GI BONUS IN STATE

State VFW Commander Reports on Recent Poll

"An overwhelming majority in Minnesota's next legislature will support a state bonus for veterans of World War II and will attempt to draw up the necessary legislation without resort to a sales tax."

That is the prediction of James A. Murphy of Minneapolis, Minnesota department commander of the Veterans of Foreign Wars, in disclosing results of a state-wide poll of all candidates for the legislature in the November elections.

Each of 56 prospective state senators and representatives was asked to state his position on the bonus qustion and on the necessity of a sales tax.

Murphy reported that 196 of the 109 candidates who replied to the VFW questionaire declared themselves in favor of a state bonus plan. Only 9 candidates said they were opposed to the bonus, while 4 gave non-committal replies.

Although a majority of the candidates supported a bonus, only 2 said they would vote for a sales tax under any conditions, and a total of 174 said they were flatly against a sales tax as a method of financing a bonus.

GRAND FORKS TOPS CONFERENCE LOOP

North Valley Loop to End Season This Week

Conference Standings

	W.	L.	T.	Pts.	Opp.	Pct.

Results of the week's games:
Thief River Falls, 13, at Crookston, 14.
Grand Forks, 24, at East Grand Forks, 13.
Grafton, 7, at Devils Lake, 7.

Games this week:
East Grand Forks at Thief River Falls.
Grand Forks at Devils Lake.

The North Valley Conference will conclude its first season of football competition this week, with the Prowlers meeting East Grand Forks in a Homecoming game here, and Grand Forks playing Devils Lake. It's just about a certainty that the powerful Grand Forks Maroons, the league leaders and undefeated, will triumph over the Devils Lake Satans, and that win will clinch the conference championship for Coach Johnhoff's eleven.

The Prowlers, by defeating "Snooks" Sullivan's team on Friday night, can finish the season in a deadlock for third place; but if the Green Wave wins, and they turned in a strong game against Grand Forks last week, especially in the first half, they will take third place out-right.

The Crookston Pirates, edging out the Prowlers, 14 to 13, on Friday afternoon, earned second place in the league standings, and if Devils Lake produces an upset win over Grand Forks, the Pirates will share in the conference title.

The individual scoring race has developed into a nip-and-tuck affair, with the locals Les Vigness continuing to hold the lead. Jim Williams, Grand Forks' quarterback, is pressing the Prowler speedster, and with Grand Forks playing the conference's cellar club, Devils Lake, on Friday, Williams may over-take and pass Vigness.

In spite of a bruised right leg, Vigness broke loose for touchdown runs of 87 and 77 yards against the Pirates. In the fourth period, Viggy was forced out of the game because of a bump to his injured right knee, and it's doubtful if he will be in tip-top shape for the encounter here tomorrow night.

The individual scoring leaders:

	Td.	Ep.	Pts.
Les Vigness, T. R. F.	7	0	42
Jim Williams, G. F.	5	0	30
Cy DuCharme, E. G. F.	4	0	24

International Stock Show Is Resumed in Chicago in November

The country's largest livestock show, the International livestock exposition and horse show, will again be held in Chicago this fall after a war-time lapse of 5 years. This famous show, an annual feature in Chicago from 1900 through 1941—and prior to the war ranking as Chicago's largest show of the year—draws exhibits of the best livestock and crops from every state in the Union and provinces of Canada.

The exposition will be held in the International amphitheatre at the Chicago stock yards from Nov. 30 to December 7. The management anticipates an entry this year in excess of 14,000 animals, most of which will have been past top prize winners at state fairs and other livestock shows held earlier in the year. Winner at Chicago are recognized as the national champions of theyear.

Officials in charge of the event report that $100,000 will be offered in cash premiums at the Exposition this year.

Even on well-kept farms there are 1,600 weed seeds per square foot of soil, says R. S. Dunham, agronomist at University Farm.

Keeping Score

.... WITH BUCK OLSON

Homecoming and Farewell

The Prowlers will cap, they hope their Homecoming festivities tomorrow night by defeating the East Grand Forks Green Wave. And for thirteen of the squad members that Homecoming game will also be a farewell appearance, for making their last block and tackle as Prowler varsity performers will be captain Les Vigness, George Paulson, Jim Welch, Rob Amundson, Don Engelstad, Bob Olson, Arnold Narverud, Don LeSalle, Larry Hylden, Bob Hellquist, Glen Magnuson, Frank Dopp, and Len Skaar.

Coach Lindenmeyer's team didn't pick a "soft touch" for their Homecoming contest either, for the fact is that on the season's record, "Snooks" Sullivan's eleven must be rated as a slight favorite. and Cy DuCharme, at left halfback, they have one of the conference's leading scorers and a boy that has been pressing Les Vigness closely the past few weeks.

Vigness Starred Friday

Any doubt as to Les Vigness' right to be called the North Valley's outstanding backfield man was erased on Crookston's Central Park field Friday afternoon. Viggy playing with a bruised right leg, thrilled a large Pirate Homecoming crowd with two spectacular touchdown runs. The first of these two runs the 77-yard returned of a punt, was the niftiest, for Les whirled away from several tacklers that appeared to have the Prowler captain hemmed in against the east side-line, Viggy, with the aid of a pair of blocks by Bob Larsen and Don Engelstad, pivoted back into the field and then out-raced the pursuing Pirates.

On the kick-off run, with Les catching the ball on the 13-yard line, Viggy, with his speed and drive, sprinted directly up-field, side-stepped a couple of on rushing tacklers and was out in the open before the bewildering Pirates knew what was happening. They quit chasing Les on the Pirate 40-yard line, knowing that it was futile to try to overhaul the Prowlers' breakaway runner.

Another Bow-and-Arrow Deer

John Anderson, who bagged a deer with a bow and arrow last week, has company this week, for last Sunday Tom Peck, the city's leading archery expert, filled his limit by dropping a doe deer. Tom one of the organizers of the local archery club, was hunting the timber country south of Roosevelt when, from a distance of about fifty yards, he made his hit. Using a 58-pound bow, Tom drove a broadhead arrow five inches, into the doe's shoulder area, dropping the deer instantly and in its tracks.

Well, one thing is sure, if you're lucky you can get a deer like John *did, and if you're skillful you can* get a deer like Tom did.

Giants in that league

It's evident that the city's high-scoring bowling will be concentrated in the Straightaway league for already there has been several high 900 team totals posted, and a couple of 600 individual series totals.

Last Friday Leh's Tire Shop, rolling against the Poppler's Furniture, came in with a 992 team total, and if Streamline Olson and Bob Engh had only picked up a few pins they would have broken Oen's 994 total. The individual scores were: Ray Olson, 145; Paul Dahl, 209; Bob Engh, 157; Lloyd Spray, 234; and Ambrose Wyzoski, 222.

And Wysoski completed his three games by rolling scores of 225 and 192, to rack up a fine 639 series.

Ed Carlson, anchoring the Tunberg Motors in their match with Oen's and which found Tunberg winning two out of three, smashed the pins for 220, 214, and 200, for a 634 total.

Tough to Get

Most of the pheasant dinners around here have turned out to be meatballs and gravy, for the phesants have been tough to get, in fact it's the consensus of the hunters that it would have been wiser if the season had been closed this year, for the shooting that is being done is slicing into the brood stock.

The only luck that has been reported comes from hunters that have been working behind good pheasant dogs. Oscar Ellingson and Engval Lund hunted a swamp south Ulen on Sunday, behind *a fine Chesapeake, and they had* good luck in filling their limit. And George Busse was down in the same territory and he filled his limit too, with his setter doing nifty work in finding the birds.

But the hunters that traveled to Ortonville, and other places south, report that the birds were scarce and difficult to flush.

Trapping Seasons for Muskrat and Beaver Set

The muskrat trapping season will be open in Minnesota during the period from December 1 to 10, County Auditor A. M. Senstad has been notified by the state game and fish division. Trapping of beaver, for which a special license costing $2.50 is required, will be permitted from December 1 to 10.

There are nearly 5 per cent fwr farms in Minnesota today than in 1940.

Sportsmens Club to Meet Tuesday Evening, Nov. 5

N. W. SCHOOL TO OBSERVE PARENTS DAY NOVEMBER 9

Varied Program of Activities Planned for 1946 Observance

Plans are being made for an attendance of six hundred parents for the 27th annual Parents' Day at the Northwest School of Agriculture, Crookston on Saturday, November 9.

Open house in all dormitories and school buildings will be held beginning at 10:00 A. M. and continuing until noon in the school class and laboratory buildings. The serving of the Parents' Day dinner will start at 11:30 A. M. and continue until 1:30 p. m.

A meeting of the officers and directors of the Northwest School Parents' Association has been called by President Alfred Halstrom for 10:45 a. m. in the school library. The annual election and business meeting of the Association will be held in the school auditorium at 1:30 p. m. Dr. C. H. Bailey, dean and director of the agriculture college and experiment station, University of Minnesota, will speak at the Parent's association meeting.

Features of the student program, which starts at 2:00 p. m., will be music by the massed chorus, school choir and glee clubs; a style review by more than one hundred girls in sewing projects, boys' demonstrations of summer home project work, and a one-act play. The program for the day will be concluded with parents as guests at the lyceum attraction "The Ritz Trumpeters" which will be held in the school auditorium at 8:00 p. m.

Attention of Hunters Called to Fire Hazards by Forestry Official

A warning to hunters and late season fisherman to be careful that their smokes and campfires do not start grass and forest fires was issued today by A. E. Pimley, division of forestry, conservation department.

"There is a tremendous amount of dry, inflamable grass, weeds and brush which burn easily," Pimley said. "We have had a fair amount of moisture in the last few weeks in most sections of northern Minnesota, but the surface material dries out quickly. We still have all the key lookout towers manned from now until the first snowfall, and the towermen quickly pick up the first smoke of a fire."

Pimley indicated that there probably is a greater fire hazard in the agricultural sections of the state where duck and pheasant hunters are concentrated. The dry areas of grass and weeds, especially around swamps and potholes burn readily and are a fire danger.

CANNING SUGAR PERIOD EXTENDED

Spare Stamps 9 and 10 Good Thru November 30

Housewives will have another 30 days to use their canning sugar stamps, the OPA announced Saturday.

Instead of expiring at the end of this month, spare stamps No. 9 and 10 will continue valid through November 30. Each is good for five pounds.

Th action completes a series of movies designed to effect local and regional sugar shortages resulting from the maritime strike. Earlier last week arrangemnts were made to ship western beet sugar to the east.

Department Commander of Legion Asks Service Veterans to Vote Nov. 5

All ex-service men were urged to go to the polls and vote November 5 by E. B. Miller, Brainerd, Minnesota department commander of the American Legion.

Of all American citizens, Miller said, the veteran probably has the biggest stake in America and what it stands for. His sacrifices on the field of battle and in camps all over the world should have taught him the meaning of America and the free institutions under which it thrives, he added.

The world at present is torn with turmoil, Miller declared. The aftermath of the war has meant confusion, illconcealed hatreds, intolerance, selfishness—all of the things that mitigate against world peace and happiness.

These can be kept at bay only by an America that is strong and is concious of the leadership it must display in the affairs of the world, Miller said, and America can be kept at the strength required to due the job only through the prodding of an informed electorate.

Salvage of Household Fats Will be Necessary for Long Time to Come

Due to the acute shortage of meat women have been unable to save and turn in fats to the extent they had during previous months, but with the lifting of price ceilings fat raivage collections should surpass those of recent months.

According to the American Fat Salvage Committee housewives, since the start of the program four years ago, have been responsible for the recovery of more than five million pounds of fat.

The committee also pointed out that due to the world-wide shortage of fats and with no prospects for early improvement in the situation, the need for fat salvaging is now greater than it has been at any time during the war years.

Production of many greatly needed consumer items are dependent on fats. These include soap, pharmaceuticals, automobiles, refrigerators, washing machines, floor coverings and textiles. Ever pound of fat turned back to the butcher will hasten the return of these and many other products.

State Legion Parley at Albert Lea Nov. 22-23

Commanders and adjutants of local American Legion posts and presidents and secretaries of auxiliary units from throughout the state will converge in Albert Lea November 22 and 23 for the annual fall conference at which membership and other problems of the American Legion in Minnesota will be discussed. The program provides for business sessions of both the Legion and auxiliary, for a banquet Saturday night which will be open to the public, a dance, a 40 and "wrelk" and for an informal party at the Albert Lea Legion clubrooms. An attendance of more than 600 is expected.

EXPECT SHORTAGE OF FLAX SEED FOR PLANTING IN 1947

Current High Prices May Reduce Supplies of Seed Below Needs

Rocketing prices, following in the wake of the decontrol announcement, were seriously threatening the basic seed flax stocks in the Northwest, according to market analysis who appealed to farmers to hold seed supplies on the farm for the 1947 season.

Domestic needs of linseed oil for the next two years are expected to be far in excess of normal. It is expected that all flax production of this country can readily be absorbed by industry.

Hopes for obtaining additional supplies through imports are at a low ebb and it is expected that there will be little or no change in the export-import situation.

This leaves it up to the flax growers of the United States to produce necessary acreage and necessary flax from which can be crushed the vital oil upon which the paint, varnish, linoleum and many industries depend.

It is estimated that a total of 4,000,000 to 4,500,000 bushels of 4,000,000 to 4,500,000 bushels of seed flax will be needed this spring to plant the 6,000,000 to 6,000,000 acres essentially needed for domestic use of oil.

According to George Hellickson of the Minneapolis Morning Tribune, "Flaxseed growers are killing the goose that lays the golden egg by being tempted by the $7.00 price."

He further pointed out that thousands of bushels of prime seed stock have already disappeared into the Minneapolis market and that paint and oil industries are worried about raw materials for 1947 production.

While growers believe they can replace their common seed stocks with certified seed in the spring, the small amount of certified available may make this impossible.

It Was Right!

A man on the Florida coast sent to New York for a barometer. When he unpacked it, he found it set at Hurricane. He tapped it, but it didn't budge. He hung it up, tapped it again, but it still remained as set. Wrathfully he sat down and wrote a blistering letter to the store, then went out to post it. When he came back the barometer was gone. So was his house.

No Trade-In Value

"Annie," mother exclaimed to her naughty offspring, "I don't think I'll punish you this time—I'll just get a good little girl in your place."

The youngster quietly considered the threat for a moment, then laughed.

"You can't do it, mother," she rejoined. "Nobody's going to trade you a good little girl for a bad one."

To the Voters of Pennington County:

It takes at least one term in the legislature to become acquainted and learn something of parliamentary law and parliamentary procedure. I feel I will be better prepared to represent the people in the future than at the last session having had this experience. Why elect a new man?

The following is quoted from a letter written to a Red Lake Falls man by a leading member of the legislature:

"As far as Mr. McReynolds is concerned we are very anxious to have him re-elected. He is a good man for your district, is very conscientious and is a supporter of good government all the way through. He is a man of his word and the house members like him and enjoy working with him."

At the last session I tried to fairly and honestly work for the interests of the farmers, the business men, veterans, state employees, and all other groups in the 65th legislative district and if re-elected you may be assured that I will continue to do so.

Being a former resident of Pennington County for five years I can understand the problems of Pennington County and have its welfare at heart.

Yours for good legislation.

STATE RESOURCES COMMISSION PUTS OUT GUIDE BOOK

Lists 5,750 Business Enterprises in 350 Cities of Minnesota

The Minnesota Resources commission has published a "Guide Book to Minnesota Industry." It is an attractive 575 page book, which supplies more information about Minnesota's economy than has ever before been put in one volume.

The book has three principal divisions. First, there is an introduction which presents in brief terms the general nature of business and trade in this State. It is felt that the state is now going through a period of transition, the elements of which are indicated.

The second part consists of a complete directory of Minnesota's manufacturing plants arranged according to the products of those plants. These products vary from abrasives to yeast and include such items as argot of rye, turkey saddles, tumble bug scrapers and scores of other items requiring definition for the ordinary reader. In addition, there is afforded data concerning the number of people employed, the name of the officials to whom inquiries should be addressed, and the markets, local, regional, national or export, into which the products enter.

The third and most distinctive portion of the book, consists of a summarization of the principal economic factors, such as raw materials available, transportation facilities and the like associated with every community in Minnesota with a 1940 population in excess of 500. Here, too, is found the names of the mayors and chamber of commerce secretaries, population figures, and a variety of other information that supplies a unique perspective of the hundreds of municipalities in which manufacturing plants are found.

There are approximately 5,750 concerns and 350 communities represented in the volume, which would seem to indicate that Minnesota is on the way toward becoming an industrial State. It is estimated that nearly one hundred new industries are being added each month.

FIGHT TO PAY TAXES . . . One would normally see such a crowd rushing to get an item of scarce food—a steak or roast—or to procure tickets to a sold-out performance, or trying to crash a crowded train. This mob is pushing to—of all things—pay income taxes. The scene is Rome, Italy, where the mob waited until deadline to file their income tax returns—just as many do in America.

Close-Pilling Cover

A close-fitting cover is essential for many cooking processes, so buying a pan and cover together is often worth the extra money.

Bridges Damaged by Oversize-Overweight Loads, Hoffman Says

"Watch your bridges" is the warning by M. J. Hoffman, commissioner of highways to truckers hauling heavy or bulky loads. Recalling that several Minnesota trunk highway structures have been seriously damaged in recent weeks, Mr. Hoffman urged all haulers to keep three things in mind:

Loads exceeding legal size and weight limits can be moved only with special permits and over specified routes.

Drivers should be alert for signs indicating narrow bridges, structures with less than 14-foot vertical clearance and bridges posted for load limits below the legal maximum.

Driers should use moderate speed in crossing narrow bridges or bridges with sharp curves on the approaches.

Among recent instances of damage to trunk highway structures, Mr. Hoffman cited the following:

One bridge over a railroad collapsed after a heavy truck had gone over it blocking the railroad and closing the highway to all travel.

Supports of one railroad underpass were struck by an overwidth load and railroad tracks were thrown three feet out of line.

Overhead trusses on at least 3 bridges, all having the required 14-foot vertical clearance, have been badly damaged by loads exceeding legal height limits.

One bridge with slightly less than 14-foot clearance, but with clearance posted, was twice damaged by loads exceeding the 12.5 foot maximum legal height.

In none of these cases did the trucks have permits for moving oversize or overweight loads. Permits when granted prescribe movement over routes having bridges with adequate strength and clearance.

Killing Heel Flies With Power Sprays

Cattle Grubs Can Be Eliminated Profitably

By W. J. DRYDEN

The cattle grub and heel fly are different forms of the same insect. Starting in the spring, when it is in the fly form, the heel fly lays eggs in hairs of the animals. These eggs hatch into maggots which work their way through the hide and enter the muscle tissues. During the next nine months they migrate through the internal organs of the cattle and come out along the back.

Cysts are formed and the maggots then turn into grubs about an inch long. In the spring they work their way out of the holes in the hide and fall to the ground. Within a few weeks they turn into heel flies and the yearly cycle repeats itself.

The USDA reports an annual loss of $100,000,000 in milk, meat and leather due to cattle grubs and heel flies.

While the use of a 1¼ rotenone dust has proven effective, many will find it advisable to treating cattle with a power spray. For this method either of the following solutions will be effective: 20 pounds rotenone sulphur with 100 gallons water or cube or derris, 10 pounds, sodium lauryl sulfate, 2 ounces added to 100 gallons of water. There are many good commercial preparations on the market.

Know Your Breed

Herefords

By W. J. DRYDEN

The grand champion bull at the 1945 National Hereford show, and owned by the Circle M. Hereford ranch, Senatobia, Miss., and illustrated here, will illustrate this remarkable beef type of cattle.

It is distinguished from all other beef breeds by its red body and white face. The white color is found also on the underline, flank, crest, switch, breast and below the knee and hock.

A product of England, they were brought to U. S. in 1817. Herefords are outstanding as dusters and of utilizing grass very advantageously.

AGENCY SURVEYS PAYMENTS TO GI'S

Employment-Security Division Makes Study

A survey of the cases of veterans who may have obtained readjustment allowances illegally last week advanced to the point where the employment security division denied further benefits to Edward M. Schowe, a former Minneapolis Marine. At the same time the office of Victor Christgau, director of the division announced that at least eight other cases are under investigation.

After a formal hearing, the division held that Schowe had received $20.00 a week for 14 weeks—a total of $280.00—on representations that he had been unemployed while, as matter of fact, he had been working as a guard in a Minneapolis bank at from $170.00 to $180.00 a month.

A certified copy of the division's findings together with a transcript of the sworn testimony, is to be filed with the Veterans Administration for review and possible prosecution. If found guilty, Schowe, in addition to loss of benefit rights, faces a fine of $1,000, a year's imprisonment, or both.

Christgau said that details of eight other suspected fraud cases will not be released until investigations justify ordering a formal hearing.

The Schowe case was instituted in connection with a survey of all veterans who have received 20 or more consecutive weekly benefits, to keep the program free of fraud.

Last week the division announced that the number of Minnesota veterans receiving readjustment allowances had reached a low of 13,977, less than one-third of the total in April when the peak of 50,000 vets were receiving benefits.

FORTUNATE FINDERS RECEIVE REWARDS

O. S. Wyman, an auctioneer of the Hallock vicinity lost a billfold containing $4,000. Search seemed in vain so he posted a $100 reward. No results. Finally the field was plowed and cultivated and on the last trip Calvin Ardies found the billfold intact and collected his reward. A St. James cafe waitress picked up and held a purse containing $750 until a Florida traveler drove 30 miles back and reclaimed it, leaving $50 gratitude money.

Tale of a Goat

A Connecticut school-teacher has a prize essay on goats, submitted by a freckle-faced, freckle-faced sixth grader—a boy, of course. It reads:

"A goat is about as big as a sheep if the sheep is big enough. A male goat is a butt; a female goat is a buttress. A new little goat is a goatee. Goats are very useful for eating up things. A goat will eat up more things than any animal that ain't a goat.

"My father had a goat once. My father is an awful good man. Everything he says is so, even if it isn't so. But he sure had a goat since it ate up my rose bushes.

"And that's all I know about goats."

A HIGH BID AT THAT

A dilapidated car wheezed up to the toll gate of the Golden Gate bridge in San Francisco. Its last drop of gas was gone and its wormout tires were almost flapping in the breeze.

"Four-bits," demanded the bridge attendant briskly.

"Sold!" exclaimed the two weary G.I.s.

Filled Up

"Oh, honey, bring half a dozen mousetraps when you come home this evening," said the bride.

"Why, I just bought six yesterday!"

"Yes, I know, but they have mice in them!"

Money Has Wings

"How can I enter the missing amount the cashier ran off with?" asked the bookkeeper.

"Put it under 'running expenses'," replied the auditor.

The last lap is the hardest!

You've probably figured your present car won't have to last much longer.

We hope you're right. For our part, we're doing our best to get those grand new Packards to our customers.

•You know the situation

But, like every other motor car manufacturer, Packard is still struggling with parts and materials shortages.

This year, the industry as a whole has been able to build only 44% of its output for the same period in 1941.

Packard has done better than that, but we'd like to put in a word of caution:

It may be some time yet before you get behind the wheel of your new car.

•Don't take a chance!

Make sure your present car keeps rolling. Test your car with this easy quiz.

If you find any of these symptoms, bring your car in for a quick check-up.

Lots of cars are lasting longer and running better because our expert mechanics are trained to nip trouble before it takes hold!

WINTERIZE NOW! These days, it's doubly important to beat winter to the punch. Bring your car in *early* for a thorough check-up of your battery, electrical system, and cooling system—as well as pre-winter lubrication and engine tune-up. The last-minute rush will be terrific—and the first cold snap may damage hard-to-get parts!

P.S. Fenders, doors, running boards—in fact, all body parts are scarce. Don't let rust eat them away. Our protective treatment will add to your car's life, appearance and value.

Clean Milk Comes From Modern Barns

Well Constructed and Clean Mangers Urged

Concrete dairy barn floors and mangers will prove a big help in producing milk of high quality as well as reducing the amount of labor required. The U. S. public health service milk code provides that no dairy barn meets the requirements for producing high grade milk without a long-lasting, nonabsorbent, sanitary floor such as concrete.

Forms are made of one-inch lumber, well braced. Concrete for the floor is made with five gallons of water per sack of portland cement when sand and gravel are moist. The mix should be plastic and workable, but not too sloppy nor too stiff.

Barn floors and mangers properly designed and built help assure clean, comfortable, healthy stock—high quality milk.

Build the manger curb first; then the litter alley and the manger. Leave holes in concrete for future stall equipment if not now available. Then build stall platforms. These will vary according to the kind of cattle. The mangers should be finished smooth with a steel trowel. The concrete should be damp cured for at least five days before using.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

How the Movies Develop Attitudes

We have said that even eight-year-olds see as many as three-fourths of the items a superior adult sees in a movie, and that the amount of information acquired increases with the child's age. If the movie in question has a strong emotional tone, the likelihood of a child remembering its content is increased and his point of view may be changed.

"Son of the Gods" (a movie favorable to the Chinese) was shown in Geneva, Illinois, to children aged 9 to 12. Their attitude toward the Chinese became markedly more favorable. Five months later tests showed that there was still a more favorable attitude toward the Chinese than before the movie was ever shown; and 14 months later the attitude was practically the same. That is in 19 months the effect of seeing the one movie was still quite apparent in children's attitudes. "All Quiet on the Western Front" definately changed the attitudes of junior and senior high school students toward war.

Investigators found that the reputation of a movie increases its effect on attitude; or two movies with a similar theme may produce a change in attitude although the presentation of either one alone would not. Repetition of an idea is the technique used by propaganda groups of various types. Two pictures are more powerful than one and three are more powerful than two. Continued exposure to pictures of similar type and message will eventually change the attitudes of those who see them. It is, therefore, important for teachers to know what kind of movies their children see.

These generalizations are made on group results. The investigators emphasize that the effect upon the child will vary. One child may be greatly affected by a single movie; another child may be exposed several times without measurable change in attitude. However, there can be no doubt that the movies are important in developing and changing the attitudes of children.

"U" PRESIDENT FLUBS 564 QUESTION

Minneapolis—Dr. J. L. Morrill, only about a year president of the University of Minnesota, still has quite a lot to learn about this immense institution. Whereupon the rather disgusted newcomer asked, "Do you work here?"

To Keep These Gains

Improvements made during the past eight years, first under Governor Stassen and more recently under Governor Thye, have transformed Minnesota's state government and increased its usefulness to the people. Standing out among the gains in these eight years:

Adoption of a new plan of financial control to prevent deficits and avoid needless spending.

Cut of $63,000,000 in state debt.

Increase of 50 to 60% in old age assistance, aid to blind and aid to dependent children.

Increased funds for schools.

Introduction of new conciliation program which has cut strike losses 70%.

Increase of 20% in limits on wage loss benefits for injured workers.

Adoption of civil service for state employees.

* * *

Few Minnesotans, surveying the gains, will want to go back to the waste, mismanagement and spoils that prevailed back in 1937 and 1938. All who stop to reflect will want to keep the new order of government. It's honesty, integrity and efficiency established. Luther W. Youngdahl, Republican nominee for Governor, can be depended upon to continue this new order of government and seek wherever possible to make improvements.

To Meet New Needs

Vast changes are impending. In the aftermath of war will come difficulties and uncertainties none of us can anticipate. New conditions will require new programs. What a fine thing it will be, in this period of uncertainty, to have in important posts in our government men we can depend on for wise and helpful action. All groups of our citizens can have an added sense of surenessa if we send Ed Thye to Washington to represent us as U. S. Senator, elect a full delegation of Republican Congressmen, put Luther Youngdahl in the Governor's chair and re-elect our present Republican state officials.

VOTE

But you can't keep the gains Minnesota has achieved in government, you can't expect to have capable and dependable men represenating you in Congress in this critical period unless you do something about it. What action our state and national officials take on many problems during the next two years is going to affect vitally your own pocketbook and the welfare of your family. Go to the polls and vote now. If you never voted before, and urge all your friends and neighbors to vote. Too much is at stake for any of us to leave to others the selection of the officials who are going to represent us.

WINTER IS COMING, DRIVERS WARNED

Cautious Driving, Safe Equipment Essential

The time has come for motorists to get ready for winter driving, according to W. F. Rosenwald, traffic engineer of the state highway department, Minnesota weather can change quickly, and it is best to be prepared.

"Two things are necessary for safe winter driving," Mr. Rosenwald said. "One is to see that your car is mechanically safe and properly equipped. The other is to adjust your speed and alertness to winter road conditions. The two go together. The best equipment is of little value without skilled and cautious driving.

"One of the main winter hazards is skidding. Chains should be carried in every car and used when roads are covered with ice or snow. More important however, is controlling your speed so that you can stop safely at all times. Slow down well in advance of curves and intersections, follow other vehicles at a safe distance, and signal intentions of turning or stopping.

"Another winter hazard is poor visibility, due to long hours of darkness, snow, fog, or frosted windows and windshields. These conditions can be met by installing frost shields and by checking to see that defrosters, headlights and windshield wipers are in good working order. These, however, avail little without cautious driving. Slow down at sunset, and slow down more when fog, snow or frost obscure your vision. Don't overdrive your headlights. Control our speed so that you can always stop safely in the space you can see clearly ahead.

Every motorist should carry a shovel, chains and a tow rope. He should also keep extra clothing, a heavy overcoat, overshoes, cap, warm mittens and blankets in his car for use if it becomes necessary to remain in a stalled car or walk any distance for help. These things take a little room and they may be life savers in case of bad weather.

FROM THE 65TH DISTRICT

I have been a resident of Red Lake county for the past twenty-three years, and have the support of all groups in that county. The people of Red Lake county believe they are entitled to one member of the State Legislature and that I am well qualified to serve the 65th District in that capacity. I have served for the past four years as a member of the Board of County Commissioners of my county, also as a member of the Welfare Board. If elected I will support legislation to simplify and equalize the administration of our welfare programs.

I am the father of four boys who all served in the late war, and as such, I am surely interested in veterans welfare, and will support any legislation that is of genuine benefit to veterans. I am opposed to a general sales tax for any purpose on the grounds that it is an unfair method of raising revenue as it is not based on ability to pay but will in fact fall most heavily on those least able to pay, and in addition to that, it is a cumbersome nuisance imposed on general business.

I believe in a fair minimum wage law.

I believe that with well paid labor and a prosperous agriculture all business and professions will prosper. We must stop running inflation and we can and must prevent another dreaded depression. If you agree with me on these general principals your support and vote on November 5th will be greatly appreciated, and in return I promise to serve you honestly and to the best of my ability in any matters in which you are interested that may come before the legislature.

Sincerely yours,
D. R. SHETTERLY

A Bit Crowded

Severely jostled in the thundering herd of New York's subway rush hour, a fragile young lady was finally crammed among the standees. Her sense of humor was not impaired, however. She poked her face close to the ear of an adjoining male.

"Look," she demanded tartly, "my rib—is it crushing your elbow?"

Time Makes Changes

An old man one day neglected to assist his wife into the street car. "John," she said reprovingly, "you are not so gallant as when you were a boy." To which he replied, "No, and you are not so buoyant as when you were a gal."

Vaccinate Dogs

Dogs on the farm, as well as those elsewhere, should be vaccinated against rabies once a year, as any animal that is bitten by a rabid dog may contract the disease.

Vegetable Pie

One way to make vegetables into a more hearty meal is to put them in a vegetable pie, and giving them a meat flavor by combining them with meat broth.

Raw Cabbage

One cup of raw cabbage supplies nearly half of a day's need for vitamin C.

5 WAYS TO GET THE MOST OUT OF YOUR Party Line

1 Keep conversations brief. Have the children cut calls short, too.

2 Allow a reasonable interval between calls. Avoid tying up the line by making a string of calls in succession.

3 Before calling, listen—to prevent breaking in on someone talking.

4 Yield the right-of-way to emergency calls.

5 Follow the party-line Golden Rule: Use your telephone as you would have others on the line use theirs.

Start Work on Clubhouse

A crew of Legion Elves and sportsmen began work on construction of their clubhouse. The building as now planned will be a one story stucco building about 20 feet by 40 feet and will be constructed mostly of lumber salvaged from a garage which was purchased and torn down by clubmembers this summer. Labor on the building will be practically all donated. Every Legionaire and Sportsmen will be expected to donate at least one day of work on the building. With a large crew at work under the supervision of Legionnaire Bill Finnestad, it is expected that the place will be finished in a few weeks. It has been decided to construct the building on a temporary foundation on the lots where the lumber is now piled north of the locker plant and to later move it onto a permanent foundation on the Legion lots across the street to the east. Lets all pull together and do our best to get our cozy little clubhouse ready for use this winter.

INVITATION ACCEPTED

Stern father (sarcastically): "Say young man, it's past midnight. Do you think you can stay here all night?"

"Gosh!" exclaimed the innocent young man. "I'll have to telephone mother first."

Not Guilty

With a grinding of brakes, an army officer pulled up at the side of the road.

"Say, sonny," he called to a small boy standing nearby, "have you seen an airplane come down near here?"

"No, sir," declared the boy defensively, hiding his slingshot behind his back. "I've just been shooting at a bottle."

From where I sit ... by Joe Marsh

Friendship—Three Thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hoskins, in our town, and a man named Dalton Barnes, in England.

They've never seen each other, never met. But for the past eight years they've been playing chess by mail together — Dad puzzling over Dalton's latest letter, while he sends a chart of his next move to England.

Dad always thinks best with a mellow glass of beer beside his chessboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often those little things—like a game of chess or a glass of beer—that can make for tolerance and understanding . . . between people of all nations . . . between neighbors here at home!

A MESSAGE OF INTEREST
to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule —even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time.

It is true that *Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946*, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941.

This means it may take many months for the Chevrolet Motor Division to reach peak production of new Chevrolets—even longer to fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST —and, for the present at least, "there just aren't enough Chevrolets to go around," much as we wish there were.

However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can, in the face of continued suppliers' strikes, material shortages and manpower problems, to step up shipments to us and to all dealers, in accordance with a predetermined distribution plan assuring each dealer of his fair allotment, based on 1941 passenger car sales. And we, in turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and good will—too grateful for your patience and understanding—to do anything less than continue to serve you to the very best of our ability.

KEEP YOUR PRESENT CAR RUNNING
Meanwhile, *the most important car of all to you is the car you are driving now. May* we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you!

TECHNOCRACY
To Labor

MONEY, AS WE KNOW IT, has no definite value. It fluctuates as to what it will buy according to the supply that the banks let out, much as the prices of potatoes and eggs and meat fluctuate under speculative manipulation.

THE BANKS, controlling the money of the country, may legally loan credit, in terms of money, up to ten times the sum of all the money they hold, the borrowers checking *against their borrowed credit for labor and supplies.*

WAGES, JOBS, AND WORKERS also fluctuate in quantity, price, and worth to the possessor and user. We recall two shipwrights on the same job and drawing the same pay; but the one—about half as big as the other—would do twice as much work. It was a matter of averages. Today some power-driven machine would do twice as much as both of them, and at one-tenth the money cost.

UNDER THE POWER-TECHNOLOGY TREND of today and tomorrow, fewer and fewer man-hours in industry—a minor fraction of the available supply will be producing more goods than can be sold; while soon, all of labor, EMPLOYED AND UNEMPLOYED, will be doing a jig-time dance after purchasing-power on the red-hot grid of America's final depression.

THE QUESTION IS: Why longer make the futile attempt to measure your life energy and your physical needs in terms of that wholly undependable commodity—money—the entire supply of which is devised and manipulated by a very small group so as to maintain the status quo?

ABLE AMERICAN ENGINEERS saw this debacle many years ago. Not content to leave it at that, they worked out a distribution system, based on the Energy Certificate, that will, when adopted, hand to our entire North American citizenry, not a 30 percent raise in bankers' debt tokens (money) to organized labor only, but an individually-chosen, per capita share of all the wealth and services American genius and power can produce; and will do it all on short hours, without violence, and without money or price.

Thank You

During anniversary services and gospel crusade meetings held recently in the the Mission Covenant Church of Thief River Falls, we, as a congregation, became indebted to many locally and in this area for interest shown. We recognize herewith greetings extended through several pastors. We thank God, above all, for His faithfulness and for fellowship with those of like precious faith through Jesus Christ and the blood shed by Him on Calvary.

That the impetus received through the Word of God which was preached and sung in these services may cause us to move onward is our prayerful desire.

These are days when all who know Christ through personal experience of His power to save need to "stand fast in one spirit, with one mind striving together for the faith of the gospel" (Philippians 1:27).

The legend of the 1947 American Junior Red Cross poster, "You Can Help," means youth can help in international programs of service.

During the past year and a half, the school children of the United States of America have sent more than $2,000,000 worth of supplies to children abroad through the American Junior Red Cross. They have given large sums to the American Junior Red Cross National Children's Fund, have sent many correspondence albums, and have packed hundreds of thousands of gift boxes. The gift box goal for the fall of 1946 is 1,000,000 gift boxes.

The poster painted by Rico Tomaso will be distributed during the Annual Enrollment for Service Campaign, which enlists members for such service.

Attention of Hunters Called to Fire Hazards by Forestry Official

A warning to hunters and late season fisherman to be careful that their smokes and campfires do not start grass and forest fires was issued today by A. E. Pimley, division of forestry, conservation department.

"There is a tremendous amount of dry, inflammable grass, weeds and brush which burn easily," Pimley said. "We have had a fair amount of moisture in the last few weeks in most sections of northern Minnesota, but the surface material dries out quickly. We still have all the key lookout towers manned from now until the first snowfall, and the towermen quickly pick up the first smoke of a fire."

Pimley indicated that there probably is a greater fire hazard in the agricultural sections of the state where duck and pheasant hunters are concentrated. The dry areas of grass and weeds, especially around swamps and potholes burn readily and are a fire danger.

Salvage of Household Fats Will be Necessary for Long Time to Come

Due to the acute shortage of meat women have been unable to save and turn in fats to the extent they had during previous months, but with the lifting of price ceilings fat salvage collections should surpass those of recent months.

According to the American Fat Salvage Committee housewives, since the start of the program four years ago, have been responsible for the recovery of more than five million pounds of fat.

The committee also pointed out that due to the world-wide shortage of fats and with no prospects for early improvement in the situation, the need for fat salvaging is now greater than it has been at any time during the war years.

Production of many greatly needed consumer items are dependent on fats. These include soap, pharmaceuticals, automobiles, refrigerators, washing machines, floor coverings and textiles. Every pound of fat turned back to the butcher will hasten the return of these and many other products.

CITY COUNCIL PROCEEDINGS

City of Thief River Falls, Minnesota

The City Council of the City of Thief River Falls, Minnesota met in regular session in the Council Chamber in the Auditorium and Municipal Building on October 14, 1946. The meeting was called to order at eight o'clock P. M. with all members present: Simons, Bredeson, Engelstad, Anderson, Berge and Nelson.

Minutes of the meetings of September 30th and 14th, 1946 were read and the same were declared adopted and approved as read.

Monthly reports of City Clerk, Treasurer, Manager of Sports Arena, Weighmaster for month of August, Municipal Judge for month of August and Department of Parks were presented, examined and ordered filed.

George McDonald of Minneapolis Bridge Construction Company appeared before the Council with regard to the securing of dirt fill for use in the construction of the Power Dam across the Red Lake River, suggesting that such dirt could be taken from the Harding Dunn land and offered to open up new trenching for further development of the dirt fill. The matter was referred to the Committee of Health and Sanitation with power to act.

A large delegation of women interested in the City sponsored Play Time and Kiddie Kar Ride Project which project had been closed since August 15th were present. Miss Ilus LaFave, recreation director of the recreation Board acted as spokesman for the group and urged that the project be re-opened and continued. Dr. Theo Ireland, Dentist, Nurses and others also advocated its continuance. The Council directed action in the matter to a later date.

Dent J. Kiesel of Kiesel Products Company presented an application for permit to break the concrete walk and curb and gutter on the west side of Lots 20-21, Block 64 of the Original Townsite for the installation of a concrete driveway of 25 feet width to afford access to its plant from Knight Avenue. Alderman Engelstad moved that such permit be granted for such purpose. The motion was seconded by Alderman Anderson and adopted.

Application for renewal of license to engage in electrical installation, wiring, etc. was presented by Danielson Electric Company. Alderman Berge moved that the same be approved and that the Clerk be directed to issue license therefor, which motion was seconded by Alderman Simons and thereafter adopted by unanimous vote of the Council by roll call.

Application was presented for a transfer as to ownership of license to sell certain non-intoxicating malt liquors containing not more than 3.2% of alcohol by weight, place of business 228 Third Street East, the same being signed by Elmer M. Larsen and Marion Larsen. License is to be transferred from the former to the latter. Alderman Nelson moved that the Clerk be directed to make such transfer endorsement on the present license when the same is presented to him by the new licensee. The motion was seconded by Alderman Simons and such motion was thereupon adopted by unanimous vote of the Council taken by roll call.

Application for permit to move to the City a building to be used for residential purposes was presented by Clarence Myron, such building to be placed on Lots 9 feet or Lot 1, Block 8, Cowley's Third Addition. Application for new building construction or remodeling to be "relocated" as follows: Iver Nelson, new residence, Lots 21-22, Block 1, Playground Addition, cost $6,000; Oscar Ovenelson, private garage, Lots 9-10, Block 77, T.R. cost $400; Lot 10, Block 7, Knox Addition, cost $473; Clarence Myron, basement and addition to residence No. 30 feet Lot 1, Block 8, Cowley's Third Addition, cost $1600; Mrs. Sven Sears, private garage, Lot 20-21, Block 3, Knox Addition, cost $400; Lawrence Bird, private garage, Lot 10, Block 13, Oakland Addition, cost $250.00; Jerry Allen, alterations, Lots 5-6, Block 7, Hog Lake Heights, cost $4,000; Roy Swanson, residence alterations, Lots 21-22, Block 1, Reid Addition, cost $1500; Iver Johnson, private garage, Lots 5-6

Investments in Tangle Abroad

Government Officials Say It Will Take Many Years To Untangle Mess.

WASHINGTON. — It will take years to untangle the complicated mess in which the war left American investments in foreign countries, with scant chance of 100-cents-on-the-dollar settlements, say government officials, according to the Associated Press.

A thousand and one headaches have developed to plague United States economic experts attempting to find a solution to a problem which involves the industrial future of Europe as well as such questions as taxation, war damage claims and reparations.

Plan for Compensation.

Representatives of at least three departments—state, treasury and commerce — already have begun tentative consideration of a measure for congressional action to compensate, at least in part, legitimate victims of the forfeiture of war.

The magnitude of the problem will be measured largely by the limitation ultimately imposed by the Allied Control commission on Germany's future industrial production, and the extent to which that limitation affects American prewar investments.

Under plans laid down at Potsdam, Germany will be stripped of its industrial war potential, and its manufacturing output for export will be limited to what the country must have to pay for imports essential to its domestic economy.

Industrial machinery beyond this basic core will be dismantled and, in most cases, be used as reparations to replace and rehabilitate industries looted or devastated by the Nazis throughout Europe.

Had Big Investment.

Government officials said that some of this machinery will be American owned. They estimated that American investments in Germany before the war amounted to approximately $1,200,000,000.

Under present plans, the American owners would be given first opportunity to purchase their own property, for use somewhere outside Germany, while retaining a claim for war damage against the government. But this procedure has not received as yet the wholehearted approval of this government.

One faction among the American economic experts has been advocating governmental discouragement of American firms operating branch factories abroad. It has contended that many of these branch factories were operated before the war at a loss, and were maintained chiefly to discourage development of foreign competition.

Meanwhile, it was learned that a number of big American companies, with foreign branches located in former occupied or enemy countries, obtained tax reductions during the wartime years by writing off such plants as a loss.

Fish Varieties

Considering all edible varieties of fish in the United States, it is possible to serve a different kind every day for five and one-third months without repeating a single dish.

Robs Fertility

Erosion is taking more fertility both in terms of organic matter and of mineral elements than crops are taking from American soil year by year.

Bomb Guided by Radar Is Deadly

The 'Bat' Is Able to Trail Vessels Unerringly, Navy Reports.

NEW YORK. — The "Bat," a radar-guided bomb that relentlessly followed enemy warships and merchant men and sank them no matter how hard they tried to elude it, was announced here by the Bell Telephone laboratories, with authority by the navy, according to the New York Times.

The weapon is equipped with a radar in its nose by which it sends and receives signals from the target. Wherever the target goes it follows, twisting and turning with it, until their pathways merge in a final explosion.

The navy's electronic Bat guides itself by radar pulses in the same manner in which the natural bat guides itself by the echoes of supersonic pulses emitted by it in flight. It is released from a mother plane after it is made certain that the ship discovered by the Bat belongs to the enemy.

The radar-guided bomb is about 12 feet long, has a 10-foot wing spread and carries half a ton of high explosives. The radar equipment weighs about 200 pounds. Its speed is comparable to that of a plane and its range great enough so that the mother ship can operate well out of range of the enemy's best anti-aircraft fire.

Shows the Direction.

The unit includes a transmitter, a receiver and the circuit that indicates the direction of the target and flashes its finding electrically to the Bat's autopilot. Another part of the unit, the monitor, mounted in the mother plane, presents signals from the Bat to the pilot and radar observer, so that when the Bat picks up a ship, a tell-tale "blip" appears on the monitor's scope.

After the Bat's find is definitely identified as enemy the pilot heads his plane toward the prey, releasing it at the proper distance. From that point it is "on its own." If the target ship changes its course the Bat knows it a split second later and changes its own accordingly. There is no way to avoid the electronic "homing instinct."

In developing the Bat, the Bell engineers were up against the problem of finding out what happens inside a pilotless missile on its way to destruction. At the beginning the testing was done by making trial runs on our own ships, approaching the target as closely as possible without actual collision. This procedure often proved exciting to all concerned. One ship tracked the mother-plane's dive with anti-aircraft guns cocked, but fortunately no one pulled a trigger.

Employ Goodrich Blimp.

In the final field tests of the Bat, radar equipment was fastened on the front of a blimp gondola. With a daring, unidentified young man astride it to watch its operation, and with motion picture cameras to read various test-meters, they cruised slowly toward the target. On the basis of this and other tests, supplemented by theory, various improvements were made.

By early 1945 final trial releases were completed and the Bat was given orders overseas. Privateer search planes equipped to carry Bats appeared on Philippine airstrips in May of that year. The Bat's combat record against Japanese shipping has not been revealed in detail, but one incident in which two planes sighted two ships by radar over a distance of 20 miles has been disclosed.

Our planes went in close to identify the ships visually as Japanese destroyers. When they were met by intense anti-aircraft fire, the Privateers banked and flew out of range. One of them undisturbedly launched its Bat—and it glided straight for the leading destroyer, where it blew off her bow. The other destroyer began lobbing shells toward the Privateer, but they were far short.

Growing Use in Paint

A wartime development in the paint industry has been the increasing use of "tall oil," a by-product of the manufacture of sulphate pulp from pine wood, as a substitute for all or part of commonly used drying oils for some types of coatings. This oil, name of which comes from the Swedish word for pine, is becoming rapidly available in ever increasing quantities due to rapid growth of the sulphate pulp industry. One manufacturer has estimated that 100,000 tons of tall oil now are potentially available annually.

To Boost Cotton

Cultivation of cotton in the Soviet Union, along with several other crops, is to be the special concern of the new commissariat of industrial-crops cultivation according to the Russian press. Before the war, Russia produced the third largest cotton crop in the world—the U. S. and India accounting for first and second places—and was among those producers having the largest yields per acre. The USSR's share in world cotton production rose from 2.9 per cent in 1929 to 10.3 per cent in 1937.

Filter Out Rays

That the lens of the human eye filters out much of the ultra-violet light is evidenced by the visual reactions of persons whose lenses have been removed because of cataracts, says Better Vision Institute. Such lenseless eyes become sensitive to ultra-violet rays which do not affect normal eyes. One English scientist found that after a lens removal operation he could see more clearly certain experiments involving ultra-violet light.

Explain Terms

In the heating industry, the term furnace is applied to the combustion unit in the basement that burns the fuel and transfers the heat to air which is circulated through ducts. The term boiler is used to describe the unit which produces either hot water for a hot water heating system or steam for a steam-heating system. Actually the water in the boiler for a hot water heating system does not reach the boiling point.

Smother Fat

If fat in a kettle, pan or broiler bursts into flame, smother it, but never pour on water as it will cause it to spatter and spread fire.

Veterinary School

The first known veterinary school was established at Lyons, France, in 1761.

Crisp Veils

To restore crispness to veils, press them between two sheets of waxed paper.

Pan Sides

Straight sides on pans are more economical of heat and also of space on the stove than flaring sides.

Just What Does Genuine ORANGE PEKOE Mean to You?

ORANGE PEKOE is a tea term referring to the very youngest leaves of the tea plant... the smallest, the most tender, and the BEST for brewing tea. Orange refers to the color of the tips of these small orange pekoe leaves. Other grades of coarser leaves down the tea branch, or shoot, are known as PEKOE, PEKOE-SOUCHONG, and SOUCHONG.

To enjoy rich, flavory, full-colored tea at its BEST, be sure that the label of the tea you buy says ORANGE PEKOE only! Be sure it's our Fairway GENUINE Orange Pekoe Black Tea. By "genuine" we mean that the leaves for this tea are selected from ONLY the first, tiny new leaves and "tips," or leaf buds, of the young shoots on the tea plant.

Remember . . . FAIRWAY BLACK TEA IS GENUINE ORANGE PEKOE . . . AND ORANGE PEKOE ONLY

and marmalade. Lastly fold in egg and milk. Bake in a well greased bread tin (let mixture stand in tin 10 minutes before baking) then use a moderate (350 degree) oven for ¾ to 1 hour.

If sandwiches are the mainstay of the box lunch, they should be just as interesting as it is possible to make them. Have the bread moistly fresh, use soft-ened butter, or a flavored butter (like chili or mustard butter), have the filling well seasoned and not too dry. If using lettuce, have it washed well and very carefully dried. You'll like some of these ideas:

Chili butter: Soften ½ cup butter and mix thoroughly with 1 tablespoon chili sauce.

Mustard butter: Mix ½ cup butter with 2 or 3 tablespoons of prepared mustard.

Cream Cheese-Olive Filling.
3 ounces cream cheese
½ cup sweet pickle relish
1 tablespoon chopped, stuffed olives
1 tablespoon mayonnaise or cooked dressing

Blend together thoroughly and spread on white or whole wheat bread.

Liver Spread.
½ cup liver sausage, mashed
1 tablespoon sweet pickle relish
1 tablespoon mayonnaise
1 teaspoon chili sauce

Mix thoroughly and use on rye bread.

Here are some thumbnail suggestions which you can use from day to day to add variety:

Peanut butter mixed with shredded carrots and mayonnaise.

Peanut butter mixed with sweet pickle relish.

Veal loaf sliced, placed on bread, topped with cabbage cole slaw.

Diced ham mixed with sliced hard-cooked egg, topped with sliced tomatoes.

Deviled ham mixed with one of the following: cucumber, chopped

Meat, vegetables, fruit and milk are essentials for the packed lunch. Don't forget to add surprises and wrap well so that this type of lunch will be as delectable as one eaten at home.

green pepper, chopped stuffed olives, or chopped dill pickle.

Sliced meat loaf with sliced cheese.

Minced tuna or salmon mixed with mayonnaise, chopped celery and green pepper.

Chopped hard-cooked egg mixed with chopped sweet pickles and mustard butter.

Baked beans mixed with chili sauce.

For cooler days, make sure there's a nice hot drink to go with sandwiches; or, better still, make up some hot soup and put it up in a thermos. The youngsters will really enjoy it.

What shall you put in for dessert? Well, there's fruited gelatin, individual pies, turnovers, cup cakes, cookies, sweet rolls, fresh fruit, fruit or berry sauces and puddings. Fresh fruit and home-made cookies such as these spicy ones are always well received:

Spicy Pumpkin Cooking.
(Makes 2 dozen)

¼ cup fat
½ cup sugar
1 egg, beaten
½ cup pumpkin, cooked
1 cup flour
2 teaspoons baking powder
¼ teaspoon salt
1½ teaspoons cinnamon
¼ teaspoon ginger
¼ teaspoon nutmeg
½ cup raisins
½ cup chopped nuts

Cream fat and sugar; add egg. Blend in pumpkin, then add flour and baking powder, salt and spices. Fold in raisins and nuts. Drop by teaspoonfuls on greased baking sheet, and bake in a moderate (375 degree) oven for 15 minutes.

Officials Aver Highway Carnage Can Be Checked

A large number of the 25,000 or more lives that will be lost this year in traffic accidents could be saved, police chiefs of cities across the land assert.

Returns from a poll announced by Street and Traffic Safety Lighting bureau's office of informational services showed that 97 per cent of the police officials believe adequate street lighting can reduce the number of traffic accidents and that 71.8 per cent consider their own cities do not have adequate lighting from the standpoint of traffic safety.

Figures were based on replies to questions directed to police chiefs of all cities in the U. S. having a population of 10,000 or over.

National statistics show that almost two-thirds of the fatal traffic accidents occur at night when there is but one-third the volume of traffic. Records also disclose reports of 36,000 traffic killings in 1946, a 9 per cent rise over 1945. As the final tabulation for 1946 is being completed, indications are that the national death toll may easily vault to shooting beyond the 25,000 mark.

"Increasingly conscious of this alarming increase, public safety officials are concentrating on the causes the night accidents. The police chiefs are attempting to estimate the possible reduction of night traffic accidents which would be effected if traffic arteries were adequately lighted give opinions ranging from 5 per cent up to 50 per cent or few higher. Ten 10 per cent of replies giving high estimates came largely from cities which are experimenting with street lights designed to fit present traffic conditions.

Simple Machine Keeps Animal Organs Alive

A machine which can keep animal organs alive and functioning normally outside the body was put on public display for the first time by its inventor, J. A. Long, professor of embryology at the University of California, at a meeting of the American medical association in San Francisco.

The instrument enables Long and his co-researcher, Evans Anderson, medical professor of Indiana, to study under the microscope the living vital organs such as the pancreas, liver, adrenals, thyroid, kidneys, spleen.

It enables the researchers to eliminate much guesswork in the study of vital organs. Because can be kept "undisturbed" as they leave the organs, eliminating the interacting forces of the other organs which obscure results in experiments which call for sacrificing animals.

The machine has a mechanical "heart," lung and blood system. Its simplicity, versatility and cheapness will enable individual scientists to use it. Previous attempts to study living organs have been so costly, such as the method of Alexis Carrel, have involved large, expensive equipment types and the skills of technical personnel. Each experiment is also more limited in research possibilities than Long's more versatile instrument.

LIBRARY TO NOTE U. S. BOOK WEEK

Mrs. Hildahl to Show Dolls Night of Nov. 12

November 10 to 16 has been designated as National Book Week, Mrs. Hazel Halgrim, Carnegie public librarian, announced this week. On the evening of November 12 Hild Nacss Hildahl will have an exhibit of Norwegian character dolls and will talk on Norwegian myths and fairy tales in the library.

New books and books of special interest will be on display beginning next week and continuing thruout Book Week. As most of these books will be in circulation immediately after book week there will not be as good an opportunity to examine them at any other time. Especially is this true of books for children.

Many non-residents make use of the library. For this privilege they pay a fee of two dollars a year and are scattered over a radius of one hundred twenty five miles. For all those residing in Pennington County it is free. Hours are from 12 noon until 8 p. m. each week day.

All rural schools operating in Pennington County last year had contracts for book service with the Carnegie Public Library. These contracts continue from year to year and books may be taken out at any time providing dues for the previous year have been paid. Notices calling attention to payment for the current year will be mailed within a few weeks.

GI Farm Classes Start at Goodridge Nov. 16h

Edward W. Gahr, veterans agricultural training instructor in the Goodridge high school, announced this week that classes will start next Wednesday, November 6, at 8 p. m. Students properly certified by the Veterans Administration are invited to be present for the opening class.

TWO BRIDES — ONE BRIDAL GOWN . . . Marilyn and Margaret Ryan, 27-year-old twins were married at Elmhurst, Queens, N. Y. They solved their dress problem by buying one bridal gown and one bridesmaid's dress and exchanging rules and dresses, each acting as the other's bridesmaid.

State Legion Parley at Albert Lea Nov. 22-23

Commanders and adjutants of local American Legion posts and presidents and secretaries of auxiliary units from throughout the state will converge in Albert Lea November 22 and 23 for the annual fall conference at which membership and other problems of the American Legion in Minnesota will be discussed. The program provides for business sessions of both the Legion and auxiliary, for a banquet Saturday night which will be open to the public, a dance, a 40 and "wreck" and for an informal party at the Albert Lea Legion clubrooms. An attendance of more than 600 is expected.

CANNING SUGAR PERIOD EXTENDED

Spare Stamps 9 and 10 Good Thru November 30

Housewives will have another 20 days to use their canning sugar stamps, the OPA announced Saturday.

Instead of expiring at the end of this month, spare stamps No. 9 and 10 will continue valid through November 30. Each is good for five pounds.

Th action completes a series of movies designed to offset local and regional sugar shortages resulting from the maritime strike. Earlier last week arrangemnts were made to ship western beet sugar to the east.

GIRL SCOUT NOTES

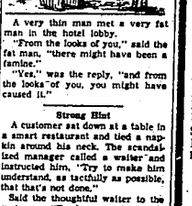
The Annual meeting of the Girl Scout Council will be held in the Library on Monday, November 4, at three o'clock. All members try to be present. Election of officers will take place at this time and *annual reports will be made.* There will also be reports on the Regional Conference.

There was a good attendance at the Girl Scout leaders' meeting on Monday October 28, which was held in the civic and commerce rooms. Mrs. L. B. Hartz commissioner, introduced the film, "Girl Scout Leaders," which was shown thru the courtesy of Mrs. John Lindenmeyer, of the Thief River Falls public schools. After the showing of the film, Mrs. Victor Jung, training chairman, commented from the leaders' viewpoint. Mrs. Charles Vornchek, the responsibilities of the council and the troop committee, and Mrs. Vincent Borry, discussed the troop committee as a working unit.

The Junior Shop has an excellent Girl Scout display window. Do not miss it.

A committee from troop 11, Ruth Ann Senstad, Ramona Johnson, and Glenna Jorde, were in charge of the girl scout window display at the Northern State Bank.

Department Commander of Legion Asks Service Veterans to Vote Nov. 5



All ex-service men were urged to go to the polls and vote November 5 by E. B. Miller, Brainerd, Minnesota department commander of the American Legion.

Of all American citizens, Miller said, the veteran probably has the biggest stake in America and what it stands for. His sacrifices on the field of battle and in camps all over the world should have taught him the meaning of America and the free institutions under which it thrives, he added.

The world at present is torn with turmoil, Miller declared. The aftermath of the war has recent confusion, illconcealed hatreds, intolerance, selfishness—all of the things that mitigate against world peace and happiness.

These can be kept at bay only by an America that is strong and is concious of the leadership it must display in the affairs of the world, Miller said, and America can be kept at the strength required to due the job only through the prodding of an informed electorate.

NIFTY RETORT

A very thin man met a very fat man in the hotel lobby.

"From the looks of you," said the fat man, "there might have been a famine."

"Yes," was the reply, "and from the looks of you, you might have caused it."

Strong Hint

A customer sat down at a table in a smart restaurant and tied a napkin around his neck. The scandalized manager called a waiter and instructed him, "Try to make him understand, as tactfully as possible, that that's not done."

Said the thoughtful waiter to the customer: "Pardon me, sir. Shave or hair cut, sir?"

Handicapped

"Children," said the teacher, "be diligent and steadfast, and you will succeed. Take the case of George Washington. Do you remember my telling you of the great difficulty George Washington had to contend with?"

"Yes, ma'am," said a little boy, "He couldn't tell a lie."

Napoleon Calling!

A distinguished visitor to an insane asylum went to the telephone and found difficulty in getting his connection. Exasperated, he shouted to the operator:

"Young lady, do you know who I am?"

"No," came the calm reply, "but I know where you are."

4-H Livestock Auction Saturday Nets $20,560

Grand Champion Baby Beef Bought by Ewing Bros. Bakery at $990

Featured by spirited bidding by Thief River Falls business men, the first 4-H club livestock sale held in Pennington county last Saturday brought the young growers a total of $20,560.

Forty eight head of fine baby beef animals were auctioned off in the arena at an average price of close to 44 cents per pound. County Agent Ernest A. Palmer, in charge of arrangements, stated that the local sale brought the highest average per animal and the highest price for the grand champion of any of the more than 30 county shows held in Minnesota this fall.

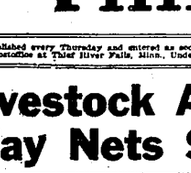
Selected as grand champion of the show by Carl Spong of the Central Livestock association, who served as judge, was an outstanding blocky Angus baby beef raised by Donald Knutson, 16, of the Smiley club.

After brisk bidding, in which the price for the 900-pound animal mounted quickly above the $1 a pound mark, the champion was sold to Jungs Bakery on its bid of $1.10 per pound, or just $10 short of an even $1,000.

The reserve champion, a 1180-pound Shorthorn raised by Diana Lagodoski, also of the Smiley club, brought 70 cents per pound or $791. It was purchased by the Union State bank. Prices received for the other animals are listed elsewhere in this issue.

In the lamb division the grand champion Shropshire raised by Alden Horning of the Star club was sold to L. B. Hatfs Stores for $1.15 per pound, the animal weighing an even 100 pounds. The reserve champion raised by Bernice Knutson of Smiley club weighed 135 pounds, and was sold to the Thief River Falls Times for $1 per pound.

The grand champion pen of chickens, Austra-whites, raised by Shirley Sorenson of the Sanders club was purchased by L. B. Hatfs Store at 75 cents per pound, while the reserve champion pen, Leghorns, raised by Donald Breiland of the Kvelbo club was sold to Thunberg Motors for $3.10 per pound.



Eding Lundeen of the Dear Park club received $1.75 per pound for his 95-pound pen of Bronze turkeys, purchased by the Rex Cafe, while Doris Williams of the Steiner club was paid $2.20 per pound for her 76-pound pen of the same variety. The Oen Mercantile company was the buyer.

Biggest individual buyer at the sale was L. B. Hatfs, president of the Civic and Commerce association who purchased six baby beeves in addition to a lamb and a pen of chickens.

The auction was conducted with a high degree of efficiency by Joe Reisch of Austin, Minnesota, who was given fine cooperation by the bidders, with the result that all offerings were disposed of within a period of about two hours. Assisting Reisch as ringmasters were Auctioneers V. C. Noper, Fred Bringman, Andy Anderson and Frank Nelson.

Joint sponsors of the sale were the Civic and Commerce association and Pennington County Farm Bureau, committees from these groups assisting County Agent Palmer in making arrangements for the event.

CITY IS HONORED FOR PEDESTRIAN SAFETY THURSDAY

Plaque Is Presented at Joint Meeting of 2 Local Civic Groups

At a well attended meeting of the Civic and Commerce association and Junior Chamber last Thursday evening in the Palm Garden Cafe, A. W. Luecke, representing the Minnesota Automobile association's plaque symbolizing the winning by Thief River Falls of third place in the national pedestrian protection contest in 1945.

Guests at the program, over which Sheriff Arthur Rambeck, chairman of the Pennington county safety council, presided, were local officials and law enforcement officers and members of the Lincoln high school safety patrol.

Mr. Luecke, pointing out the significance of the award, stated that 9,146 U. S. cities under 10,000 population were entered in the contest and that Thief River Falls won the award because of its no-accident record and safety activities in 1945. Mayor Douville responded briefly, as did Police Chief Leonard Hanson.

Mr. Luecke discussed safety laws enacted by the 1945 session of the FBI.

THIEF RIVER FALLS OPA OFFICE WAS CLOSED MONDAY

Future Activities of Agency to be Handled Thru Regional Office

The Thief River Falls OPA office, along with 1,641 other local offices thruout the country, was closed Monday, November 4, on orders received Friday from Washington headquarters.

Miss Barbara Votava and Mrs. M. R. Levorson, the two paid employees of the office here, were notified that while the office was being closed Monday, they should spend the period until December 12 taking care of details in connection with the closing.

Miss Votava has served efficiently as chief clerk of the local board since March, 1942, while Mrs. Levorson has served since August 1943.

The closing of the local boards, manned by 10,000 paid employees and 43,000 volunteers, means that the little work left for them to do will be shifted to the 61 OPA regional offices. Pennington county is served by the Fargo office.

In closing the local boards, Paul Porter, head of the OPA, issued the following instructions:

"Trade and consumer inquiries about price control formerly handled by price control boards should be addressed to the OPA district office supervising the same area.

"Certificates of transfer covering sales of used passenger automobiles may be obtained from principal auto dealers. Dealers should request additional supplies from OPA regional mail centers covering the area.

"Sugar forms required by the trade may be had from district offices, but for one week after the closing of board offices, forms can be obtained from the local board in emergency cases. (Since January, 1946, consumers have applied to OPA district offices for sugar ration stamps.)

"Pending compliance actions by boards will be transferred to district offices."

COMMUNITY FUND PASSES HALF-WAY STAGE IN CITY

Junior Chamber Will Solicit Residence Districts on Sunday

Although 18 out of 27 teams soliciting the business district of Thief River Falls in behalf of the Pennington Co. community fund have reported, only $3,484 or slightly more than half of the city's $6,000 quota has been turned in to date, County Chairman Russell E. Olsen stated today.

He added that members of the Junior Chamber of Commerce will canvass the residence districts next Sunday afternoon, November 10, *under the chairmanship of Harold* Rasmussen, and expressed the hope that the response would be generous.

First over-the-top report from the rural areas of Pennington county was turned in by Mrs. Ed Magnan, chairman for Eraka township, who turned in $92.50 against the township's quota of $85. The only other rural report received to date was from Star township, where $35.50 was collected with some soliciting remaining to be done.

LOCAL EDUCATION GROUP APPOINTS ITS COMMITTEES

Association Conducts 1st Meeting of School Year Last Wednesday

At a meeting of the Thief River Falls Educational Association held last Wednesday night, committees were appointed to serve for the rest of the year.

Serving on the legislative committee are John Lindenmeyer, chairman; G. H. Mayer-Oakes, and Miss Lyda Batten.

Miss Olga Bloomsnas is chairman of the program committee assisted by Glendon Ahre, Ruth Mickelson, Miss Myrtle Forster and Miss Esther Worman.

The Flower committee consists of Miss Florence Norell, chairman; Miss Ella Fahlstedt, Miss Esther Shirley and Miss Norma Anderson.

The publicity committee is composed of Miss Hazel Madden, chairman; Miss Sara Nylordet, and Miss Ida Gantner.

Wage scales and cost of living increases were also discussed at the meeting. However, action on these issues will be delayed until consideration of the subject is made by individual groups.

Three Boys Start Blaze in Woolworth Store Entrance Friday Night

Three youths, two of them 16 years old and the third 18, were taken into custody by local police late Friday night on a charge of having set fire to hay used to protect recently laid tile outside the front door of the Woolworth store. Patrolmen reported that, first putting out the blaze, they caught the boys after a two-block chase. The two younger boys were brought into juvenile court, while the older one is scheduled to appear for arraignment in municipal court Friday.

ARMISTICE DAY PROGRAM MONDAY AT HIGH SCHOOL

Glen Ahre Will Speak; Posthumous Award of Air Medal to Jack Hess

In accordance with the custom of past years, an Armistice Day program will be held in Lincoln high school auditorium next Monday morning, November 11, at 11 o'clock, Orvis Olen, commander of the local Legion post, announced today.

The speaker for the occasion will be Glendon Ahre, while Walter Ekeren will supply vocal solos.

An added feature of the program will be the posthumous presentation of the air medal with four oak leaf clusters to the Lyle S. Hess family, awarded to Jack Hess of the U. S. army air force, who was killed in action overseas. The presentation will be made by Mr. Ahre, and will be accepted by Byron Hess in behalf of the family.

The citation accompanying the medal will be read by Commander Olen. The program will be open to public.

LEGION CARNIVAL NOV. 8 AND 9 IN CITY AUDITORIUM

Dancing and Bingo to Feature Annual Event Friday and Saturday

The annual fall carnival of Ecklund-Holmstrom post of the American Legion will be conducted in the municipal Auditorium Friday and Saturday, November 8 and 9, it was announced today by M. R. Levorson, general chairman.

Dancing each evening will be on the main floor of the Auditorium, with Terry Dagan and his orchestra supplying music Friday and Bob Sjulstead and his orchestra Saturday evening.

Bingo will be played in the Civic and Commerce rooms, and games and concessions will be in the veteran's memorial room. Bingo prizes will include blankets and other valuable merchandise prizes.

Proceeds of the carnival will go to the post's welfare fund and building fund, Chairman Levorson stated.

1st Concert in Artists Series Next Wednesday

The first concert of the artists' series sponsored by the Thief River Falls Music Center will be given in the Lincoln high school auditorium next Wednesday evening, November 13, at 8:15 p. m. Appearing on the program will be Samuel Marti, Mexican violinist, and Gunhild Nilsson, American pianist.

Boy Scout Troop No. 59 to Conduct Waste Paper Pickup November 16th

After the lapse of some months, another waste paper pickup will be conducted in Thief River Falls Saturday afternoon, November 16, under the sponsorship of Boy Scout Troop 59. Local business men have arranged to supply a total of seven trucks which will make the rounds of the city with the boys, starting at 1 o'clock. Householders are asked to save their newspapers and magazines during the coming week, and to deposit them, securely tied in bundles, along the curb on the 16th.

Register of Deeds Race Highlights Pennington County Voting Tuesday

Oscar Nelson Apparent Winner by 15 Votes; Dahlquist Reelected

VOTE ON REPRESENTATIVE (TWO ELECTED)

	Penn.	Red Lake	Clearwater	Total
W. E. Day	2,476	1,011	1,683	5,170
McReynolds	1,971	796	1,906	4,673
Shetterly	1,424	1,189	1,184	3,797

VOTE ON STATE SENATOR

Dahlquist	2,291	700	1,311	4,302
Waldal	1,278	1,098	1,294	3,670

Unofficial tally complete except for two precincts in Clearwater county.

With 3,606 ballots being cast Tuesday compared to nearly 4,000 in the last off-year election in 1942 the general election in Pennington county Tuesday was sparked by a neck-and-neck contest for the office of register of deeds, Oscar A. Nelson being the victor over Fred Lorentson, long-time incumbent, by an unofficial tally of 1,782 to 1,777, a margin of only 15 votes.

Contending for the post of county commissioner from the second district currently held by appointment by Joe Maruska, Lars Hylden was the winner by a margin of 531 to 396 over Maruska, who was a sticker candidate having entered the race too late to have his name appear on the ballot.

In the first ward Hylden led by a margin of 261 to 201, and in the second ward 270 to 135. W. H. Muiry was unopposed for reelection from the Fourth district embracing the third and fourth wards, receiving 724 votes.

W. E. Dahlquist was reelected for a second term in the state senate, leading his opponent, Marius Waldal, in Pennington county by a vote of 2,291 to 1,278 in the unofficial tally. The incumbent also led in Clearwater county where, with two precincts missing, the vote stood 1,311 to 1,294. Waldal on the other hand, led in Red Lake county by a margin of 1,098 to 700.

For the two posts of representative from the 65th district, W. E. Day and S. McReynolds, incumbents, were reelected, carrying Pennington and Clearwater counties and being led by D. R. Shetterly, third aspirant, in his home county of Red Lake. Details of the vote appear elsewhere in this issue.

Incumbent Pennington county officials who were unopposed for reelection and received large complimentary votes include Auditor A. M. Senstad, Treasurer, A. R. Johnson, County attorney, Paul A. Lundgren, Sheriff Arthur Rambeck, Mrs. A. C. Mathason, county superintendent of schools; and A. O. Stokke, coroner. No candidates had filed for the office of county coroner, but Dr. C. M. Adkins, incumbent, was elected, his name having been written in on 121 ballots.

Pennington county voters joined Tuesday with those of most of the rest of the state and nation in favoring Republican candidates for office. The detailed tabulation appearing elsewhere in the Times today, reveals that Thye led Jorgenson in the U. S. senate race by a margin of 1,870 to 1,678, while Youngdahl led Barker for governor 1,896 to 1,634.

Julius J. Olson, seeking reelection to the state supreme court, led his opponents by a wide margin, receiving 2,665 votes.

Rep. Harold C. Hagen, Republican, also led his DFL opponent Verner Nelson, in Pennington county by the substantial margin of 2,094 votes to 1,494.

ELECTION TOTALS IN COUNTY VOTING

The Times regrets that lack of space makes it necessary to omit the detailed tabulation of unofficial Pennington county election returns from this issue. The table will be published next week. Following are the county totals for each office for which there was competition:

For U. S senator: Thye, 1870; Jorgerson, 1678.

Governor: Youngdahl, 1896; Barker, 1634

Lt. Governor: C. Elmer Anderson, 1883; McGinn, 1610.

Steiner Club Gratified with Success of Auction

Members, parents and leaders affiliated with the Steiner 4-H club this week expressed their appreciation to the business men of Thief River Falls for their fine cooperation in making the 4-H livestock show and sale at the arena Saturday outstanding success. The results of the sale, they declared, will do much to promote 4-H club work.

November 15 Deadline for Buying 1947 Auto Plates Without Penalty

Motorists who have not yet purchased their 1947 license plates were reminded today by A. F. Berge, deputy registrar here, that November 15 is the deadline for procuring plates without payment of an additional fee. While to date this year approximately 600 more sets of plates have been distributed than a year ago, the usual last-minute rush of applicants is anticipated. The new plates may be attached to cars any time after December 1.

Nearly 2000 Attend Halloween Parties Here Last Thursday

Nearly 2,000 local children, largest number on record participated last Thursday afternoon and evening in the three parties featuring the annual Halloween festival in the Auditorium and arena, staged under the sponsorship of the Lions club, city council and Mothers club.

Ernest Johnson, general chairman of the festival, estimated that 800 little folks attended the afternoon party in the Auditorium, while fully 500 were present at the evening party in the arena, 200 of them in costume, and the teen-age dance in the Auditorium attracted a large attendance.

Well over $150 in cash as well as merchandise prizes donated by local business places were awarded during the afternoon and evening, in addition to which refreshments were served.

Preceding the party in the arena, a parade of children in novel costumes and headed by the Lincoln high school band and the fire truck, made its way thru the business district and back to the arena, where a committee judged the costumes.

Girls winning top honors for the best costumes were Mary Lind, attired in a Gay Nineties costume, first; Mariya Elofson, debutante, second; and Barbara Holmgren, Colonial maid, third.

Three top winners for the boys were Bruce Williamson, dressed as a society lady, first; Milton Hanson, Gypsy, second; and Milan Borsheim, Hawaiian, third. Alice Taylor, garbed as a hobo, won first prize for the most comical costume among the girls; and Dale Fjelsted placed first among the boys.

Winners of $5 door prizes at the teen-age dance were Bob Westacott and Fern Lundeen.

Prizes awarded at the afternoon party for the smaller children include, for the girls: Patty Clinton, most beautiful; Carole Biggs and Jean Peterson, most comical; and Natalie Jung, least expensive. Boys: Wallace Thompson, most beautiful; Toren Klopp and Kent Robertson, most comical; and Billie Batten, least expensive.

Mrs. Camille Dostal, who supervised the afternoon party, was assisted by a group of mothers and several members of the Lions club, in addition to a youth committee including Jean Thomas, Dwight and Myrtle Henstud and Marilyn Stenberg.

Chairman Ernest Johnson, in behalf of the committee of Lions in charge of arrangements for the festival, expressed appreciation for the cooperation of all groups and individuals that contributed to making the affair an outstanding success.

OBSERVE VISITING HOURS, HOSPITAL CHIEFS REQUEST

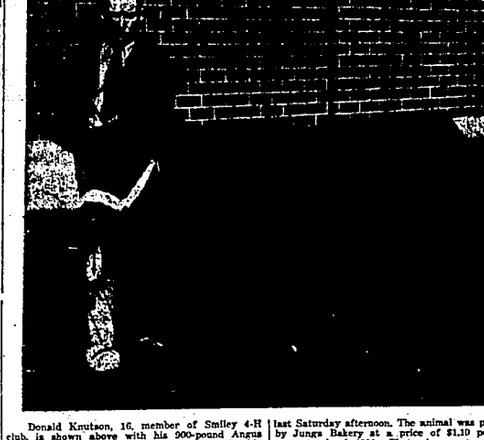
Superintendents Give Details as to Proper Time to Visit Patients

Superintendents of the two local hospitals joined this week in an appeal to hospital visitors to observe regular visiting hours. With the exception of immediate relatives of patients going to surgery or in emergency cases, visitors should not call at the hospitals at other times, they urged.

Because of the shortage of beds and the shortage of trained personnel regular schedules must be rigidly adhered to and the cooperation of the public will be greatly appreciated. Mornings and meal times are especially busy periods of the day they pointed out.

Surgical and medical patients may be visited from 2:00 to 3:30 and from 7:00 to 8:00 p. m. each day while the visiting hours for obstetrical patients are 3:00 to 4:00 and 7:00 to 8:30 p. m.

OPEN HOUSE SET FOR NEXT WEEK IN PUBLIC SCHOOLS



Visitors Are Invited to Each School One Afternoon During Week

In accordance with their annual custom, the Thief River Falls schools will observe American Education Week November 10 to 15 by holding open house in each of the local schools one afternoon next week, Supt. Philip L. Fjelsted announced today.

He added that no program will be held but that an opportunity will be given to witness actual classroom work in progress in the various schools. Light refreshments also will be served.

Open house will be held during the hours of 1 to 4 in the afternoon in accordance with the following schedule: Northrop school, Monday; Knox Tuesday; Washington Wednesday; and Lincoln high school, Thursday.

Marriage of Marvin Benson, Julia Sletten Held in Minneapolis

Mr. and Mrs. Marvin Benson are at home at 2555 18th Ave S., Minneapolis, following a wedding trip to points in Minnesota, Wisconsin, and North Dakota. Their marriage took place at the Central Lutheran church in Minneapolis Thursday evening, Oct. 24, at eight o'clock, Rev. E. S. Hjortland officiating.

The bride, the former Julia Sletten of Minneapolis, daughter of Mr. and Mrs. H. M. Sletten of Willmar, chose a white embroidered taffeta gown and carried Johanna Hill roses.

As maid of honor and bridesmaid, Misses Ruth Anderson and Marian Larson, former college classmates of the bride, were attired in coral and dark green formals, respectively. Miss Anderson had talisman roses with her gown, while Miss Larson carried pink roses. Garfield Benson of this city, brother of the groom, was best man, while George Aanstad and Rudolph Nelson ushered.

Marian Hutchinson played the traditional wedding marches, and also the introduction to the third act of "Lohengrin". Miss Mildred Ondal of Minneapolis sang "Lord's Prayer," "Crown with Thy Benediction," and "My World."

One hundred guests were entertained at a reception in the church parlors, and Mr. and Mrs. Benson left on their honeymoon. For travel the bride chose a beige gabardine suit with brown accessories.

bride chose a beige gabardine suit with brown accessories.

The bride, who is teacher of sixth grade at St. Louis Park, is a graduate of Augsburg college in 1942 and also attended the St. Cloud teachers college and the University of Minnesota.

Mr. Benson, son of Mr. and Mrs. Severt Benson of this city, was graduated from Lincoln high school and from the University of Minnesota in 1937. He is now engaged as auditor for the Bureau of Internal Revenue in Minneapolis.

Children and Parents at Halloween Party

Twenty children and their parents attended a halloween party Friday evening at the Gerald Stephens home. An exciting evening was spent playing games, for which prizes were awarded to Axel Johnson, Cherry Johnson, and Mrs. Grover Stephens. The Stephens home was gaily decorated with corn shocks, pumpkins, gourds, and streamers of orange black and red.

At the close of the evening lunch was served by Mrs. Stephens and the guests. Those from a distance were Mr. and Mrs. Nick Chumchal and family of Angus.

Betty Webskowski Is Married to D. Hanson at Church Ceremony

At solemn nuptials performed Tuesday morning at nine o'clock in St. Bernard's church, Miss Betty Jane Webskowski, daughter of Mr. and Mrs. John Webskowski, became the bride of Daniel Hanson, son of Nels Hanson of Nielsville. Father Merth prompted the single ring ceremony in the presence of a large group of relatives and friends.

Sister M. Eugenia, at the pipe organ, played the wedding marches and the children's choir of St. Bernard's school sang hymns throughout Mass. Attending the couple were the bride's brother and sister-in-law, Mr. and Mrs. Bud Webskowski.

Miss Webskowski's gown was of white taffeta fashioned with three-quarter length sleeves, sweetheart neckline, and full skirt. Her veil was fingertip length, and she carried a white prayerbook topped with roses in form of a cross. Her attendant had a gown of pink net over taffeta, carried a colonial bouquet of mums and pink roses, and wore a crown of pink roses in her hair.

A wedding breakfast was held at the Bud Webskowski home immediately after the ceremony, and at one o'clock that afternoon Mr. and Mrs. John Webskowski were hosts at a reception for close friends and relatives.

Mr. and Mrs. Hansen left on a wedding trip to Fargo and other points in North Dakota and Minnesota, and they will return to make their home north of the roundhouse.

The bride is a graduate of Lincoln high school and has been employed as clerk at the local Woolworth store. Her husband, graduate of the Nielsville high school, is employed at the Thief River Grocery.

Those from a distance attending the wedding were Mr. and Mrs. Edwin Meyer and Mr. and Mrs. Ralph Meyer of Callo, N. Dak.; Mrs. Alfred Hanson, Mrs. Ole Rongen, Nels Hanson, and Mr. and Mrs Harry Hanson of Nielsville, and Mrs Donald Sparrow of Climax.

REPUBLICANS SWEEP STATE IN ELECTION

Win 17 out of 18 State and National Offices on Tuesday

Republicans were elected to 17 of the 18 state and national offices filled in Tuesday's general election as Minnesota joined the party's national sweep. Thirteen of the officials were re-elected.

Only man to buck the Republican tide was John A. Blatnik, onetime school teacher, former state senator and World War II veteran. A Democratic-Farmer-Laborite, he unseated Rep. William Pittenger, a Republican who has represented the Eighth district for 12 years.

Republicans captured all the eight other congressional districts, two of which had been represented by Democratic-Farmer-Laborites.

New faces in the state's congressional delegation besides Blatnik will be George MacKinnon, third district, and Edward J. Devitt, fourth district. Like Blatnik will be George MacKinnon, World War II.

MacKinnon defeated Roy W. Wier, a Minneapolis labor leader and his onetime colleague in the state legislature. MacKinnon's margin, with but one precinct unreported, was 4,462.

Devitt defeated Frank Starkey, another labor leader, who was elected to the house as a Democratic-Farmer-Laborite two years ago. Devitt's winning margin was less than 4,000 votes.

Otherwise, the closest contest was for the second supreme court seat. Frank Gallagher of Waseca was assured of one seat when he led the four-man field with 849,832 votes on returns from 2,788 of the state's 3,709 precincts.

Julius J. Olson, who has been on the supreme bench since 1934, apparently was re-elected on the basis of his 288,565 to 267,447 for William Christianson, second incumbent. Rollin Johnson had 198,041.

Rep. Harold Knutson was re-elected to congress from the sixth district after a stubborn contest with J. Edward Anderson.

Other Congressmen re-elected were Reps. Andersen, first district; O'Hara, second district; Judd fifth district; Andersen, seventh district; and Harold Hagen, ninth district.

Minnesota voters promoted Gov. Thye to the senatorship to succeed Senator Henrik Shipstead, whom he defeated in the primary, and advanced Luther Youngdahl, former associate justice of the supreme court, to the governorship.

MANITOBA WHEAT POOL MAN SPEAKS AT F. U. SESSION

Farmers Union Adopts Resolution on Profit in Lifting Flax Ceiling

D. W. Richmond of Winnipeg, representative of the Manitoba Pool elevators, was the principal speaker Friday evening at the annual convention of the Pennington county Farmers Union. He discussed progress being made in the cooperative movement in Canada.

Also speaking was Mr. Christopherson of the Farmers Union *Livestock company of West Fargo*, who spoke on current trends in his field.

Elected to the board of directors of the county organization were O. R. Hafdahl, Gordon Olson, Melvin Eyland, Hans Solberg, Joe Johnson, Carl R. Anderson and Charles Kotaska.

A resolution was adopted demanding that the grain companies that profited from the recent increase in the price of flax repay to the government 90 per cent of the increase in price over the former ceiling price, and that the government in turn pass the money on to the farmers that sold the flax before the ceilings were lifted.

Another resolution requested that when the state highways are posted during the spring breakup, the county roads also be posted.

TRINITY LUTHER LEAGUE WILL GO TO MIDDLE RIVER

Will Present Program in Neighboring Village Next Sunday Evening.

The Senior Luther League of Trinity Church will go to Middle River Sunday evening, November 10, to present the program at a joint meeting of the two Luther Leagues. The program will include talks by Paul Sponheim and Joyce Stadum, devotions by Verona Helle a reading by Nobelle Furuseth, and special music including a vocal solo, a piano duet and a male quartet.

Last Sunday evening the Luther League held its annual candlelight installation service for new officers. Those chosen for leadership this year are Otto Wedul, president; Annabelle Peterson, vice-president; Muriel Geving, recording secretary; Nobelle Furuseth, corresponding secretary; Paul Sponheim, treasurer; and Verona Helle, Pocket Testament League secretary.

The Rev. G. S. Thompson, Miss Dorothy Larson, and Miss Lois Schlager assisted with the candlelighting ceremony. The program was presented by Otto Wedul, Paul Sponheim, Verona Helle, and Marilyn Skarstad, with Walter Ekeren as guest soloist. Following the service, a short business meeting was held, and lunch was served.

LIBRARY HERE TO NOTE BOOK WEEK

Annual Observance Set for November 10 to 16

American Book Week will be observed November 10 to 16 in Thief River Falls and other communities thruout the nation. In connection with the local observance, Mrs. Hazel Halgrim, Carnegie public librarian, said:

"New books for adults as well as new additions of older books are constantly being added. The best way to know about these is to visit the library and get acquainted with its resources. At the same time you may make known your needs and wishes, which will receive consideration.

"Those who have not kept abreast of recent trends in children's reading will be pleased with the attractive and instructive publications for juvenile readers."

Mrs. Jerry Holden (nee Marie Troland) and infant daughter of Kingman, Arizona, are enjoying a visit with parents and friends here.

JUNIORS PRESENT COMEDY NOV. 22D

The Lincoln high school junior class will present "And Came the Spring," a three act comedy by Martijane and Joseph Hayes, in the high school auditorium, Friday, November 22 at 8 p. m.

Filled with highly-diverting and unexpected situations the play tells the brightly amusing story of a typical American family during spring vacation when all the children and their friends plunge themselves and their parents in and out of trouble.

This play is published by Samuel French and comes highly recommended by the publishers as well as by those who have produced it. It sparkles with spirited action and witty repartee.

Business Women Will Meet with State Vice President as Guest

Hazel Daniels, state vice-president of the Business & Professional Women's club will speak at a meeting of the local club Monday evening, Nov. 11, at 7 o'clock in the Pine Cave. Viola Langevin, president, has announced. Guests of the evening will be Crookston B. P. W. members.

Infantile Paralysis Theme of Rotary Club Meeting Tuesday Noon

Andrew Anderson, chairman of the Pennington county polio chapter, presented the program at the luncheon meeting of the Rotary club Tuesday noon in the Evelyn hotel. He pointed out the contributions made by the National Foundation for Infantile Paralysis in combating the disease in this county, and in the state as a whole. Dr. Theodor Bratrud described the research work being done at the University of Minnesota with funds supplied by the National Foundation, and Dr. O. F. Melby also briefly discussed the disease. Mr. Anderson showed a motion picture dealing with various methods of treating polio.

From where I sit ... by Joe Marsh

Who Gets Off Easiest—Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

Joe Marsh

ABOUT FLAX CONTRACTS

In further explanation of its recent editorial on "What Did Happen to Flax" the Minneapolis Tribune quotes a weekly news letter of the Archer-Daniels-Midland Co., covering its flax buying proceedure. This letter follows:

"We think it timely to explain the basis on which flaxseed crushers in Minneapolis purchased flax this season up to the removal of price ceilings on Oct. 17. All contracts for flax during the present season contained what is known as an escalator provision. We quote from our own:

"'Price to be as follows: Whichever Highest:—1. $4 Minneapolis or Duluth, or 2. Ceiling on date of delivery (unload) at our Minneapolis or Duluth elevators, or 3. If no ceiling in effect, market price on date of your choice, you to notify us on that date. Note. Pricing as above must be made not later than date of delivery (unload) at our Minneapolis or Duluth elevators.'

"Contracts for flax made by crushers are with grain commission firms. The grain commission house was limited to 3 cents per bushel commission on flax purchased and handled before Oct. 17. After that date, the commission was increased to 3½ cents per bushel. Any price increase under the escalator clause was as a matter of fact passed on by the grain commission firm to the seller."

This letter covers the buying arrangement between elevators and crushers in their day to day sales, but certainly does not indicate that growers who had sold their flax would benefit by the price rise that followed the removal of ceilings, as previously intimated in a Tribune editorial. Our loss as a community still is more than a million dollars and the flax deal still was a fumble, the Tribune to the contrary notwithstanding.

Tuesday's election swept the Republican party back into control of Congress and for the next two years we will have the law making branch of our government out of harmony with the executive branch. That has happened twice before within the period of our memory, during the last two years of President Wilson's administration and again during the last two years of Hoover's term. The results were not good in either case. It would be well, under the circumstances, in the best interests of the country, if both the president and the majority group in Congress would make a special effort to work together. There is reason to hope that there will be harmony on questions of international policy. A conciliatory approach to the problems that confront us in our domestic relations is also very much to be desired.

Prowlers Climax Homecoming With Victory over EGF

The Prowlers gave a large crowd and their Doris Jorde, a fine win to climax the Homecoming festivities here Friday night defeating the scrappy East Grand Forks Green Wave, 13 to 0, in a bang-up contest.

The game began as if the Prowlers were about to break out into a high-scoring spree, for the locals, taking the opening kickoff, marched to a touchdown. Les Vigness took the kickoff on the Prowler 10-yard line and returned the ball to the locals' 29-yard line. Vig whirled through left tackle to the 41; Swede Lund, who played a splendid all-round game, hit right tackle for 6 yards; and Vigness went for a first down in the Green Wave ing in the third period, found the 49-yard stripe.

Lund slid through left guard for a couple of yards and then on a spinner, picked up a first down on the 38-yard line. Marlow Davidson hit left tackle for 6 yards; Bob Larson sneaked the line for 3 yards and Vigness made it first down on the 27. After Larson was held for no gain at the center of the line, Davidson spun left tackle for 9 yards, and on a reverse, Davidson came around left end of the East Grand Forks' 3-yard line. Swede Lund hit right guard for the touchdown, and Larson on a plunge converted the point.

The Prowlers second score, com-

locals obtaining the ball on the East Grand Forks' 45-yard line, when Rob Ammundson smeared Cy DuCharme for a six yard loss on a fourth down play. Lund made a yard at right guard; Vigness circled left end for 8 yards, and made it a first down on the Green Wave 35. Al Williamson stepped through left tackle for 6 yards; Don Engelstad added three yards on a line buck, and on a sweep of right end, Vigness carried to a first down on the 23. A pass, Williamson to Frank Dopp, was completed for a first down on the 11-yard line.

Don Engelstad made a yard at right guard, but on the next play the locals were handed a 15-yard penalty. Vigness tossed to Rob Amundson, which was completed on the 6 yard line. Vigness scored the touchdown on a sweep of right end, being nearly forced out of bounds on the north side line when two Green Wave tacklers dove for the fleet Prowler, but Les, with a remarkable twisting run treaded the side line to sprint over the west goal. The try for the point, a line play failed.

The closest East Side came to scoring was in the early minutes of the second period when they carried the ball to the Prowlers' 20-yard line, but the locals held for downs, with right end Frank Dopp rushing in to stop Cy Ducharme for a five yard loss on a fourth down end sweep.

For the victorious Prowlers, Les Vigness, Swede Lund, and Bob Larson played outstanding games in the backfield, while the end play of Rob Amundson and Frank Dopp, especially on defense, was notable. The East Grand Forks' play was sparked by the all-round efficiency of sturdy Cy DuCharme, the conference's third ranking scorer. DuCharme, while shackled on offense by the Prowlers, turned in a strong defensive game.

All Conference Selection

With the closing of the conference schedule last week, now's the time for all the "experts" to uncover their all-conference football selections. And usually you can make a pleasing start by naming the boys that are, on their season's play, the unanimous choices. First off, and picked as the team's captain, is the Prowlers' Les Vigness, named at left halfback. Then comes Grand Forks big left guard, Tony Hughes. At quarter back would be a returned navy veteran, Grand Forks, Jim Williams. The fullback spot would be taken over by one of the conference's best blockers and hardest runners, East Grand Fork's Cy DuCharme. And at right halfback, you'd find Grand Forks' slick Jim Bischke.

Filling up the team would be Grand Forks' Pete Simonson and Grafton's Wes Sabourin at the ends; Devils Lake's Morris Amb and Grand Forks' Ralph Nitenus at the tackles; Crookston's Dick Risberg at the other guard position; and Grand Forks' Dewey King at center. With Vigness at left half, Williams at quarter, Bischke at right half, DuCharme at fullback, and Hughes at left guard, you would have a powerhouse eleven.

Vigness Outstanding

Vigness, by all odds, was the most spectacular player in the conference, and East Grand Forks' Coach, "Snooks" Sullivan, phrased it well when he said: "If you want to see the best high school halfback in Minnesota, and North Dakota, too, perform then be sure to come out and see Les Vigness play." But Viggy's all conference backfield mates—Williams, Bischke, and DuCharme—have the ability to play along with the Prowlers' breakaway runner. It would be quite a sight to see Viggy running behind the interference that those three boys, and especially DuCharme and Williams, would develop for him. And if the opposition ends and secondary loosened their defense to stop the end sweeps, DuCharme and Williams would knife through the line for long gains; and Bischke would be ideal to use on the reverse plays and on the throwing end of the pass plays.

Yes, that's quite a backfield; but it's too bad that such gritty competitors as Crookston's chunky Andy Carey, the Prowlers' Swede Lund, Devils Lake's Bob Johnson, and Grafton's Lowell Barsness couldn't find a place there. They would be a splendid reserve backfield, though.

Some Duck Shooting

Erv Pearson, and his brother Ken, came in with a limit bag of big, northern mallard ducks on Saturday, and they had limits, or near limits on several other occasions last week, too.

Ask a trout fisherman where he's catching his trout, or a duck hunter where he's getting his big mallards, and the truth is not in him. And that's the way it is with Erv when you try to learn where he has had his shooting; but the deductions lead one to believe that he has been getting field shooting in a corn field near the Mud Lake refuge.

And the Pike are Big

Jule Provencher, with John Curtis and Waldie Christianson, fished Rainy river near Clementson this week, and caught a 9½-pound walleyed pike. That huge pike, the largest that Jule had ever caught, was only one of a limit string of pike that the party caught, although the other pike were of a more reasonable size.

Frank Steinke and John Lager were up there fishing this week, too, and they reported fine luck, with their largest weighing about eight pounds. Frank stated that they had their best luck on the Canadian side of the lake, and that it was necessary to use three or four heavy sinkers to get their minnow-baited spinner down to the bottom of the fast-flowing river.

Hockey Astir

That winter is not far off, in spite of the Indian summer weather, was indicated by the announcement that a senior hockey meeting will be held this evening in the Evelyn Hotel. With Tony Dorn Connie Stanbridge, Mouse Efteland Lloyd Johnson, Bill Gray and Babe Paulson expected to be on hand, a lot of verbal body checks will be tossed around. Should be quite a meeting, and the fans interested are asked to put in an appearance.

Great new motor oil by Standard

Permalube

Removes the "goo"

Improves the go!

Gives you premium-plus lubrication. Why does your car have more go when you remove the "goo"? That's easy! You get rid of goosy deposits of sludge, varnish, carbon, and soot. So there's nothing to stick rings, or interfere with free valve action and smooth, powerful piston stroke. You have a sweeter-running engine . . . a better-lubricated, longer-lasting engine.

This is the latest idea in motor oils—to thoroughly lubricate the engine . . . to clean it . . . and keep it clean. It's the Permalube idea. It's premium-plus lubrication!

So, remove the "goo," improve the go! Change to Permalube, Standard's finest motor oil, 35c a quart.

"Never saw oil drain out so dirty!" "Good! That shows Permalube's been taking out the 'goo'!"

PENNINGTON 4-H CLUBS ENROLL 452 MEMBERS FOR '47

Membership Campaign Comes to Successful Conclusion Saturday

Pennington county went over the top in the recent 4-H enrollment drive with 452 club members signed up for 1947, County club Agent Elfin Hanson announced today. Although the drive was climaxed last Saturday with end of 4-H Enrollment Week, farm boys and girls who are not already club members may still join their local clubs.

The splendid cooperation of business men, civic groups, farm organizations and county leaders made the drive's success possible, Miss Hanson says. Special praise is due Pennington county's 50 senior and junior leaders who contributed so much to the drive.

Ten of Pennington county clubs met their individual goals and exceeded last year's figures. The Falls club showed the largest increase in membership for 10 to 70 members. Other clubs that went over the top included Deer Park, Highlanding, Kratka, Northfield, Rocksbury, Sanders, Smiley, Steiner and Star.

In addition, two new clubs were organized in the county during the drive. They were the Hickory 4-H and Wyandotte 4-H clubs.

This year the enrollment drive was held in the fall in order to clear the decks for a full 1947 4-H program, Miss Hanson says. With most enrollments now in, 4-H clubs are in a position to make 1947 a banner year in their club history.

PHONE COMPANY ADDS EQUIPMENT

Two New Switchboard Positions Being Added

Two new switchboard positions adding 240 numbers to the facilities of the Thief River Falls exchange of the Northwestern Bell Telephone company are now in process of installation and the work will be completed about December 15, A. J. Rau, local manager, stated today.

The new equipment will require two additional operators, making a total of seven on duty. The added facilities, Mr. Rau, stated, will restore local service to pre-war standards so far as switchboard operation is concerned.

He added that owing to the shortage of available lines, it will take longer to improve speed in putting thru long distance calls.

Veterans Are Warned As to Requirements for Obtaining Dental Care

Veterans who intend to claim benefits from the Veterans Administration were warned today by Paul T. Gray, VA contact representative at Thief River Falls, that they must obtain a dental examination within a year after discharge in order to qualify for treatment.

A World War II veteran with at least six months service and a discharge other than dishonorable is entitled to free care for dental ailments which are judged to be service-connected.

Examination to determine eligibility for treatment may be made by the veteran's own dentist at VA expense, provided prior authorization is obtained. Application may be made at any of VA's 25 contact offices located throughout Minnesota.

Shortage of VA dentists to determine results of examinations has slowed the approval of authorizations for treatment Mr. Gray explained, but the veteran should protect his legal rights to future treatment by applying for examination well before the end of his first year following discharge.

Emergency cases will be given priority for treatment.

PARENTS' DAY AT N. W. SCHOOL SET FOR NOVEMBER 9

More than 500 Persons Expected at Annual Event in Crookston

The annual meeting of the Northwest School Parents' association will be held at the Northwest School of Agriculture at Crookston on Saturday, November 9. The officers and directors will hold their business meeting at 10:45 a. m. The general meeting, which more than 500 parents will attend, will be held at 1:30 p. m. in the school auditorium.

Parents of students will be guests of the school for the day, and open house for the parents will be held in all dormitories and school buildings. Other features of the day's program will be the home project show in the gymnasium and student program in the auditorium.

Officers and directors of the Parents' Association are: Alfred Hallstrom of Red Lake Falls, president; Mrs. W. J. Cumming of East Grand Forks, vice-president; Nils Pederson of Beltrami, secretary-treasurer.

University Hospitals in Minneapolis Receive 9,220 Patients in Year

One of the busiest years in the history of the University of Minnesota hospitals was the fiscal year 1945-46, which closed June 30, Ray M. Amberg, superintendent of the hospitals, indicates in his annual report which was completed this week.

During the one-year period, 9,220 patients were admitted for an average length of stay of 15.4 days as compared with 8,251 patients in the previous year for stays averaging 16.6 days, Amberg reported.

The daily average number of patients was 390 for the year 1945-46, and 375 for the year 1944-45, according to the report. Surgical operations performed during 1945-46 numbered 5,695.

CHEER UP—DEALER'S CAR RUNS OUT OF GAS

Alexandria—Ernie Nurah is an experienced garageman, mechanic, and filling station operator. He and his wife and son started for a wedding at Brandon. Their car stalled and a check-up revealed an empty tank. The red-faced pilot hitch-hiked to town for some gasoline and the family was a little late for the wedding.

SAFETY TRAINING TO BE EXTENDED

New Courses Available for Schools of State

Safety instruction will be available to all Minnesota youngsters from first grade to last year of high school if and when schools throughout the the state adopt the courses in health, physical education and safety recently prepared by the site department of education. The plan includes a driver education in the ninth grade, just before the age when boys and girls are first eligible to apply for drivers licenses.

Safety education in all grades, with driver training at the appropriate time, is a goal long sought by the Minnesota safety council and others interested in a long range program of accident prevention. Adoption of the new courses in high school grades will, for the present, be optional with individual schools but the time is forseen when such courses will be universal. Health and safety education is required in the lower grades.

The courses are outlined in three bulletins published by the department. Pedestrian safety, home safety, school safety patrol and bicycle safety are some of the subjects emphasized in the course for grades 1-6 in graded schools and grades 1-8 in rural schools. In the junior high school course Part 1 emphasizes personal aspects of health instruction; Part 2 stresses the community aspects; and Part 3 stresses safety, driver education and first aid. The senior high school course includes a review of driver education as well as general safety education, first aid and home nursing.

TECHNOCRACY
Science

SCIENCE is the methodology of the determination of the most probable. Technology is the large-scale application of physical science to the processes of production and distribution so as to achieve continuous mass production with a minimum of human effort combined with the highest productivity per unit of extraneous energy consumed.

Technology pervades America. Every scientist in his field chalks up further developments with greater precision. But let there be recorded: Here on this Continent where science has achieved its greatest application, where technology has driven these developments to a fine edge, and spurred them to greater heights than in any other part of the world—here on this Continent, science is in conflict with society. Science and technology have gone so far that the present social structure of the North American Continent is facing its debacle, its elimination. Nowhere else in the world today is science in militant conflict with the social structure under which it survives.

The march of technology on this Continent is going to compel the arrestation of the first mass movement in the history of man, as technology eliminates human toil and ruins all the values of scarcity by the production of abundance.

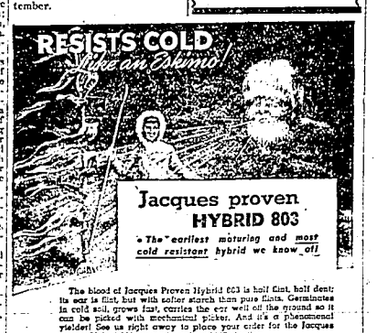
"Walkie-Talkie" Ideas In New Hearing Aid



A new kind of hearing aid, using inventions made during the war, is now helping hundreds to hear. Its main features are pea-nut-size tubes and tiny, powerful batteries first used in walkie-talkies, radar and other war instruments. This new aid fits in the palm of your hand. It needs no battery pack, battery case or awkward, bulging harness for you to wear. The tone is brilliantly clear, strong and true . . . and the cost of upkeep is amazingly small. You can get a free booklet that tells about this new invention by writing Microtone Sales Co., 902 Marquette Ave., Minneapolis 2, Minn. They will also explain how you can get a thrilling demonstration of this instrument in your own home without any obligation at all. Write them today.

Thanks

I hereby wish to express my sincere thanks and appreciation to the Voters of Pennington Co. for the splendid complimentary vote given me on election day.

THANK YOU,

A. R. Johnsrud

BRIDGE BUILDING AT A STANDSTILL

Lack of Material Ties up Minnesota Projects

Inability to obtain material for bridge construction is one of the most serious handicaps facing the Minnesota highway department in its efforts to carry out a balanced construction program, according to E. J. Miller, chief bridge engineer. Mr. Miller sees little hope that conditions will improve in the near future.

"Bridge construction was curtailed before the war started, and no bridges were built during the war except emergency replacements or bridges on access roads," said Mr. Miller. "Since the war ended, due mainly to inability to obtain steel, no bridges of any substantial size have been placed under contract. One result has been that many grading and relocation projects involving major bridge construction had to be postponed.

"Approximately one-fourth of the bridges in the trunk highway system are old structures built before the roads now in the trunk highway system were taken over by the state. Many of the old narrow bridges constitute serious traffic hazards. In many cases substandard bridges make it impossible to use the highways to full capacity. This situation is not new but it has been aggravated by the five-year lapse in bridge building and by the steady increase in the number and average weight of loads. There are 69 bridges which are posted for load limits, due either to deterioration or because they were not designed for present day heavy loads. There are also 30 railroad underpasses in the trunk highway system with vertical clearance less than the 14-foot required minimum, each a definite hazard to modern truck traffic.

"There are 2,680 bridges in the trunk highway system. Of these 520 have roadways narrow than the 24-foot requirement by present laws for new or rebuilt structures."

There's something cooking, and it's not good for lawbreakers of the West. It takes place in "THE PLAINSMAN" one of Cecil B. DeMille's greatest spectacle, showing at the Falls Theatre. Starring are Gary Cooper and Jean Arthur.

MINNESOTA HISTORICAL SOCIETY

LOCAL FACTORY MEMBERS' PAY INCREASED

Board Defers Action on Request Submitted at Meeting Monday

The current flurry of requests for salary increases induced by the mounting cost of living reached the Thief River Falls board of education at its November session Monday evening, when a delegation of public school faculty members affiliated with the local education association appeared before the board to ask a cost-of-living raise of $20 per month or $240 a year over schedules adopted earlier in the year. The board estimated that the added cost to the school district of granting the request would be approximately $15,000 per year. The matter was discussed at length in the course of the evening, but definite action one way or another was deferred until a later meeting.

Supt. Philip L. Fjelsted, in his report to the board, pointed out that as a result of pay increases during the past five years, salaries for elementary teachers have been increased from a range of $900 to $1,210 in 1941 to $1,850-$1,700 for 1946-47; high school teachers from $1,080 to $1,485 in 1941 up to $1,-900 to $2,000 this year; and men teachers from $1,170-$1,575 in 1941 to $2,200-$3,000 for 1946-47.

Mr. Fjelsted reported that state school aids of all kinds for the current year received by the November 9 aggregated $96,245, substantially higher than in previous years.

Rotarians See Motion Picture Tuesday Noon

Members of the Rotary club at their luncheon meeting Tuesday noon in the Evelyn hotel enjoyed the presentation of a motion picture, "Assignment for Tomorrow," sponsored by the Minnesota Education association and dealing with the public schools and teaching profession. Accompanying the film was a discussion of school matters by Dr. A. W. Nicholson, president of the local board of education.

The Hanson Motor company, local Pontiac agency, is moving this week to its new building at 119 Main av. S., and will hold its formal opening Friday, November 15, Ingvald Hanson, proprietor, announced today.

The company up to now has been located on Main av. at First st., and the dealers it is vacating there will be occupied by Charlie's Tire Shop.

The new building, 60 by 90 feet in dimensions, is of concrete block construction with a front of tan brick and plate glass. Space is provided for two offices, show room, parts room and a spacious repair shop with facilities for repairing all makes of cars.

Three Youths Fined for Property Destruction

Three youths, ages 19 to 22, pleaded guilty when brought into municipal court Tuesday by Sheriff Arthur Rambeck on charges of malicious destruction of property belonging to a church in St. Hilaire on Halloween night. The three, Donald Schantzen of Red Lake Falls, and Roger Crowum and Enus Nohre of Thief River Falls, were each fined $100 and costs, of which $50 was suspended on condition that they make restitution for the damages.

Deer Hunting Licenses Selling Fast This Week

With approximately 500 big game licenses purchased up to Tuesday at the office of County Auditor A. M. Senstad, indications were that the total for the current season would equal last year's figure of 1,250. The deer hunting season is set for November 16 to 24 inclusive, and Mr. Senstad stated that under state law no licenses can be sold after November 18.

ED CARLSON NEW PRESIDENT THIEF RIVER GOLF CLUB

Elected to Succeed Lloyd Bennes at Annual Meeting Monday Night

Annual meeting of the Thief River Golf Club was held at the Evelyn hotel Monday evening. After a report of the club's operations by President Lloyd Bennes, Treasurer Oscar Cefny, and construction committee chairman, Vic Jung, the election of the officers and directors for the coming year was held.

Ed Calson was elected president; J. Robert Peterson, vice president; Arpie Hensrud, treasurer; and Vic Jung, secretary. Directors elected for two year terms were Lloyd Bennes, Walt Ekeren, and Frank Tunberg. Holdover directors are Dr. B. Borreson, Hans Chommie, and John F. Odell.

The construction work on the west side of the river on the site of the Grebstein farm is expected to be completed by the spring and with a good growing season, the new fairways and greens will be playable by mid-August of next year.

Four new greens have been built, one of which has been grassed with Old Orchard Cl2 bent, which is to be used on the others in the spring. This grass was especially developed for use in northern climates and is a pure strain of bent grass that stands up under heavy play and does not "winter kill" as easily as less vigorous grasses do.

GLEN AHRE SPEAKS AT ARMISTICE DAY PROGRAM MONDAY

L. S. Hess Family Is Presented with Air Medal Given Jack Hess

At Armistice Day exercises Monday morning in Lincoln high school auditorium, sponsored by the local American Legion post, Glen Ahre, principal for the occasion pointed out the obligation of the people to acquire a knowledge of world affairs, thus making for an informed citizenry.

He stated that we are too much concerned about our personal affairs to pay more than fleeting attention to the activities of the United Nations organization, which today is shaping world destiny.

Another feature of the program which opened with the invocation by Rev. C. C. Thompson also included a vocal solo by Walter Ekeren, was the presentation by Mr. Ahre to the L. S. Hess family, represented by Byron Hess, of the air medal with four oak leaf clusters posthumously awarded to Lieut. Jack Hess, bomber navigator with the U. S. air forces in the European theatre, who had been reported missing in action over France since January 27, 1944.

Commander Orvis Olen of the Legion post read the citation accompanying the award.

To Speak at Institute

REV. C. E. NESTANDE

Of Minneapolis, who will be the principal speaker at a Sunday school teachers' institute next Sunday at Trinity church, sponsored by the Thief River Falls and Crookston circuits of the Evangelical Lutheran Church.

LUTHERAN SUNDAY SCHOOL TEACHERS INSTITUTE SUNDAY

Trinity Church Will be Host to Teachers from Two Circuits

Parishes of the Thief River Falls and Crookston circuits of the Evangelical Lutheran church will convene the teachers of their Sunday schools at a teachers' institute in Trinity Church on Sunday. The Rev. E. O. Urness, Holt, parish education secretary, together with the local pastor, Rev. G. S. Thompson, has arranged the gathering, and the Rev. C. E. Nestande, pastor of Lake Nokomis Lutheran church, Minneapolis, will be the speaker. In addition to speaking at the afternoon and evening sessions of the institute, Pastor Nestande will preach the sermon at the morning service in the church. At the afternoon session, commencing at 3:00 p. m. musical selections provided by the Viking Lutheran parishes will supplement the address by the guest speaker. At 4:00 p. m. demonstration classes will be conducted simultaneously by teachers of various parishes. Mrs. Charles Hoffos, of Thief River Falls, will conduct the demonstration class for kindergarten tots; Mrs. Rolland Breed, Crookston, will conduct the class for primary youngsters, Mrs. G. Halmrast, Gryglo, will have charge of the intermediate department demonstration; and Gordon Hanson, Thief River Falls, will conduct high school department class. Following these demonstrations, discussion groups led by pastors of the two Circuits are scheduled.

The evening session at 7:45 p. m. will follow the supper served by the Trinity ladies aid and the use of visual aid in teaching by Pastor Urness. Pastor Nestande, a member of the synodical board of parish education, will deliver the closing of the institute. The senior choir of Trinity church, under the direction of Miss Lois Schlager, will sing. Anyone interested in Sunday school teaching problems is cordially invited to attend sessions of the institute.

Lunch will be served at the close of the business session.

DELEGATIONS GET ATTENTION FROM COUNCIL

Aldermen Hear Many Requests at Session Held Tuesday Evening

In the first of two sessions scheduled for this week, the city council Tuesday evening devoted its entire time until well after midnight to hearing representatives of various local groups advocating projects in which they were interested, as well as salesmen for two Diesel engine manufacturers and two manufacturers of parking meters, proposed for installation in this city.

First to be heard was a delegation from the Thief River Falls planning board, with Paul A. Lindgren as its spokesman, other members being Dr. O. F. Melby and Norman Peterson. The group recommended that the council make a serious study of the feasibility of carrying out the plan for a civic center in the two blocks including the Auditorium and post office. They pointed out that the project had been recommended by a firm of architects engaged by the city as far back as 1930. The council indicated it would discuss the matter further at an early meeting of the planning board.

Heard later in the evening were Rev. L. W. Lindholm and David Drotts, chairman of the Mission Covenant church, owners of three lots on LaBree av. at First st., in one of the blocks affected. They cited various reasons for objecting to the inclusion of their property in the proposed civic center.

Gordon Peterson and Walter Ekeren, representing several sports-minded local groups, suggested that the council consider the possibility of acquiring property in the southwest corner of the old mill-yard as a site for a baseball and diamondball diamond. No immediate action was taken.

Arthur Christianson, president of the Junior Chamber of Commerce, and Roy Barzen, president of the park board, requested that the council arrange with Lee Sorenson to have a dragline remove the mud from along the east edge of the river adjoining the Tindolph and Roy Scout parks. The matter was referred to the city engineer and Alderman Harry Simons for study.

A group of local mothers was present to urge their request for a resumption of the small children's recreation project in the arena, until recently conducted by Mrs. Camille Dostal. The council voted against resuming the project, citing as a reason, in addition to the cost, an order from the state fire marshal requiring the installa-

General PTA to Hold First Session of the Season Friday Night

The first session of the General Parent-Teacher association of the fall season will be held in the Lincoln high school auditorium Friday evening, November 15, at 8 o'clock, Milton Zimmerman, president, announced today.

The speaker for the occasion will be Dr. J. V. Breitweiser, dean of the school of education at the University of NorthDakota in Grand Forks. He will appear in place of H. H. Kirk, superintendent of schools at Fargo, N. D., originally scheduled to speak. Also on the program will be a motion picture, "Assignment for Tomorrow" dealing with the public schools and produced under the sponsorship of the National and Minnesota Education associations.

Two vocal selections will be supplied by Kenton Mullen, accompanied on the piano by Jerry Jorgjal. Refreshments will be served at the close of the program.

Current Taxes Paid in 1946 Total $381,261.29

Current taxes paid in Pennington county from January 1 to November 1 reached the high total of $38,261.29, compared to $360,586.75 for the corresponding period in 1945, County Treasurer A. R. Johnsrud reported this week. Delinquent taxes paid for the period this year, however, declined to $17,296.85, compared to $33,-867.55 for the same period in 1945.

COMMUNITY FUND IN COUNTY NETS $4,977 TO DATE

Thief River Falls Has Passed Two-Thirds Mark Toward Goal of $6,000

The current campaign in behalf of the Pennington county community fund made substantial progress during the past week, with the result that the city of Thief River Falls is now more than two-thirds of the way toward its $6,000 quota, while St. Hilaire and six townships have achieved their objective, the total for the county being $4,797.-26.

Thief River Falls downtown solicitors up to Wednesday had turned in $4,227, while Russell E. Olsen, general chairman, announced that the drive in the residence districts of the city, scheduled for last Sunday, had been postponed to Sunday November 24.

St. Hilaire village has exceeded its goal of $65 with collections of $79, and townships reaching or exceeding their quotas include Clover-leaf, $58.50; Deer Park, $70; Goodridge $25; Highlanding, $100; Kratka, $92.50; and North, $100.

Reports of collections from other townships include Black River, $5.50; Polk Centre, $24; and Star, $36.50.

OFFICIAL COUNT OF VOTES ADDS 10 FOR O. A. NELSON

Increases Margin to 25 over Fred Lorentson; No Other Changes Made

The only change resulting from the official canvass of the votes in the general election in Pennington was a net gain of ten votes for Oscar A. Nelson in his narrow victory over Fred Lorentson for the office of register of deeds.

As a result of the canvass, completed last Friday, Nelson is credited with 1,822 votes while Lorentson is credited with 1,797, giving the former a lead of 25 instead of 15 as reported in the unofficial tabulation last Thursday.

A correction of the vote in Norden township gives Lorentson 20 more votes and Nelson 20 less, while in the fourth ward of Thief River Falls Nelson gained 50 votes, he having received 277 votes in that ward instead of 227 credited to him in the unofficial count.

Under the sponsorship of Boy Scout Troop 59, waste paper will be collected from homes and business places throut the city of Thief River Falls Saturday afternoon, Nov. 16, starting at one o'clock, it was announced today.

Local residents are asked to tie their surplus newspapers and magazines securely in bundles, and to place them along the curb in ample time to be picked up by the truckers.

Dr. Trucks, which will meet at the arena, will be supplied by L. B. Hartz Store, C. Gustafson & Son, Lampert Lumber company, Texaco Implement company, Land O'Lakes Creameries, Peterson-Biddick company and Oen Mercantile company.

The committee in charge urged farmers in this community to bring in their bundles of paper when they come to the city, and to leave them outside Gustafson's warehouse.

DAIRYMEN ASKED TO VIEW MOVIES NEXT WEDNESDAY

To be Presented in City Auditorium by Cattle Breeders Group

Motion pictures by Dr. W. E. Pedersen, dairy specialist at University Farm, St. Paul, on milk secretion and hay-making will highlight a general meeting to be conducted by the Thief River Falls Cattle Breeding association to be held in the Auditorium at Thief River Falls Wednesday evening, November 20, at 8:00 p. m. according to V. E. Copp, chairman of the association.

Dr. Pedersen, who is a noted authority on dairying, shows in the film the mechanics of milking secretion, reasons why fast milking is advisable, and gives some good points on the use of hormones. Mr. McLeod recently saw the picture, which is colored movie at the district dairymen's convention at Fergus Falls and states that it is very much worth while seeing. Another colored moving picture to be shown at the meeting is on haymaking, showing the newer types of hay baling, one of which is the roller bale system.

The meeting will be open to the public, according to officers of the association, and will include 10 substantial door attendance prizes. Lunch will be served by the association after the pictures are shown. All dairymen in this area are invited to attend.

MOST CEILINGS ON PRICES OFF LAST SATURDAY

Clothing, Automobiles and Wages Are Freed from Restrictions

Price ceilings on everything except dwellings, sugar and rice were wiped away completely by President Truman Saturday in one sweeping order which spelled the speedy end of OPA.

All government controls on wages and salaries, too, were abolished except in cases of government seizure, like the soft coal mines. Thus the wage stabilization board goes out of business.

While rent ceilings will be continued, Mr. Truman indicated that they may be increased. "It may be that some adjustment of rents will be required," he said. But Housing Expeditor Wilson Wyatt announced that the sales and rental ceilings on new homes built under the veterans emergency housing program will stay as is.

The presidential order removed price ceilings from clothing, automobiles, building materials, furniture, metals, paper, coal, laundry —everything, in fact, that still remained under ceilings after the avalanche of recent decontrol actions except scarce items of housing, sugar and rice.

The order was effective as of 12:01 a. m. Sunday but price law violations before that time still may be prosecuted and businessmen are required to keep their records for another year.

Mr. Truman acted four days after the election which saw Republicans capture control of the senate and house in a campaign which swirled around the slogan "had enough?" (of controls and shortages). The action was in the works before election day, however, and was delayed only because of extensive consultations necessary among the officials concerned.

LEGION WILL HOLD MEETING MONDAY

Double Ring Nuptials for Vivian Engelstad and Robert J. Carlson

Double ring nuptials were held in Trinity church Wednesday evening, Nov. 6, at 8:15 for Miss Vivian A. Engelstad, daughter of Mr. and Mrs. Axel Engelstad, and Robert J. Carlson, son of Mr. and Mrs. Martin Carlson. Rev. G. S. Thompson officiated at the candlelight service.

Miss Lois Schlager, at the pipe organ, played "Elevation", "Intermezzo" from "Lasnie", and Cantilene Nuptiale," and Miss Sylvia Borchert sang "Because" and "The Lord's Prayer".

Mrs. Glen Carlson, cousin of the bride, and Miss Lorrayne Arhart were matron of honor and bridesmaid, respectively, while Darrel Carlson, brother of the groom, and Conrad Engelstad were the gentlemen attendants. Kenneth Engelstad and Marvin Hopkinson ushered.

The bride was lovely in a white brocaded satin gown designed with long tapering sleeves, sweetheart neckline, and full gored skirt extending to a train. Her fingertip veil was held in place by a beaded sweetheart crown, and as her only ornament she wore a string of pearls, a gift from the groom. Her bouquet was of Johnnon Hill roses and white 'mums with showers of rose buds tied in love knots.

Mrs. Carlson chose a pink chiffon gown and had a colonial bouquet of pink roses and white 'mums, while Miss Arhart was attired in a chiffon gown of pale yellow with a similar bouquet.

One hundred and fifty guests were entertained by Mr. and Mrs. Axel Engelstad at a reception in the church parlors. Refreshments were served from a table centered by a tiered wedding cake with yellow and white mums and lighted tapers. Eileen Louze, Ruth Wasley, Marge Carlson, Pauline Hanson, and Mrs. LeRoy Rupprecht were waitresses.

A wedding trip took the couple to Minneapolis, the bride donning a brown tweed suit with brown and green accessories.

Those from a distances attending were Mr. and Mrs. N. D. Dalvan, of Billings, Mont.; Mr. and Mrs. James Sculthorp and Dorothy of Fordville, N. Dak.; Mrs. Lars Engelstad, and Sidney and Robert, Arlene Johnson, and Eva Mae Lee of Moorhead; Mr. and Mrs. Otto Knutson, Donald and Milton of Grygla; and Mrs. Wendell Beebe of Bemidji.

The bride, graduate of Lincoln high school with the class of '43 has been employed as stenographer in the Union State Bank.

Ruth Poppenhagen Is Married in Washington at Church Ceremony

Mrs. Ruth Poppenhagen and Anker Skands of Spokane, Wash., were united in marriage Saturday, Nov. 2, at an eight o'clock fall wedding at Bethel Temple, Lincoln and Sharp, Spokane, Wash. The vows were spoken before an altar banked with white candelabra and huge baskets of white chrysanthemums tied with white moire ribbon. The three colored star neon lighting of the Temple reflected on the setting. Dr. Alexander Schlinger performed the double ring ceremony.

Before the wedding Mrs. Charles Anders played a prelude of organ music, after which Miss Lois Holeschaw sang "I Love You Truly." The traditional wedding marches were used.

Mrs. G. G. Newland attended her sister as bridesmaid, while Clair Kahlil was bestman. Ed McFall and Fred Osterberg ushered.

The bride was attired in a silk dress in the new spice color, fashioned with puffed sleeves and draped skirt, and carried a white testament tied with an orchid. Mrs. Newland wore a royal blue dress and carried a bouquet of yellow chrysanthemums and yellow roses. At the close of the ceremony, while the couple were kneeling, Miss Holeclaw sang "O Perfect Love."

After the ceremony a reception for approximately 50 guests was held at the home of Dr. and Mrs. Schiffner. After gifts had been opened, refreshments were served from a table artistically decorated with fall flowers and centered by a tiered wedding cake.

After a honeymoon to points in Idaho, the Skands will be at home at 415 East 23rd, South Hill, Spokane.

Before her marriage Mrs. Skands was employed as secretary of the Customers Service Branch, War Assets Administration, Galena Air Depot, and before going to Washington was employed in the city clerk's office here. Mr. Skands owned and operated the Skands furniture store in Spokane.

Not for the Average Parent

by Flo and Jarvis Prichard

Intelligent parents realize that next to teaching children how to read, the most important problem confronting them today is to help children recognize and appreciate good books. This is more difficult than it appears because very few parents know how to go about finding a reliable guide to books that will help their children accept responsibility, appreciate beauty and acquire a sense of lasting values.

Our interest in finding such a guide to literature for character training was inspired by our own problem. We knew that lots of books were published for children, but to find the best books—both from a literary and artistic standpoint—that would fit his particular needs was our problem. We found the answer in publications as: BEQUEST OF WINGS by Annis Duff, an excellent guide to juvenile literature written by the mother of two children; THE HORN BOOK, the only publication in the country devoted exclusively to the subject of children's books and reading; BOOKS, CHILDREN AND MEN by Paul Hazard, an international guide to juvenile literature. To quote PARENTS' MAGAZINE:

"BOOKS, CHILDREN AND MEN is no ordinary guide to reading. Rather it is a declaration of faith in children; for the author adroitly uses children's books as the basis for a penetrating and delightful discourse on the nature of childhood itself, and what makes children tick, and, incidentally, what makes them read. Altogether this fascinating and revealing little book is well-nigh indispensable reading for all those who love books not less, but children more."

After finding just the books we wanted to buy, we found there was no place to buy them. This led to what we considered a natural question:

"Why not open a book store and specialize in good books for children?"

We asked lots of people what they thought about the idea and everyone was so enthusiastic that we wrote 72 publishers in New York and started ordering books. But to be on the safe side—people are so nice around here that it is possible that they told us our idea was wonderful when it wasn't—we decided to get just one copy of each book and let people who liked them order from these copies.

Some friends of ours who dropped in our house last week (the dining room is our home has been converted into a book store) saw the books and placed orders for several copies before we were even open for business.

Starting tonight, (Thursday) we will be open every night, except Sunday, from 7:00 to 9:30 p. m. and we hope you will drop by and see our books. Books ordered during the next few weeks will arrive in plenty of time for Christmas.

P. S. We have quite a few books for adults like TO HELL WITH HUNTING; THE CHALLENGE OF MARRIAGE; AS HE SAW IT (Elliott Roosevelt); GROWING SUPERIOR CHILDREN; ANYONE CAN DRAW; COMMON SENSE IN HOME DECORATION; COLOR, AND HOW TO USE IT IN YOUR HOME; HOW TO BE ATTRACTIVE (Joan Bennett) and can order any book you want in time for Christmas.

Before the ceremony Mrs. Henning Ranstrom sang "I Love You Truly", and the bridal party entered to the strains of the "Bridal Chorus" from "Lohengrin" played by Mrs. E. L. Danielson. Mrs. Charles Taggart and Mrs. Henning Ranstrom sang selections throughout the ceremony.

The bride, given in marriage by her *step-father, Charles Dedrick,* was attired in an all white satin gown fashioned with full entrained skirt, V neckline, and long tapering sleeves. She wore a pearl crowned fingertip veil trimmed with wide Romany lace, and forming her bouquet were red roses, white pompons with muline and pink streamers. Her only jewelry was a gold locket, gift of the groom.

Mrs. Martin Jacobson, aunt of the bride, was matron of honor in a gown of pink satin. Miss Juliette Ranstrom, sister of the groom was bridesmaid in a blue taffeta formal. Both carried bouquets of pink and white pompons, and before the ceremony were presented with new white testaments, gifts of the bride.

Vernon Ranstrom, brother of the groom, was bestman, with Martin Jacobson, uncle of the bride, as the other attendant. After the bridal party had taken their places at the altar, Donovan Ranstrom, brother of the groom, entered carrying the ring on a heart-shaped white satin pillow trimmed with tatted lace. Immediately following were the flower girls, Ruth Ann Ranstrom and Nancy Dedrick, wearing floor length pink gowns and carrying bouquets of gladioli and snapdragons.

Mr. and Mrs. Charles Dedrick were hosts at a reception at 401 Horace Ave. for 180 guests. Blue and white streamers made the place festive, and centering the serving table was a pink and white three-tiered wedding cake, topped with the figurines of Jack Jacobson and Jean Gangness served as waitresses at the bridal table and others who helped were members of the Baptist young people's society. The Mission circle was in charge of the serving, headed by Mrs. Verner McMahon.

D. H. Munro, acting as toastmaster introduced numbers on the program including two vocal solos by Mrs. Charles Taggart, and short talks by Rev. Rev. C. Norman Ericson of Viking, Rev. Ed Lagelin of Goodridge, and Martin Jacobson of Wannaska.

After a short honeymoon, the couple will be residing in this city.

MYSTERIOUS

Harry Houdini, master magician, carefully guarded the secrets of his trade. When people pressed him for explanations as to how certain tricks were performed he managed always to be tactfully evasive.

"Mr. Houdini, for years I've attended all your performances," pleaded one of his fans. "And I am more baffled than ever. Just how do you make a whole live mountainous elephant disappear?"

"That's a good question," replied Houdini with his usual finesse. "Why, even the elephant has no idea how it's done."

Just an Acquaintance

An elaborately dressed woman arrived late for the wedding. As the plowed through the church door an usher demanded her invitation.

FIRST CONCERT IS HUGE SUCCESS

Offering Wednesday Pleases Big Audience

By Lois Schlager

A gratifyingly large and enthusiastic audience last night greeted the opening concert of the Thief River Falls Civic Artist Series in the Lincoln High school Auditorium. Samuel Marti, Mexican violinist, and his pianist-wife, Gunhild Nilsson, displayed true artistry in a well-chosen program, and unquestionablyconvinced their audience of the worth of such a series.

The Beethoven Sonata for Violin and Piano, No. 8, a difficult and ambitious opener, was beautifully played, and brought forth enthusiastic applause both for the music itself and for the skillful teamwork and clean playing which it revealed.

In definite contrast was the Suite by William Grant Still, America's foremost Negro composer The first number, a portrayal of a forceful African dancer, perhaps lacked quite the strength necessary to be thoroughly convincing, but there was compensation in the delicate contrasting 2d section. The mood of the second, was set in the opening chords, the depth of a mother's heartbreak at her child's death penetrating the innermost consciousness of the listener. The picture of children at play, while almost a jolting contrast, proved equally fascinating.

The piano group was rich in variety, including a Prelude and Fugue in classic style; and Elegy by Jeanne Boyd which obviously bears the influence of Chopin; a mood picture in modern idiom, and Villa-Lobos' stunt piece, "The Little Paper Doll". In these, and in the Chopin Nocturine which was her encore, Miss Nilsson showed both great technical command and a sympathetic mastery of many styles.

The ever-popular "Kreisleriana" was a sure-fire opener, for the closing group and inspired as much enthusiasm as anything on the program. The Bloch "Nigun" did not bring forth as great a response, due undoubtedly to its highly subjective natire. The understanding performance of the two Mexican numbers of Revueltas and Cardenas, the Jamaican folk song and deFalla's "Fire Dance" made clear the appropriateness of Mr. Marti's title of "Musical Ambasador of Good Will" between the Americas.

Three encores a Jamaican rhumba, and well-known "Estralita", and Schubert's "Ave Maria" succeeded in completely captivating the audience.

H. O. Chommie Speaker at Lions Club Meeting

H. O. Chommie was the speaker at the Lions club luncheon meeting Wednesday noon in the Palm Garden Cafe. tion of a fire escape and other changes before the room is reopened.

After considering two bids on the construction of the proposed burial vault and chapel in Greenwood cemetery, the council voted to reject both. The only firm bid was entered by Prichard Brothers company in the amount of $13,919.28, while the other bidder, Arthur O. Erickson, offered to do the work on the basis of cost plus ten per cent.

It was decided to call for bids on approximately fifty cords of city-owned stove wood, the bids to be opened December 10.

More than two hours of the session was devoted to hearing discussions of the pending bills for a new Diesel unit for the municipal power plant by representatives of the McIntosh & Seymour company and the Norberg Manufacturing company, as well as by salesman representing two manufacturers of parking meters.

Mrs. Charles Stewart, Former Resident Here, Dies in Minneapolis

Mrs. Charles W. Stewart, former resident here, mother of John Stewart and sister of J. C. Kretzschmar and Mrs. H. A. Brumund of this city, died unexpectedly at her Minneapolis residence Sunday. She was 60 years old.

Funeral rites will be conducted for her in the Gulbranson funeral chapel this afternoon, Nov. 14, at 2 o'clock, the remains being shipped in this morning from Minneapolis. Rev. F. J. Seltz of St. Paul will officiate and interment will be made in Greenwood cemetery.

Surviving besides her husband, Charles Stewart, are two sons, John of this city and James of Minneapolis; two grandsons, Jack and Jay Stewart; a sister and brother, Mrs. H. A. Brummund and J. C. Kretzschmar of this city.

Mrs. Stewart was born in Red Lake Falls Jan. 16 1886. She attended high school in this city and later was graduated from the Moorhead state teachers college. She taught school one year in this city and then was married in December 1906 to Charles W. Stewart at Crookston. They made their home in that city for three years. Mr. Stewart then took employment with the Soo Line railway and was stationed at Adams, N. Dak., this city, Detroit Lakes, and Mahnomen, where he retired in 1944. They took up residence in Minneapolis.

Infant Son of Mr. and Mrs. E. Foster Dies

Rev. G. H. Spletstoeser of Lockhart officiated at rites Saturday afternoon in the Gulbranson chapel for Ronald Dale Foster, infant son of Mr. and Mrs. Eldon Foster of Grand Forks, who succumbed at Grand Forks last Thursday. Interment was made in Greenwood cemetery.

The child, who was almost seven weeks old, leaves his parents, Mr. and Mrs. Eldon Foster of Grand Forks, and his grandparents, Mr. and Mrs. Lester Foster of Lockhart. Ronald was born in Grand Forks Sept. 20, 1946.

Rites Held Sunday for Augusta Palmquist, 75

Funeral rites were held Sunday afternoon in the Clara Lutheran church, Hazel, for Mrs. Augusta Palmquist, who passed away Nov. 6 at the home of her daughter, Mrs. A. J. Colberg of St. Paul, where she has resided since early last summer. Rev. A. Sand officiated at the services and interment was made in the church cemetery.

Mrs. Palmquist, who was 75 years old, leaves to mourn two daughters, Mrs. A. J. Colberg of St. Paul, and Myrtle Palmquist of Japan; a son William of Hazel; ten grand children; one sister, Mrs. Edward Anderson of California; four brothers, Carl A. Swanson of Hazel, Algot and Victor Swanson of California, and David Swanson of Reno, Nevada.

Mrs. Palmquist was born in Smaland, Sweden, Jan. 3, 1871. She came to America at the age of 16 and in 1894 was married to John Palmquist. She resided in Minneapolis until moving to this community in 1905. Her husband passed away in 1921.

TIME TO PAY BILLS

Biggest of all problems facing the Congress that convenes in January is that of balancing the federal budget and reducing the debt. Budget balancing in itself is not enough. During the next few years nearly all of the federal debt will come due. New long term debentures will have to be sold to pay off the ten year notes that are approaching maturity, and that is not going to be an easy operation to perform unless the customers have assurance that the debt will be *paid in honest dollars. It will be up* to the incoming Congress to give this assurance.

There are only two ways to balance a budget; by reducing costs or by increasing income. Debts can be reduced only from revenue derived by taxation.

Reducing government costs in a period of rising costs is not an easy thing to accomplish. Public programs and services, once established, are not easily discontinued. Obligations that have been assumed by the government cannot be lightly laid aside, even by a succeeding administration. An honest effort must be made to fulfill the promises that have been made to various groups of our people; to our service men and women; to the beneficiaries of social security; to agriculture. These obligations involve us in a debt that probably is nearly as great as that debt which is represented by the bonds that have been sold. We see little reason to hope that our federal budget can be balanced by a reduction of costs alone.

And to talk of reducing taxes at this time borders on absurdity. If our government is to meet its obligations it will need every dollar of tax revenue it can get over a period of many years.

A few years ago President Roosevelt told Congress taxes should be increased ten billion dollars a year. Wilkie told the President he was wrong, that the increase should be twenty billions a year. But Congress chose to postpone the day of reckoning. It cannot be postponed much longer.

A BAD CONDITION, BUT WHY?

This is the week of the year we are supposed to give thought to the needs of education, and here in Minnesota one of the greatest needs is to give to our farm boys and girls a better opportunity to secure high school educations. Believe it or not, but Minnesota is near the bottom of the list of all the states in the number of farm boys and girls who attend high school, and as long as such a condition exists there is something very much wrong with our school *system here in this agricultural state of* ours. The records tell us this condition exists. The records do not tell us why it exists.

One factor may be our form of school district organization. We have smaller school districts than most states, and high schools are operated by only a comparatively small number of these districts. Attending high school for most farm boys and girls in our state means attendance in a district of which they are not a part. Possibly there are some barriers here that discourage attendance and that need to be broken down.

Here in Pennington County the Thief River Falls high school serves a large rural area that has no voice in the operation and management of the school and this condition is typical of other communities throughout the state. Maybe here at home we can find the answer to this state-wide problem. We know there is something wrong. We should find out what this is and then try to correct it. What is your answer?

VIGNESS NAMED ON ALL-CONFERENCE TEAM BY COACHES

Lincoln High School Star Is Unanimous Choice for Left Half

Les Vigness of Thief River Falls and Pete Simonson of Grand Forks were the only unanimous choices in the poll taken of the league's coaches to determine an all-conference team. The circuit's six coaches—John Lindenmeyer of Thief River Falls, Ed Bohnhoff of Grand Forks, Warren Johnson of Crookston, Harold Sullivan of East Grand Forks, and Charles Frissell of Devils Lake—all gave first team votes to Vigness and Simonson, giving the two boys a total of 12 points.

Near unanimous selections were Jim Bischke and Louis Kingsbury of Grand Forks, and Joe Manske of East Grand Forks, each of whom polled 10 points. Cy DuCharme of East Grand Forks and Andy Carey of Crookston had 10 points apiece. Tony Hughes picked up 8 points, while Wes Sibourin and Dick Risberg earned 7 points each. Crookston's Al Bakken won three first team votes for six points.

Sibourin of Grafton, Risberg of Crookston, and DuCharme of East Grand Forks are the juniors on the first team, the other players all being seniors.

Lincoln High Football Letter Winners Guests of Lions Club Wednesday

Members of the Lincoln football squad who won letters this year, together with Coach John Lindenmeyer and Supt. Phillip L. Fjelsted, were guests of the Lions club at its luncheon meeting Wednesday noon in the Palm Garden Cafe. The players were introduced by Coach Lindenmeyer, who briefly discussed the past season's record. Mr. Fjelsted discussed the significance of American Education Week, currently being observed and called attention to the critical shortage of competent teachers thruout the United States.

Fire Damages Awning at Northern Chevrolet Co.

A blaze early Tuesday evening, believed to have originated from a carelessly thrown cigaret, badly damaged the awning and cracked a display window in the Northern Chevrolet garage. The fire department, which was called to the scene, also was summoned earlier in the day to 504 Horace av. N., where a rubbish and grass fire developed.

Pleasant Fall Weather Prevails During Week

The weather man during the past week has been the subject for many complimentary remarks as an ideal brand of fall weather prevailed with clear skies each day. The high temperatures recorded for the week was 48 Wednesday afternoon, followed by 41 Tuesday while the low mark of 27 was recorded Saturday morning.

Rail Quiz

Great Northern Railway consistently held a top-ranking position among the nation's railroads in employe purchase of war bonds. How much did this amount to?

From August, 1942, to October, 1946, employes bought through the company payroll allotment plan bonds totaling $18,637,262 at issue value and $24,640,250 at maturity value. This doesn't include purchases made directly from other issuing agencies, such as banks.

Coach Ed Bohnoff's powerful Grand Forks Maroons won the North Valley Conference football championship Friday afternoon by trouncing Devils Lake, 32 to 0, in a Homecoming game at Grand Forks. The win, the fifth straight, carried the Maroons through an undefeated schedule in conference play—the closest the champions came to being defeated being the 6 to 2 score by which they edged out the Prowlers here early in the season—but the squad will not put away their suits for another week as they have a North Dakota state title game in the offing, playing the Mandan Braves.

The Prowlers, in the other conference game on the week's schedule, turned back the East Grand Forks eleven, 13 to 0, in a bruising Homecoming game on the Lincoln field Friday night. The victory gave the locals a record of two wins and one losses in conference competition, and moved the Prowlers into a deadlock with East Grand Forks, for third place.

The Prowlers captain, Les Vigness, scoring a third period touchdown against East Grand Forks, won the conference individual scoring honor, having a total of 48 points. Les was hard-pressed by Grand Forks' Jim Williams, for the Maroons' quarterback, scoring a touchdown and two extra points against Devils Lake, came up with a total of 45 points, to trail the Prowler speedster by only three points. In third place, with 32 points, is East Grand Forks hard-driving Cy DuCharme; while Grand Forks' Jim Bischke and Carl Morken were tied for fourth place, each with 30 points.

Defective Oil Burner Causes $1,200 damage

The house owned by Dr. Edward Bratrud at 224 Merriam av. N. Sunday afternoon sustained soot and smoke damage estimated to total $1,200 when the oil burner in the furnace got out of order. The floor of the furnace room was flooded with oil, which ignited, creating intense heat and fumes, making it necessary for members of the fire department to wear gas masks. The temporary occupants of the house were absent at the time, and their dog confined in the basement, was suffocated.

Be Careful, Fellows

From all appearances, and judging by the lineup that has formed in County Auditor Art Senstad's office, the army of hunters that will beout after venison on Saturday will be the largest ever.

We have been fortunate in this vicinity the past several years in that there haven't been any serious hunting accidents, and if the boys are careful the next ten days and don't draw a "bead" on anything but game, we'll continue that fine record. Much of the hunting around here especiall in the thickets west of town and along ditch twenty, will be of the "drive" type and that means that the "beaters" will be moving through the woods. Take your time, and be sure it's game before you pull the trigger.

Reports indicate that there are numerous deer around here, and that hunting the first few days should be excellent. Later on during the season the deer will have headed for swamps and big timber, and it will take hard hunting to fill a limit.

Big Re-building Job

Of the six coaches in the North Valley Conference, the Prowlers' John Lindenmeyer has the biggest rebuilding job to do in basketball. Ray Flom at Crookston and Glenn Hubbard at Grand Forks appear well-fixed with veterans. The fact is, Flom can start an all-veteran team for the Pirates, having Carey Wheelhouse, Hafterson, Youngquist, Madson, and couple of other lettermen on hand. Crookston has been rated as a district and regional favorite.

Hubbard, back from the army, has taken over the Grand Forks coaching position again, and with the material the Maroons have available, Grand Forks will be a conference threat. Grafton, with eight lettermen reporting, will put one of the largest teams on the floor, and George Heen's five may be the "dark horse" entry in the conference race. Such boys as Hank Newzard, Wes Sabourin, Dewey Fisher, and Jim Sevigny, plus the returned navy veterans, Al Johnson and Rudy Burns, won't be push-overs.

Coach Lindenmeyer has been holding practice sessions this week preparntory to selecting a varsity squad. Don Engelstad, Glen Magnuson, Marlow Davidson, and Chuck Troland are the only boys from last season's traveling squad that are back for this year's play. Ronnie Hanson, who appeared to have won a place as a regular last year until he was forced out of basketball because of a physical ailment, is improved this year and is making another try. Donnie has the size that the Prowlers need for their backboard play. Dick Borreson and Bob Olson are couple of boys with the ranginess and size that can be used on a basketball squad, but they haven't had much experience, so it will take some time for them to work into the Prowlers type of play.

Seeing is Believing

It must be fun, such a mess of big pike that your friends, even when they see the fish, can hardly believe their eyes. And that's what happened to Bill and Ray Parbat and Johnny Anderson last week. The trio, fishing the Rainy river north of Baudette, caught their limit of wall-eyed nike and what pike they were! The largest pike weighed 11 pounds four others were in the nine pound category, and there were eight, seven, and six pounders. The runt, and there was only one of those, weighed 2½ pounds.

ROSEAU LUTHERAN CHURCHS PLAN HOME FOR AGED

Rev. T. C. Hanson Is Elected Chairman of Organizing Committee

Prospects for a home for the aged in Roseau county became much brighter on Thursday of last week when the articles of incorporation of the Lutheran Benevolent association of Roseau county were signed and filed.

This action was the result of a series of meetings by interested laymen and pastors of the Evangelical Lutheran Free and Lutheran Augustana Synod churches in Roseau county. When funds and conditions make it possible, a home will be established in Roseau to serve as far as possible, the needs of the aged in the county.

The home will be operated exclusively as a charitable, benevolent and non-profit institution.

Since no person shall be excluded for admission to the home by reason of race, sex, religious belief or nationality, the association hopes that many church and civic organizations will respond to the appeal that this type of welfare work presents.

Pending the annual meeting in February, the following were elected at a recent meeting to serve as an intrim board of trustees: Rev. T. C. Hanson, chairman, Roseau; Dr. David O. Berge, vice-chairman, Roseau; Edgar O. Weld, secretary, Roseau; Wm. Nyheim, treasurer, Roseau; Albert Kvien, Pinecreek; Wm. Gorden, Greenbush; Ole O. Lee, Ross; Emil Olson, Malung; Wm. Mervin Warriad.

Northwest School of Agriculture Observes Armistice Day Nov. 11

Veterans organizations, Company I of the Minnesota National Guard, and the Northwest School of Agriculture, Crookston, cooperated in an Armistice Day memorial program held at the Northwest School on November 11.

The Ninth district commander of the American Legion, Howard Balk of Bagley, gave the address. Commander Balk, a veteran of World I and an alumnus of the Northwest School, spoke on the subject "Our Country". Superintendent T. M. McCall paid tribute to the Gold Star boys. Miss Winnifred Erickson sang "O Divine Redeemer," by Gounod accompanied by Miss Ruth Emerson.

David Lundberg of Kennedy, president of the senior class, placed the wreath on the soldiers' and Sailors' monument. The student procession to the monument was led by the color guards from the Crookston posts of the American Legion and Veterans of Foreign Wars; the salute was fired by a squad from Company I of Crookston.

Roseau Co. Men Attend Meeting Monday Night of Toastmasters Club

Two Roseau men and one from Warroad were among those in attendance at a meeting of the Northland Toastmasters club Monday evening in the Rex Cafe. The visitors, M. D. Tyson and Arnold Hildahl of Roseau and Earl Chapin of Warroad, were here to get information with a view to organizing a similar group at Roseau. Wallace O. Carlson presided as toastmaster of the program, and talks were given by Tom Peck, Ernest Hellestad and Russell E. Olson.

TRAFFIC DEATHS HIGH IN OCTOBER

Pedestrians Toll for Month Worst in Years

October traffic deaths in Minnesota, second highest in any month since 1941, were quickly obscured by the death of ten persons on the first Sunday in November, the largest number in a single day in many years. State traffic officials fear a record breaking toll of deaths and injuries this month unless more motorists will observe this simple fundamental rule:

Control your speed according to road and traffic conditions so that you can always stop safely in the space you can see clearly ahead.

Fifty-nine deaths due to motor vehicle traffic accidents in October have been reported to the state highway department. This was 10 more than in October last year and brought the 1946 total to 408 compared to 349 in the same months in 1945, and 615 in 1941.

Twenty-three of the October victims were pedestrians, the largest pedestrian toll in any month in several years. Five of the pedestrians killed were children under ten, four were between 10 and 60, and 14 from 50 to 89 years old.

Six of the pedestrians killed were victims of hit-run drivers. Some of these lives might have been saved if the drivers had stopped and given first aid or summoned police or medical aid.

Pedestrians were not all blameless. Two were hit while in a fist fight on a rural road at night. One was walking in the middle of the road at night. Three ran into moving vehicles. Some of the others were crossing streets between intersections.

Twenty persons were killed in collisions of motor vehicles and 8 in cars that ran off the road and overturned or struck fixed objects.

N. W. Aggie Football Team Wins Championship

The Northwest Aggie football team from the Northwest school of Agriculture at Crookston closed its season on November 8 with the championship and an undefeated season. Games were won from Warroad, Roseau, Fosston, Mahnomen, Crookston Cathedral high schools and Walsh County Aggies. Park River, N. D. and West Central Aggies from Morris in the agricultural school conference. The Northwest Aggies piled up a total of 212 points to a total of 24 for their opponents. The Aggies in their closest encounter defeated the West Central Aggies by a score of 20-18. Jamestown of North Dakota Valley was co-captain of the 1946 team.

Steiner Youth Places Second in Statewide Health Contest Oct. 30

Maurice Russell, son of Mr. and Mrs. Kenneth Russell of Steiner community placed a close second out of the ten boys and girls selected throughout the state of Minnesota to enter statewide health contest held at University Farm, St. Paul, on Wednesday, October 30, it was announced today by Elsie O. Hanson, 4-H club agent.

Due to the cancellation of state fair when a health king and queen is selected from all county contestants, a small contest was held at University Farm.

Five girls and five boys with outstanding health records were selected from the 87 county contestants to take part in this statewide contest.

PUBLIC OPINION

Editor of the Times:

We wish to take this opportunity of expressing our gratitude to the Civic and Commerce association and the business men of Thief River Falls for the splendid way in which they helped to make the sale of baby beeves at our County 4-H Achievement day the great success it was. The prices we received for our livestock were so much more than we had expected, that we shall always be most sincerely grateful to you folks.

We also wish to express our appreciation and thanks to County Agent Ernest A. Palmer, Elsie Hanson, and the members of all committees and organizations who worked so diligently to make the sale a success.

COUNTY HIGHWAY ENGINEERS AT U

Five-day Meeting Will Commence December 9

Minnesota county highway engineers will assemble at the continuation study center at the University of Minnesota December 9 for a five day course of intensive study of current highway problems.

Subjects to be covered in the course include bridge construction and maintenance, accounting, administration, and soils, design and construction of highways. Consideration will be given to problems in connection with the federal aid secondary highway program being carried out under the terms of the federal aid highway act of 1944. Instructors will be furnished by the college of engineering of the University of Minnesota and the state highway department.

Classes will continue throughout the day, Monday to Friday. M. J. Hoffman, commissioner of highways, will speak Monday evening, December 9. Charles R. Upham, engineer-director of the American Road builders association, Washington, D. C. will speak Tuesday evening. Thursday evening will be devoted to a business session of the County Highway Engineers association. Howard Bunnard, Marshall, is president of the association and E. S. Ward, Willmar, is chairman of the institute committee.

APPRECIATION

I wish to express my sincere appreciation to all voters of Marshall County who supported me in the recent campaign for re-election. And especially the eastern part of the County who gave me such overwhelming vote of confidence. I will endeavor to serve you as County Auditor impartially and to the best of my ability.

Sincerely,
Levi. C. Johnson

An Appreciation

A cordial expression of a sincerest "Thank You" is extended to the voters of the Fifth District, in electing me as their Commissioner for the next term.

To you all, I pledge to be fair and impartial throughout the entire district and so to merit the confidence placed in me.

Very Sincerely,
Sofus H. Bjertness

To The Voters of Marshall County:

I wish to express my sincere appreciation to the voters of Marshall County for the generous support accorded me in the election last Tuesday. While I did not quite make the grade, I nevertheless appreciate the support and work done in my behalf by friends and supporters in all parts of the county.

Sincerely,
Ervin R. Vansickle

Appreciation

I wish to express my sincere appreciation to the residents of Marshall County for their generous support at the General Election on November 5th. I shall endeavor to merit your confidence in the conduct of the office of Clerk of Court to which you have elected me.

Sincerely,
Edwin K. Rokke

To the Citizens of Marshall County:

Please accept my sincere thanks for the confidence you have shown in me by again returning me to office without opposition. I appreciate this greatly.

I shall at all times do my best to fulfill the obligations of this office faithfully.

Sincerely yours,
H. M. Hanson

Prominent Marsh Grove Farmer Passes Suddenly Away

The entire community was shocked to hear of the sudden death on Sunday afternoon of Paul W. Gust at his farm home in Marsh Grove Township. Mr. Gust had been suffering for several years with a heart ailment, but had been feeling exceptionally well this fall, he had made several trips to town driving his car himself and was seen able to do a few odd jobs about the place. On Sunday he seemed to be in his usual health and after dinner sat smoking his pipe and reading the paper when he was suddenly stricken and passed away immediately. He was about 65 years old. Funeral services will be held from Redeemed Lutheran church on Thursday afternoon at 2 o'clock. The obituary will be published next week.

Legion Carnival Huge Success

The Legion and Auxiliary carnival held at the high school auditorium last Friday evening was a financial and social success. A very large crowd attended and were liberal with their money. Winners of the turkey raffle were Maynard Nelson, who won the ham and Oscar Thompson the chicken. The door prize, a new all wool army blanket was won by John Taylor. Gate receipts were $645.25, beauty parlor $4.00, dart throw $21.60; mouse game $26.10; basketball $22.55, baseball $22.30; fish pond $26.45, turkey raffle $187.00, bingo $136.73, auxiliary lunch room $711.60 making a grand total for the evening of $968.68. Of course expenses are rather heavy, but it is expected that there will be a net profit of about $150.00.

Clubhouse Nearing Completion

The Legion Sportsmen club-house which was started a short time ago is coming along fine. With a crew of members working every day it has gone up in a hurry. A cement water wall and an inner wall with insulation between has been finished. It is hoped that some material will be obtained to finish the outside wall before winter. The inside finish and floor will be very hard to get and it will no doubt be left unfinished on the inside at present. Although it will not look so nice it will be finished it will be warm and dry and will be a dandy meeting place for the two clubs.

MOTHER NATURE STILL ACTING A LITTLE QUEER

In St. Louis Park, populous Minneapolis suburb, a lilac bush was in full bloom October 30. Growing out of one nabbin in a New Ulm cornfield was a perfectly normal ear with a crown of seven small ears clustered around the butt like an umbilicus. Chaden did even better than an 8-in-1 ear of corn with an "octopus carrot—big one with ten little ones twisted around it weighing almost four pounds.

Class Play to be Given Here

A three act comedy, "Million Dollar Cook", junior class of the Goodridge high school will be given at the Gygla hall on Saturday evening, November 23. The cast is as follows:

Madge Talmadge (Joyce Kuiseth), a young looking and sweet woman of 45 doesn't realize her son Glenn (Gordon Bratenq) has grown up. He's about 25, his brother Alexander (Ronald Buchols) is 17. Alexander tries his best to *get along with his cousin* Tucker (Lloyd Wiseth) age 17, who is a lone wolf, but later shows what he really is. His mother is Inez (Doris Johnson), age 35, who is Madge's younger sister. Inez rather likes Gladys (Goldie Habedank) age 25, who is Glenn's young wife. She is one of the first to fall under the spell of Annie Bassett (Lorna Salveson) the new cook, about 65, who is amused by Lura Scudor (Alvina Askeland) the outgoing cook, who is about 40. Freda Borden (Eileen Sund) is a girl-next door, about 17 secretly in love with Tucker and tries to find out if he feels the same toward her. Kathryn Beck-Smythe (Arda Ekwall) is a superior acting woman of 40. Her daughter is Flora (Ruby Burstad) a spoiled darling of 17.

Sandsmark-Sorenson

What's that? A paper company telling you *not* to cut timber? That's right. That's what we're telling you—and we have lots of other things we want to tell you about cutting timber.

We want to show you how to make money *every year* from your woodlot, how to make your trees grow rapidly, how to save soil (valuable topsoil can't be replaced), how to mark your trees, how to cut "selectively," how to save your woodlot for the family in the future.

Your county and your state also want to help you practice proper woodlot management. Ask any county agent, state or federal forester, or a representative of Minnesota and Ontario Paper Company to assist you.

They'll do it freely, cheerfully.

INSURE—
Your Income

Today you are well, but tomorrow . . .

Do you know that one person in eight will be injured this year? That one in six will be taken seriously ill? What would happen if you were the unlucky one? Accidental injury or illness stops income and doubles expenses.

I have a policy that will insure your income—a policy that costs only a few cents a day with benefits unusually liberal.

Let me tell you its remarkable advantages.

THERE SIMPLY ARE NOT ENOUGH NEW CHEVROLETS TO GO AROUND

We are getting our fair share of the current production of new Chevrolet passenger cars and trucks. And as strikes and shortages decrease, as the Chevrolet plants are able to produce more and more new passenger cars and trucks, we'll get more and more of them to deliver to our customers.

Meanwhile, as long as shortages do exist, it is our purpose to apportion our share of the new Chevrolets available fairly and justly among the many customers, new and old, whose continued friendship and patronage are the keystone of our business.

So that you may have no doubt as to our method of distribution of new Chevrolet passenger cars and trucks, we make the following—

DECLARATION OF POLICY

1. PRIORITY OF DELIVERY—New Chevrolet cars and trucks will be apportioned on the basis of: (1) essential public services, (2) veterans' occupational requirements, (3) priority of date in placing orders.

2. PRICES—All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.

3. TRADE-INS—No trade-in will be required from any customer who does not have a car to dispose of at the time of the transaction. Customers who do have cars will be given allowances based on honest appraisal and fair value at the time of delivery.

4. ACCESSORIES—No customer will be asked to purchase accessories as a condition of securing delivery.

5. STATUS OF ORDERS—Customers will be informed, upon request, of the true status of their orders in our files.

6. NEW ORDERS—We welcome your order for a new Chevrolet at any time.

WE THANK YOU FOR YOUR PATIENCE AND LOYALTY IN AWAITING DELIVERY OF YOUR NEW CHEVROLET

TECHNOCRACY

The Next Step

THE design for the America of tomorrow must be a scientific design. Our sole purpose must be to produce all that the people of America need to maintain a high standard of living, and see that it is distributed. This cannot be done on a price and profit basis. Such an abundance of goods must be measured and not evaluated. Since money is failing, its function must be replaced by a scientific unit of measurement, and this is provided in Technocracy's Energy Certificate.

This is the next step in the evolution of society on the North American Continent. It is a change of social operation which we must be prepared to install in the very near future, or face the certainty of social chaos.

Industry as a whole has moved steadily onward from primitive hand tool methods to the mass production methods of today. Only our social system has remained at a standstill. What's the matter? Are we so enamored with outmoded social institutions that we do not want to change? Or are we afraid to change?

It would be better for America if we were afraid NOT to change; for if we do not change—and quickly—then disaster lies ahead. We must choose NOW whether our invisible army of 1 billion 60 million horsepower of installed technology is to be our master, a Frankenstein monster that can destroy us, or a willing slave that can give Americans the highest standard of living ever known to mankind.

The choice is yours, and you must make it very, very soon. —12834-1.

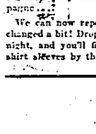
THANKS TO THE VOTERS

My sincere thanks to the voters of the 65th Legislative District for re-electing me to the State Senate. In view of the fact that I was able to devote but little time to active campaigning, the comfortable margin by which I was elected is especially gratifying.



As your state Senator I will try to serve fairly and impartially the interests of all groups and communities in the district. The next session of the Legislature will open in January. If there is any special individual or community business that should receive attention during this next session I will appreciate it very much if the details of such matters are given to me before the first of the year.

Your expressions of opinion on matters pending before the Legislature will be welcome at all times and will be carefully considered.

I will try to deserve your confidence.

From where I sit ... *by* Joe Marsh

How to Handle a Fortune

Some months ago I reported in the *Clarion* how Mel Hale's aunt died up north, and left him a tidy fortune.

Naturally, our town was curious to see how Mel would spend it: Traveling around the world . . . settling in a new house or car . . . wearing fancy clothes . . . or dining and dancing on gold pheasant and champagne.

We can now report, Mel hasn't changed a bit! Drop in on him any night, and you'll find him in his shirt sleeves by the fire, chatting with the Missus, sharing a mellow glass of beer with friends.

From where I sit, Mel has learned the art of handling money—as well as handling people. You don't let cash-in-the-bank push you around any more than you let people push you around. If you like the simple, homey life; companionship and quiet ways; a glass of beer and friendly talk—that's worth a fortune, after all!

News of R. R. Valley Home for the Aged

We acknowledge with thanks the receipt of supply of surplus food from the Ladies aid society of the First Lutheran church Wednesday of last week.

Gilbert Moe of Bemidji spent last Tuesday and Wednesday here on a visit with members of his family.

John Haaven of Plummer was an over night visitor here Wednesday.

Our dining room was brightened last week with a supply of cut flowers coming from the funeral of Mrs. H. B. Waldorf.

Mrs. Alpha Kjorvestad arrived here Thursday for a visit with her mother, Mrs. Oline Sortland returning to her home in Grand Forks, Monday. Her Sunday dinner treat of cake and ice cream to our entire family was justly appreciated by all.

Rev. E. F. Rabine returned here last Tuesday following a months sojourn on the west coast, principally Seattle, Washington.

Our auditorium consisting of combined lobby and dining room housed a capacity crowd Thursday evening when the reception following the wedding of Kermit Ranstom and Miss Barbara Harris was staged here.

Mrs. Gilbert Moe left here Friday night on a trip to the twin cities, Anakuto and other places intending to be absent for an indefinite period while seeking continued medical aid for an ailing eye and visiting with members of her family.

Elmer Vraa of Goodridge was a caller at the home Saturday.

A home for the aged board meeting was held here Thursday with a fair attendance of board members, considering routine matters of the institution. Among special matters taken up, it was decided to open a term of Bible school in January to be conducted in the home. Among the out of town people here for the meeting were Rev. Chisholm and Mr. Struck of Karlstad, Rev. and Mrs. D. L. Dunkley of Lancaster, Wetterlund of Roseau, Mr. and Mrs. Leonard Olson also of Roseau and Rev. Larson of Alvarado.

Anton Anderson of this city is a new member of our happy family, having taken up his residence with us this week.

Mrs. Martin Hoverstad called here Saturday for a visit with her sister-in-law, Carrie Hoverstad, Mrs. Hoverstad has recently returned to this community after an absence of three years spent on the west coast.

Hans H. Peterson returned to the home Saturday after a few days stay at his old homestead east of town, now known as the Rupprecht farm.

Mr. and Mrs. Emil Johnson had as guests last week the former's son Carl Johnson and wife from Strandquist, and later Mr. and Mrs. Clarence Cook and daughter from Newfolden. Mrs. Cook is a daughter of Mr. Johnson.

Rev. Alf N. Larson was absent part of the day on Sunday being out-to meet with the people of Alvarado.

Unexpected and unannounced but by no means unwelcome a group of young ladies presented us Monday evening with a formidable contribution to the religious activities of our home with a number of well rendered songs and Christian testimony. We appreciate the visit and look forward to the next. The group consisting of the Misses Judith Wold, Viola Bredeson, Lenore Jorgenson, Alice Wold Esther Hallan, Florence Norell and Gladys Wold are dated to appear here again Monday evening.

Memorial gifts received during the past week consist of one in memory of C. Bernard Larson of Holt given by friends of that community and others; one in memory of John Lind of Gonvick, given by Arthur Gunderson and family, and one consisting of a case of Rogers silverware given in memory of E. J. Erickson by friends and relatives in the Roseau community. The Home appreciates the favor shown at these occasions. Many thanks.

GROWING WITH YOUR CHILD

How Movies Affect Emotions

Two investigators studied the emotional reactions of a group of children to scenes of danger and conflict, and to scenes of romantic love. They found real differences in the reactions of children and grown-ups to such scenes. The adult is least affected by danger scenes because he knows the scenes are unreal, and he is better able to predict the outcome. These scenes affect children from 9-12 years of age most. Children aged 13-18 fall in between adults and younger children.

For the love scenes the outcome is different. The 9-12 year-olds are least concerned, probably because they remember only half to two-thirds of what they see, and may misunderstand what they do see. By age 13, children respond emotionally to love scenes, with most response occurring about 16 years. Adults tend to respond less markedly than do adolescents.

The investigators point out that there are wide individual differences in the reactions of children. One boy of 9 years responded to all the love scenes but one; some 16-18 year-olds showed little reaction. Even in adults there are wide individual differences in emotional response to movies.

Many children have fear reactions upon seeing certain movies. In one study nine out of ten children in the fourth to seventh grades said they had been frightened by movies. Six out of ten in a high school group said they had been frightened. During the picture, children may bite their nails, crunch teeth, feel shivery, hide their eyes, scream or jump out of their seats. Often on the way home they avoid dark streets, run, or hold onto each other in fear. Usually such reactions disappear within a few hours or a day. In some children, fears may continue for a long time, disturbing sleep, and affecting study or play.

The wise parent will not be unduly concerned over children whose fears quickly disappear, but will give careful supervision to the movies seen by children who are easily disturbed.

"Walkie-Talkie" Ideas In New Hearing Aid

A new kind of hearing aid, using inventions made during the war, is now helping hundreds to hear. Its main features are peanut-size tubes and tiny, powerful batteries first used in walkie-talkies, radar and other war instruments. This new aid fits in the palm of your hand. It needs no battery pack, battery case or awkward, bulging harness for you to wear. The tone is brilliantly clear, strong and true . . . and the cost of upkeep is amazingly small. You can get a free booklet that tells about this new invention by writing Microtone Sales Co., 902 Marquette Ave., Minneapolis 2, Minn. They will also explain how you can get a thrilling demonstration of this instrument in your own home without any obligation at all. Write them today.

CAST ANNOUNCED FOR JUNIOR PLAY FRIDAY, NOV. 22D

Young Actors to Present "And Came the Spring" in High School Auditorium

The three-act comedy, "And Came the Spring", by Marrijane and Joseph Hayes, will be presented by the junior class of Lincoln high school in the school auditorium Friday, Nov. 22, at 8:00 p. m.

The play tells the sprightly story of the Hartman family and their comic but sometimes poignant experiences during the hectic week of spring vacation climaxed by the spring prom.

Exuberant and gay, yet at times sad and bewildered, Midge, played by Alice Lind, finds herself in the throes of first love. She thinks nothing of starting whirlwinds and even tornadoes to impress Buzz Lindsay, (Loren Borsheim), the gentleman of her choice *who is in love with Midge's* older sister, Virginia, played by Jeanette Grinde.

Midge blithely threatens the business success of her father (John Gullingsrud) and the social position of her mother, played by Barbara Kaya. She disrupts the well-planned life of her brother, Elliott (Gordon Odegaard) so that he turns his attention from the tragic novel he is writing to the charms of the glamour girl from New York, Carollyn Webster (Norma Torgerson) who is visiting his sister Virginia. Thus he becomes involved in a fight with his rival for her affections, Keith Nolan, played by Allen Hanson.

Everyone who enters the Hartman house becomes involved in the tangled meshes which young Midge weaves in order to accomplish her heart's desire, but good for them all results at last, for each girl goes to the prom with the partner of her choice. Even Midge herself is led off in triumph by Alan Fields, (Phillip Jenson) son of that henpecked personality, Mr. Fields (Allan Hitterdal) and his indomitable wife, played by Patricia Long.

Clancy, the gardener, (Hewitt Plom) elopes with the Hartman's *pert little maid Edna (Arlene* Williams). Gabby Allen and Freddy North (Phyllis Stsen and Paul Sponheim) Midge's fun-loving companions, assist her in complicating the situation while Virginia's athletic friend, Christine Myers fumes over the situation. Through it all Maynard Wedul, as the messenger boy, rushes in and out delivering telegrams, orchids, and what not.

Miss Helen Movius directs the play with Patricia Lane as student assistant and Mavis Guttu and Evangelyn Iverson acting as prompters.

NO FOOLING—HE NEEDS IT . . . Rickford Ray Schmidt, 10 days old, isn't fooling about that toothbrush he is wielding—he really needs it! Ricky was born with that tooth, and three more on the way. Minnesota Blue Cross Hospitalization Plan Membership Increases

Continuing the rapid growth shown in the first half of the year, the 87 Blue Cross (hospital service) plans of the United States and Canada added 1,258,225 members to their rolls during July, August and September to bring total enrollment on October 1 to a new peak of 24,390,763, C. Rufus Rorem, director of the Blue Cross Commission, to-ordinating agency of all non-profit Blue Cross plans, announced today.

The quarter's growth exceeded all previous third-quarter enrollment figures. Total enrollment for the year to date stands at 4,401,656, a figure which tops all previous growth records for an entire year.

Keeping pace with material Blue Cross growth, Minnesota's Blue Cross plan enrolled 68,487 subscribers during the first nine months of this year—nearly double the number enrolled during the first nine months of 1945 when 35,264 persons were enrolled. In September alone 6,704 persons became new subscribers as compared with 3,582 in 1945, it was reported by Arthur M. Calvin, executive director of the Minnesota plan.

"Total enrollment in the Minnesota Blue Cross plan has spiralled to a record high of 728,219 subscribers, an increase of 68,487 in the past nine months" he said, "and the Twin Cities lead this year's increase with 47,562 enrolled, as compared with 20,925 enrolled elsewhere in the state.

REP. HAGEN WINS BY 21,876 MARGIN

Receives 49,782 Votes to 27,906 for Nelson

Gaining a majority in 44 of 16 counties in the district, Representative Harold C. Hagen was reelected to Congress for his third term by almost 22,000 votes, the largest margin ever given a winning candidate in the history of the Ninth District.

Unofficial but complete returns gave Representative Hagen a margin of 21,876 votes over his Democratic-Farmer- Labor opponent, Verner Nelson newspaper publisher of Underwood. The only county carried by Mr. Nelson was Clearwater where his margin over Hagen was 196 votes.

The unofficial totals were: Hagen, 49,782; Nelson, 27,906.

THE FLOWERS THAT BLOOM IN THE FALL, TRA LA

An easter lily was in full bloom in early October in a Red Wing garden, and a week later Monticello reported a similiar phenomenon. Roses bloomed at Chaska, lilacs at Pine Island and Morton. The very last week in October found May flowers in bloom in a Faribault garden, and apple blossoms perfuming the the autumn air at Sherburn.

VETERANS ADVISED ON GI INSRANCE

Urged to Keep Premium Payments Within Means

Minnesota veteans are showing undue preference for the higher plans when they convert their G. I. term insurance into permanent government insurance, Paul T. Gray, in charge of the Veterans administration at Thief River Falls asserted today.

Analyzing reports of insurance converted during the first 15 days of October, Mr. Gray said veterans converting to the relatively high premium 20-payment life plan retained an average of only $4,200 of the possible maximum $10,000, whereas conversions to the lower premium 30-payment life plan showed an average of $5,378 retained.

These figures indicate that high premium plans sometimes are chosen at the sacrifice of protection, Mr. Gray added, urging veterans to choose premium plans which will give them maximum protection and still keep premium payments within their means.

Advice on choice of an appropriate plan can be obtained at the nearest VA contact office or from the veteran's insurance agent.

Little Sugar Used in Alcoholic Beverages, OPA Official Reports

Only one-fifth of one per cent of the sugar used by civilians is allotted for the manufacture of alcoholic beverages, James S. Lamb, director of the Fargo-Moorhead OPA district, stated today, reassuring consumers whose use of table and canning sugar has been limited by the world-wide sugar shortage.

The question of the amount of sugar used by breweries, wineries, and distilleries has been raised by persons who feel that sugar so used should be distributed for home consumption, he explained.

These industrial users, as most others, now receive only 60 per cent of the amount of beet and cane sugar they used in 1941. As corn sugar, corn syrup, and non-rationed cereal sugars and sugar substitutes have always supplied the bulk of sweetening agents used for alcoholic beverages, the base use of beet and cane sugar was small and thir present use, even less, according to Lamb.

REACHING FOR RECORDS

Franklin Miller, secretary of the Chisholm Chamber of Commerce, recently entertained the flu bug and as a consequence missed his first Chamber meeting in more than 16 years. Who has a better attendance record to what? The Elk River Star News is proud of the record of Aron Peterson, for 60 years a paid-in-advance subscriber. Any challengers?

Many Handicapped Find Jobs During Campaign Conducted in October

Minnesota employers took seriously the slogan, "Hire the Handicapped—It's Good Business," during the state's observance of National Employ the Physically Handicapped Week, says Dreng Bjornaraa, state director of the United States Employment Service.

During October, which included NEPH Week, Oct. 6-12, they hired 648 handicapped persons. This is more than double the monthly average.

The 648 placements were made up of 611 men, of whom 439 were veterans and 37 were women.

Largest group was reported by Minneapolis where 180 handicapped persons found jobs, and of that total 110 were veterans. In St. Paul placements were 113, with 79 veterans. Duluth found jobs for 75, of which 65 were veterans.

It Never Hurts to Ask for "BOTANY BRAND 500"

Tailored by Daroff

$50

The *worst* you can get is a polite "Sorry—we have no 'Botany's' today—try us again soon!"

And, of course, a "Botany Brand 500" Suit or Topcoat is the *best* you can get. The *very* best at the price, in fact—for only the most unique merchandising set-up of the day can bring such a wealth of impressive styling, fit, and rugged, happy wear at such reasonable cost.

Under present conditions, your best chance of getting a "Botany Brand 500" Tailored by Daroff, is to come in early. We *are* getting our share and we *may* have something in your size.

Germans Lost 781 Subs During War; Final Score

WASHINGTON, D. C. — The final score of Axis submarines sunk during World War II puts the fig ure at 781, of which 781 were Nazi craft, 128 Japanese and 85 Italian.

The figures were made public simultaneously in Washington and London recently by the navy department and the British admiralty.

Of the German U-boats sunk, British forces accounted for 624 and the United States 174. United States forces destroyed 119.5 and British 9.5 Japanese submarines, the staff credit representing joint operations against one submarine. British sank or sent down 68 Italian submarines. American forces 4.

"Other" or "unknown" causes accounted for the remaining 83 German, 10 Japanese and 13 Italian submersibles.

Russia Asks City Folks to Raise Cattle, Poultry

MOSCOW. — The council of commissars, in a step to increase food supplies, announced recently that it would encourage cattle breeding, poultry raising, and beekeeping on a wide scale in Russian cities. Local authorities have been told to render all assistance by supplying grazing grounds, equipment, machinery, and skilled advice. This move to encourage town dwellers to raise their own food supplies follows a campaign announced recently by trade unions to develop and extend "victory gardens."

Bulk of State Veterans Now Attending College Are at 'U' of Minnesota

Approximately two-thirds of the World War II veterans attending colleges and universities in the state of Minnesota under the G. I. and rehabilitation bills are enrolled at the University of Minnesota, this fall, R. E. Summers, dean of admissions and records at the University, reported in a registration summary today.

Of the state's estimated total of 25,908 veterans now receiving a college education in the state under veterans" educational benefits, 16,428 are enrolled at the University, Summers pointed out. The veterans include 15,748 men and 680 women.

Most popular college of the University with both men and women veterans is science, literature and the arts, where 4,973 of the men veterans and 255 of the women veterans are registered. This college includes many pre-professional courses.

P. T. A. Meeting

The P. T. A. meeting will be held Friday evening at the school house in the form of a parcel social and an evening of entertainment for an old and young. Each lady is requested to bring a parcel with her name in it, which will be auctioned off during the evening. That man and lady will then receive free lunch. There will be a door prize, and a blanket will be given away to the lucky winner. There will be a fish pond, fortune telling, and other contests. A good time is in store for everyone.

Thanks to Voters

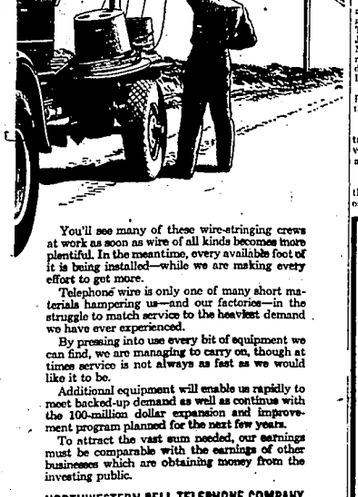
I wish to express my thanks and appreciation to my friends and supporters during the recent campaign.

Marius Waldal

I wish hereby to express my sincere thanks and appreciation to all of you who supported me in the recent election.

Considering the fact that I did not make a single house call in the campaign, the response was very gratifying, as you carried for me the majority of the townships, as well as every precinct in the City of Thief River Falls. Again thanks for this recent favor and the many past courtesies.

Most Sincerely,



Fred D. Lorentson
REGISTER OF DEEDS.

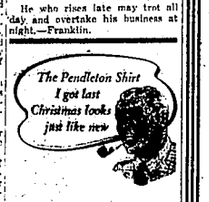
Thank you Voters in Marshall County.

I sincerely wish to thank all voters in Marshall County for the splendid vote accorded me for re-election as your County Treasurer. I trust that I will continue to merit the confidence in the operation of the office which you so emphatically expressed at the polls on November 5th.

Sincerely,

P. E. Kvikstad

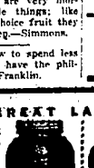
You'll see many of these wire-stringing crews at work as soon as wire of all kinds becomes more plentiful. In the meantime, every available foot of it is being installed—while we are making every effort to get more.



Telephone wire is only one of many short materials hampering us—and our factories—in the struggle to match service to the heaviest demand we have ever experienced.

By pressing into use every bit of equipment we can find, we are managing to carry on, though at times service is not always as fast as we would like it to be.

Additional equipment will enable us rapidly to meet backed-up demand as well as continue with the 100-million dollar expansion and improvement program planned for the next few years.



To attract the vast sum needed, our earnings must be comparable with the earnings of other businesses which are obtaining money from the investing public.

422 Minnesota Game Law Violators Fined in State in October

For violations of practically every game law in the code book, 422 persons were arrested during the month of October and paid fines and costs amounting to near $25,000, E. R. Starkweather, deputy director of game and fish in charge of law enforcement, said today.

The violations included hunting of both big and small game out of season, gunning on refuges, shooting hen pheasants, illegal trapping, fishing and taking wild rice, hunting without license or duck stamp, carrying uncased guns, possession of fur pelts and possession of wild game meat.

Sixty five persons were found guilty of big game violations, shooting or attempting to take deer. Many of the offenders were assessed the maximum fine of $100 and had their firearms confiscated. Starkweather stated that an increased number of wardens have been assigned to patrol deer areas and will remain on such duty through the coming deer season.

Rail Quiz

Didn't the first unlimited patent issued by the federal government die in with railroading?

Yes. Patent No. 1 in 1838 went to a position arrangement for locomotive wheels and rail to mesh for grades. This rog invention was outmoded quickly by a locomotive which started the world by hauling a train up a grade without help of outside cogs or gears.

MUSKRAT, BEAVER SEASONS ARE SET

Short Trapping Seasons Scheduled in December

Trapping seasons for muskrat and beaver were announced by Frank D. Illair, state game and fish director, today.

The muskrat season opens at noon, December 1 and closes at noon on December 16, with trapping from 8 a. m. to 5 p. m. except for the noon opening and closing. All the state, except state parks, game refuges and public shooting grounds, will be open for muskrat trapping.

Muskrats may be trapped in houses or runways if openings are properly plugged by replacing all material removed.

The beaver season will open at noon December 1 and close at noon December 10, with trapping permitted each day of the season from 8 a. m. to 5 p. m. except for the noon opening and closing days. Not more than five beaver may be taken by one licensee.

AIRPORT NEWS

The Flying Service sent a chartered plane on another mercy flight last week, when Gordon Camp flew a polio victim to Minneapolis for treatment. He took the parents down the following day, and returned late at night, flying by moonlight.

Maybe some of the local hunters should take Chris Kierk and his Aeronca to lure their game. On Sunday he and Albert Krankkala flew to Skime and landed on a short field bordered by tall tamarack on the Ched Creighton farm. When their visit was concluded and they came out of the house, they discovered a big buck deer standing right in front of the plane, apparently looking it over. Before he decided to attack or not, he saw the two men approaching and turned and disappeared into the woods.

Bob Frahm who is working for a commercial pilot's rating at the G. I. School at Crookston flies to the local airport frequently.

Gordon Camp flew a group of hunters on a chartered trip to Ashley, N. D. last week.

Walter Ross of Fisher stopped at the airport Sunday morning on his solo cross-country flight from Crookston to Grand Forks and Thief River Falls.

Another G. I. who soloed recently is Bob Michalsky.

Ernie Barzen flew his BT-13 to Minneapolis on Thursday.

Ed Bal and Fred Voth of Holt visited at the airport Sunday.

The new runways are nearing completion, and with favorable weather, they should be ready to use in a few days.

Stress Teaching of American Spanish

U. S. Schools Featuring Latin Pronunciation.

SAN ANTONIO, TEXAS. — Universities in the United States appear to have begun on a larger scale the teaching of Spanish as spoken in Latin America, rather than as pronounced in Spain—reflecting a greater Pan-American consciousness.

Spaniards pronounce the letter "c" before certain vowels with a "th" sound, as in the word "thin." In Latin America, this "th" sound takes on the pronunciation of an "s."

On a recent trip through the United States with Pres. Juan Antonio Rios of Chile, this correspondent was told by Spanish professors in several universities that more emphasis was being given nowadays to teaching Spanish the Latin American way.

The good professors, however, have this problem: No two countries in the Americas speak Spanish alike. Sometimes words used in Mexico are unknown in Peru, and expressions of every-day usage in Chile are not heard in Argentina. The Mexicans carefully pronounce every letter of a word, while some of the genial Cubans frequently overlook entirely the letter "s" except at the beginning of a word.

Latin Americans do not attach great importance to whether North Americans speak with a Castilian or Latin-American accent, though it is not easy for them to understand why many United States schools cling to the pronunciation of Spain. They do attach importance, however, to the idea that foreigners in Latin America should learn Spanish. They are universally kind in helping anyone learn.

Spanish is spoken in all South American republics except Brazil, where the language is Portuguese. Indian dialects prevail in outlying areas of Mexico, Bolivia, Paraguay, Peru and some other countries.

GIRL SCOUT NOTES

(Crowded Out Last Week)

At its annual meeting on Monday, the girl scout council named its personnel for the year. Mrs. L. B. Hartz, retiring commissioner, now will serve in an advisory capacity; Mrs. Chas Vorachek, commissioner, Mrs. Warren Ferber, deputy commissioner; Mrs. Russell Olsen, secretary; Mrs. Otis Weld, treasurer; Mrs. V. D. Berry, organization; Mrs. Tom Peck, camp; Mrs. Victor Jung, training; Mrs. A. J. Berry, registrar; Mrs. Wm. O. King, public relations; Mrs. Robert Lund, program; Mrs. Walter Larson, girl scout supplies and public relations.

Mrs. V. D. Berry, organization chairman, reports that all scout troops are functioning, and have their meeting places and leaders.

Girl Scout Troop 16 will hold an Investiture ceremony at the Community church, Wednesday, Nov. 20, at 7:30 p. m. There are twenty members in the troop, and it is divided in two patrols named Hiawatha and Squirrels. The patrol leaders are DeVera Borchert and Judith Ferber. The troop meets each Wednesday at 4 p. m. at the home of the leader Mrs. W. O. King. Miss Patricia Lane is the assistant leader. Each member of the troop has been busy learning Girl Scout laws and the promises so that she may become a Girl Scout at the ceremony. The troop committee members who are helping to make arrangements for the Investiture ceremony are Mrs. Edna Nilsson, Mrs. Nels Flom, Mrs. Roy H. Brown, Mr. W. O. King, and Mr. William Froiland.

Attention! Leaders and Scribes. Please report news to Mrs. Walter Larson, Publicity chairman.

Pasture Soils

Pasture soils are generally poor because they are too acid for the best growth of pasture legumes or the better pasture grasses. Their improvement requires liming.

GENERAL PTA HELD SESSION FRIDAY NIGHT

Hears Address Dealing with Education by Dr. Breitwieser of N. D. 'U'

In connection with the observance of American Education Week November 10-16, the General Parent Teacher association Friday evening at its first meeting of the current school year heard an address on "Education in a Democracy" by Dr. J. V. Breitwieser of the University of North Dakota.

He pointed out that, unlike other countries, schools in the United States are locally controlled and open to all, and he cited Mexico as a country where backward conditions result from an inadequate educational system. As life becomes more complicated, he said, a longer period of education is required.

The program over which PTA President Milton Zimmerman presided, opened with the presentation of a motion picture stressing the importance of the teaching profession, following which a group of vocal solos was sung by Kenton Mullen, accompanied on the piano by Jerry Joringdal.

In the business session the association confirmed the appointment by the executive committee of Rev. Carl P. Johnson to succeed Mr. Zimmerman as president at the close of the current year, when the latter is being transferred to Billings, Mont. Mrs. Clarence Carlson was elected second vice president.

A resolution was adopted commending the city administration for its efforts to provide recreational opportunities for children, and requesting that school children be permitted to skate in the sports arena without payment of fee. The proposal was endorsed by Mayor W. J. Douville and Supt. P. L. Fjelsted, the latter pointing out that the expanded public school hockey schedule will allow little time for other users to use the arena.

Another resolution recommended to the management of the local theatres that admission fees for school and junior high school students be reduced from 50 cents to 25 cents.

Orvis Olen at Minnesota American Legion Parley

Orvis Olen, commander of Eklund-Holmstrom post of the American Legion, is leaving today for Albert Lea to attend the annual fall conference of the Legion in Albert Lea Friday and Saturday. Mrs. Arthur Berg, secretary of the local auxiliary unit, will attend the auxiliary conference, in progress at the same time.

Christmas Seal Sale to Open Here Next Monday

The annual Christmas seal sale campaign will open in this community next Monday, November 25, when letters with enclosures of seals will be mailed out to local residents, Mrs. C. M. Adkins, chairman stated today. Proceeds from the drive will be devoted to the anti tuberculosis campaign in the state and nation.

Increase Merchandise Display Room at Jay-Bee

By moving a partition, the Jay-Bee drug store this week added 18 feet to the length of its merchandise display room, and at the same time added materially to the size of its prescription department.

THANKSGIVING DAY OBSERVED NOV. 28

Business Will Come to a Halt Next Thursday

Business will come to a standstill in Thief River Falls on Thanksgiving Day next Thursday, November 28 while citizens here join with others thruout the nation in pausing to count their blessings.

Stores, banks and public offices will remain closed all day, while pupils in the public schools will enjoy a vacation from their studies on Thursday and Friday. Several local churches have arranged special services for Thanksgiving day. In accordance with custom, there will be numerous family gatherings around bounteous dinner tables, and stocks in local markets indicate that there will be no shortage of turkey or other delicacies for those who have the wherewithal.

ord Total of 1,460 r Licenses Sold Here

The record total of 1,460 game licenses was purchased by Pennington county hunters up to the dead- Monday afternoon, nty Auditor A. M. Sen- reported. The number compares with approximately 1,200 sold in 1945. In addition, 120 licenses were sold here to hunters living in Eastern Marshall county. The hunting season ends next Sunday, November 24.

The 140 members present at the meeting named E. H. Pomerenke of Goodridge and Alfred Longren to succeed themselves as members of the board of directors. Reports were given by Mr. Pomerenke of the executive committee, while Robert J. Lund secretary, submitted his report on operations.

Mr. Lund's figures showed that loans of the local association totaled $248,705 as of September 30, with total assets of $368,894 and a surplus of $28,890.

Emil Boie, former fieldman for the Production Credit corpokration of St. Paul, and now affiliated with the Central Cooperative association of South St. Paul, addressed the meeting briefly.

At the close of the afternoon lunch was served by the Concordia ladies aid of St. John's Lutheran church.

C. C. GROUP VOTES FOR ANOTHER 4-H AUCTION IN 1947

Action Follows Report by County Agent Palmer on First Beef Auction

The Civic and Commerce association at its luncheon meeting last Thursday noon in the Palm Garden Cafe adopted a motion to plan for another 4-H club livestock auction in the fall of 1947, simular to the highly successful event staged in the arena for the first time November 2.

Action followed a report by County Agent Ernest Palmer on the recent sale, which netted $20,560 and was the biggest sale of its kind conducted in any county in Minnesota this year.

It was indicated that the number of calves to be sold at auction next year would be restricted to a smaller number, and the suggestion also was made that the 1947 event be held in connection with a fall festival.

FIRE TRUCK HITS LOCAL SCHOOL BUS

Front End of Truck Is Badly Damaged

One of the two city fire trucks is out of commission after having crashed into the side of the International bus operated by the Thief River Falls school district Wednesday evening at 6 o'clock at the intersection of 4Min av. and Second st.

The fire truck was proceeding west in response to an alarm when, while crossing Main av., it hit the side of the bus, proceeding south and driven by S. A. Honebrink. A glaze of ice on the street at the time contributed to the accident.

The bus was not badly damaged and was able to make its run this morning as usual, while the fire truck will be laid up until the necessary repairs are obtained.

COUNTY FAIR ASSN. RETAINS 3 DIRECTORS

1946 Event Is Termed Success in Spite of Numerous Handicaps

Three members of the board of directors of the Pennington County Agricultural society, sponsor of the county fair, were reelected for three-year terms at the annual meting Tuesday evening. Those named were F. E. Tunberg, Harry C. Woolson and W. E. Dahlquist.

C. H. Toomey, vice president, presided over the meeting in the absence of President Frank Hardisty, and called on Secretary A. F. Berge for the financial report covering the 1946 fair.

The report revealed total receipts of $8,991.84 from operation of the fair with state aid, donations and other income bringing the total to $12,154.84. Disbursements aggregated $10,350.91, leaving a cash balance on hand of $1,803.52.

Among the principal items of receipts were: Gate, $2,804.95; grandstand, $1,561.38; concessions and carnival, $2,720.68; and automobile parking, $438. Major disbursements included $4,662.50 for entertainment; $1,489.15 for premiums; $1,050.49 for labor; and $517.42 for advertising.

Members of the association expressed gratification that gate receipts at the fair this year were nearly equal to those at the 1945 event in spite of the fact that the fair this year was handicapped by the polio epidemic and by the fact that the dates of the fair coincided with the height of the harvest season.

The setting of dates for the 1947 fair was left in the hands of the board of directors.

BEN FRANKLIN STORE REOPENS HERE ON FRIDAY

Store Completes Big Expansion Program on Its 10th Anniversary

A substantial addition to the Thief River Falls business district in the form of the greatly enlarged and modernized Ben Franklin store will open its doors to the public Friday morning, it was announced today by Emmett F. Wright, president of the Falls Variety company, owner corporation composed of local businessmen.

The store, which this year observed its tenth anniversary, occupies the main floor and basement of three buildings at the corner of LaBree av. and Third st., which have been combined into one thru extensive remodeling operations in progress since last May.

The building, with three entrances on Third st., one on the corner and one on LaBree av., has a spacious sales room 86 feet by 75 feet in dimensions, with a workroom and receiving room for parcels post and express in the rear and a freight receiving room in the basement.

Serving under Mr. Wright as manager of the store will be Ward J. Blanchette of Marshall, Minnesota, who recently completed four years of army duty as sergeant with the First allied airborne army in Europe. He had previously been employed for six years in Woolworth stores, most recently as assistant manager of the Milwaukee store, as well as having been manager of the Ben Franklin store at Valley City, N. D. for three years. Assistant manager will be Willis Wright, son of E. F. Wright.

All new fixtures of the latest type, finish in maple, have been installed in the new store along with fluorescent lighting. Among the innovations will be a phonograph record department, with a complete record and radio stock to be added late in January when the remaining necessary equipment arrives.

The local Ben Franklin store is one of more than 1,000 independent variety stores engaged in coopserative planning and buying. The stores operate under the guidance of Butler Brothers, huge wholesale establishment, whose staff of retail experts is at the service of merchants liko Mr. Wright.

Complete assortments of new variety merchandise will be on sale on the opening day, Mr. Wright stated. The staff has been busy unpacking new merchandise and adding innumerable touches to the displays so that everything will be in readiness for Friday morning. Keen interest on the part of Ben Franklin and Butler regional officials is indicated by their presence here for the opening.

Remaining to be completed are some details of the remodeling project, which was carried out under the direction of Nels G. Olson, local contractor. The work will be completed in the near future on arrival of the needed materials.

88 CARS TURKEYS LEAVE T. R. FALLS SINCE OCTOBER 1

More Than 2,600,000 Pounds Shipped out up to Monday Night

Emphasizing the leading position of the Thief River Falls community as a turkey marketing center, a total of 88 carloads or 2,610,016 pounds of dressed turkeys have been shipped from this city during the period from October 1 to November 18. Figures were not available on additional shipments made by truck during the period.

It was indicated that the major portion of the 1946 crop in this area has now been shipped, and that the movement in December will be comparatively light.

The larger birds were at a price disadvantage, big toms being quoted Tuesday on the eastern market at 38 cents a pound, compared to 55 cents per pound for hens.

News of R. R. Valley Home for the Aged

We are just finishing it seems another of those weeks that our people have been occupied with other things than making news. However we're are all in fair health and enjoying the moderate weather and the continued absence of snow and blizzards.

Rev. G. S. Thompson of this city and John Aune of Middle River called on Emil Johnson early last week and later Rev. Thompson of Viking, on business matters in connection with the liquidation of a church congregation up in the Newfolden community with which Mr. Johnson was connected officially.

Mrs. Will Gangness visited with friends here Wednesday.

And again we acknowledge with thanks the receipt through Martin Gulbranson of a supply of cut flowers after the Stewart funeral.

We are all gratefully appreciative of the visit to the home on Friday by the Daleell party with their very efficient presentation.

Mrs. Oline Sortland had as guest Tuesday her nephew Roy Wiseth of Goodridge.

Mrs. Arthur Erickson called on friends here Saturday bringing with her a sizable bouquet of cut flowers for the home.

Sever Grothe was out on a trip to his former home community near Oklee on Sunday.

Among others absent Sunday afternoon was the writer on a trip to visit with friends in Crookston.

Paying a visit to the home Sunday evening were Mrs. Marshall Kaye and Mrs. Wm. Borchert, bringing with them a generous portion of food left over from the evening session at the Trinity Lutheran church of the Circuit Teachers Institute and provided by the Trinity Ladies Aid Society. Our thanks for the visit and the gift.

Miss Inanda Hanson was the guest of Miss Carie Hoverstad Sunday afternoon. Miss Hanson together with her father Henry Hanfoll has recently moved in to the city from the Silverton township farm to make their home on property purchased last summer on eighth street East from Miss Hoverstad.

We are thankful for a sizable collection of books in the Norwegian language left by the late Knute Wetlesen and placed in the lobby recently.

Again Monday evening the home was favored with a visit by the group of talented ladies led by Miss Judith Wold presenting a program of well rendered songs and scripture meditations.

Among recent visitors have been observed Mrs. Mostue, Mrs. Nygaard, Miss Rensla, Oscar Peterson.

During the past few days our home has been favored with a number of memorial gifts and which are listed as follows.

From G. Gundersen, given by V. K. Lerohl in remembrance of T. T. Sletteveld.

From Mrs. Levi Johnson in remembrance of her mother and given by friends in Warren, Argyle and Viking.

From Mrs. O. F. Halldin given in memory of her mother, Mrs. Ohlien.

From Mr. and Mrs. Ernest Ballingrud and Mr and Mrs. Clarence Grindeland, given in memory of Mrs. Waldorf.

From Rev. D. T. Beadle given in memory of Mrs. Hahner by Mr. and Mrs. Isarvald Pederson and Kate Meyer.

From Peter and Isaac Gulland of Viking and Carlton Castle of Holt in memory of Mrs. John Haglund.

And from the Baptist church of Alvarado by Rev. R. E. Larson a supply of eggs and by Gust Wahlin a bag of potatoes. Our heart felt thanks to all givers.

Since having been made so intensely alphabet-jumble minded, it is not without concern and some misgiving we note the gradual passing of O. P. A. though it could be that it is only the prelude to the advent of some other combination as for instance a resurrected WPA. Who knows?

Tuesday afternoon we enjoyed the privilege of a brief service here at the home marking the opening of a series of services to follow in the city of a missionary conference sponsored by the Evangelical Free church, The Mission Covenant church and the First Baptist church. The service here was conducted by Rev. and Mrs. Jacobson, Rev. Lindholm our own Rev. Larson and Missionary Dorothy Sorenson of the Scandinavian missionary Alliance at present home on a furlough from her station in South Africa. Missionary Sorenson was the principal speaker and gave an interesting account of experiences in her work on the dark continent.

And then to round out Tuesday's events in our home we had the pleasure of the regular Tuesday evening visit with the Salvation army corps.

Directions for canning chicken and other meat are given in "Home Canning of Meat" USDA bulletin available at the county extension office.

Chaplains in Veterans Administration hospitals and homes conducted 45 marriage ceremonies for veteran-patients in one month.

Marshall Sheriff Race Recount to Start Soon

The only new development in the Marshall county sheriff election contest this week is the appointment of Rasmus Hage as the attorney to defend Ed. Landsverk, Argyle, who won the race by a two vote margin over O. C. Tofmer, incumbent, on the official count. The principals in the action are appointing referees to recount the vote this week and it is very probable that the counting of votes will get under way late this week or early next week.
